Pass Land Bill

Despite Bryan

New Measure Does Not Contain "Ineligible to Citizenship' Phrase and Observes Present Treaty.

If the purpose of the visit of Secretary of State Bryan to Sacramento, Cal., was to sidetrack alien land legislation at the present session and thus offset the protest made by Japan, his mission has been a failure, although the outcome may yet be an adjustment

that will satisfy Japanese objections and be acceptable to President Wil-The final conference between Secre-

tary Bryan and Governor Johnson and the members of the legislature closed Tuesday night. Within three minutes and before most of the spectators knew what had occurred, Senator Boynton, president pro tem. of the upper house, convened the senate and a substitute land bill, drafted by Attorney General Webb, which would restrict the right of aliens ineligible to citizenship under the laws of the United States to hold real property in California, was adopted as a substitute for the pending measure by unanimous viva voce vote.

Owing to the absence of Mr. Bryan, who is in San Francisco, it is the plan of the senate leaders to take no further action on the bill until Mr. Bryan returns, when it will come up in the regular course of business, and itis said undoubtedly will be passed. It will then go to the asembly and finally to the governor, who has said he will sign the measure at once.

The phrase, "ineligible to citizenship," is avoided in the bill by providing two descriptions of aliens, those eligible to citizenship and "all other aliens," and defining the rights of each. Despite this avoidance of the objectionable term "ineligible to citizenship," Dr. David Starr Jordan, president of the Leland Stanford university, and others, say the measure carries the sting of discrimination, contrary to Secretary Bryan's advice.

Attorney General Webb worked on his draft of a measure on the theory that there could be no objection to writing into the statute the specific limitations of the treaty of 1911. Under this treaty, Japanese subjects are permitted to own "houses and lands for residential purposes, factories, manufactories and ships," according to Mr. Webb. Another clause permits Japanese subjects to lease land for "residential and commercial purposes."

These are the only stipulations made, and it is the belief of the attorney general that the rights of Japanese subjects to land ownership in the United States stop at this point. Under this construction of the treaty no land can be owned or leased by a Japanese for agriculturtl purposes except what is already owned, or for any other purposes except those set forth in the agreement between the nations.

Delaware & Hudson company.

The child's mother was picking coal of them women. The latter fought on the dump, and the child followed with all the weapons of their sex and her. A loaded mine car, drawn by a were taken to police headquarters bitmule, was run over the dump, and when the car got to a slight grade the driver, it is alleged, unhitched the strike leader, Gaetano Termini, the mule and let the car travel by its own organizer of the foreign unions. impetus.

The car struck the child, knocked her to the rails and her left leg was taken off above the knee.

Rumor Says Round of Social Functions Has Broken Her Health.

There are rumors current in Washington that Mrs. William Jennings Bryan, wife of the secretary of state, has broken down in health because of the strain put upon her by the constant social functions since her arrivel in Washington.

It is said that Mrs. Bryan will seek rest in a Washington sanitarium. Inquiry at the sanitarium mentioned brought out the information that Mrs. Bryan was not there and the authorities knew of none of her plans to be accommodated there.

First Time In History Charge Has Been Made For Active Deposits.

Secretary of the Treasury McAdoo increased the government's deposits started in the Hurry-Up Transfer in the national banks by \$10,000,000, company's office in Kansas City, Mo. and announced that government depositaries must pay 2 per cent interest on all government deposits.

This is the first time in history that the government has charged interest on what are known as active deposits.

Crank Sought President.

Albert L. Wood, a tinner, of Washington, was arrested at the White House while trying to force his way into the executive offices. Wood carried a letter to President Wilson, in which he claimed he had been married to a young girl in Washington by President Taft and he wished President Wilson to investigate the mar riage.

They say that Jerry ha fallen under suspicion, however, an that he was thought to be revealing the gang's secrets to District Attorney Six strikers were arrested, three Charles S. Whitman.

None of the men caught was armed but witnesses said they had seen them throw their revolvers away, and three of the guns were found in a garbage can nearby.

James Jesto, one of the prisoners was severely beaten by the officer who caught him. The police say that "Guinea Sam," another prisoner, was under arrest two years ago in connec tion with the murder of another mem ber of the gang under similar circum stances.

Schwab Gets Big Shipyard.

It was announced officially in Quincy, Mass., that the Fore River ing a gigantic battleship, nine subma rines and two destroyers for the gov ernment, has just been sold to the Bethlehem Steel company, of which Charles M. Schwab is the head.

The Schwab interests are said to have elaborate plans on foot to en large the plant at Fore River and to increase activities there. Experts in terpret this sale as the opening gun in a steel war. They say it means that Schwab has resolved to "face it alone" in a defined attempt to smash the "billion dollar steel trust."

The Fore River plant comprises shipbuilding and engine works cover ing 110 acres of ground. The company was incorporated in 1904 as a succes sor to the Fore River Ship and En gine company, with a capitalization of \$2,400,000 common stock and an equal amount of preferred.

This makes the fourth shipbuilding plant acquired by the Bethlehem Stee corporation. Its other plants are locat ed at Wilmington, Del.; San Francisce and Elizabethport, N. J.
