Every Local Tax-Payer Should Favor It

Why any Centre county tax payer should be opposed to the State building the roads it proposes building we cannot understand. Or why any farmer who is loaded down now with local taxes,—school, poor and road,—should be opposed to having the cost of maintaining their principal thoroughfares paid by the State, is a mystery to us.

From Bellefonte to Philipsburg by way of Snow Shoe and the Moshannon. From Bellefonte to Philipsburg by way of Port Matilda and Flat Rock. From Bellefonte to Philipsburg by way of Bald Eagle Furnace and Sandy Ridge.

From Bellefonte to Lock Haven by way of Milesburg and Howard. From Bellefonte to Lock Haven by way of Zion and Hubersburg. From Bellefonte to Tyrone by way of Unionville and Port Matilda.

From Bellefonte to Lewistown by way of Center Hall and Potters Bank. From Bellefonte to State College by way of Lemont on west to the Huntingdon county line. From Old Fort down through Pennsylvania to the Union county line.

And if the measure now before the Legislature,—known as the Jones Act,—becomes a law, it will add to these already designated and accepted State high-ways, which are now, and must forever hereafter be maintained at the expense of the State, the following:

From Bellefonte, by way of Filmore and Stormstown to Warriors Mark and Tyrone. From Center Hall through Brush valley to the Union county line.

From Potters Mills by way of the Loop, to Boalsburg and State College. From Boalsburg or Lemont, by way of Pine Grove Mills, to the Huntingdon county line near Monroe Furnace, where it joins with a state road down Shaver's creek to Huntingdon.

When we remember that these roads are to be strictly State highways,—built and paid for by the State, and are to be maintained and kept in repair by the State, it is very difficult to imagine why any tax-payer, living in any township through which they pass, should be opposed to the building of them.

It is simply the State, relieving the township of the cost of keeping these highways up, and thus allowing them to reduce their millage for road purposes or to expend whatever road taxes they may levy upon the other public roads within these, and which are not scheduled as state roads.

Under the above acts every township in the county except Marion, Curtin and Burnside, will have the benefit of having their main highways maintained at the expense of the State, and these will be benefitted by the fact that they will not be taxed for bridges along these state roads that otherwise they would have to help keep up as county bridges.

Surely he must be a wonderfully blind tax-payer who cannot see where his interest lies in this matter. —You couldn't find a lobbyist in Harrisburg with a ten-thousand candlepower searchlight while an investigation is on but when the Resident Hunter's license bill was pending they were as thick in the corridors, according to rumor, "as leaves in Valambrosia."

United States District Attorney McNAB, of California, ought to have learned something from the experience of Ambassador Wilson, of Mexico, but he didn't. Come to think of it, however, some men have nothing to learn with.

As a matter of fact if the basic exemption on income taxes is reduced to \$3,000 most of us will be satisfied. It won't be much of a burden to pay on all we make above that figure. ADDITIONAL LOCAL NEWS.

HOY—BECK.—A pretty wedding took place at the home of Mr. and Mrs. John H. Beck, at Nittany, at eleven o'clock on Wednesday morning, when their daughter, Ruth Beatrice, became the bride of Mr. A. Nevin Hoy, formerly of Hubersburg but now an electrical engineer in the switch and signal department of the Pennsylvania railroad in Philadelphia.

The ceremony was performed by the Rev. J. W. Shultz, pastor of St. Marks Lutheran church at Snyderdort, the ring service being used. The bride wore a gown of white silk marquisette over white charmeuse, and was attended by her cousin, Miss Alma Walker, of Williamsport, who wore a gown of white silk poplin. The bridegroom's brother, Harold Hoy, acted as best man and Master Jack Brandt, a nephew of the bride, was ring bearer. About fifty guests were present, including relatives and members of a social club to which both the bride and bridegroom belonged.

A wedding breakfast was served immediately after the ceremony and later the happy young couple left on a short wedding trip to New York city and up the Hudson. They will reside in Philadelphia.

The couple spent last week at the home of the bride-groom's parents, Mr. and Mrs. Joseph Gardner, of Howard, and this week took up their residence in Altoona. The bride is known in Centre county as her father was pastor of the United Evangelical church at Centre Hall and later at Howard, going from there to Bellwood.

HOUSER—CLEMMENTS.—On Thursday evening of last week Edward Houser, of Bellefonte, and Miss Zella Clements, of Jacksonville, drove to Howard where they were united in marriage by Rev. M. J. Snyder, of the United Evangelical church.

OH, WHAT A MOUTH!—The Beech Creek correspondent of the Lock Haven Express contributed the following:

Reuben Ritzman, of Monument, employed as a mule driver by the Harbison-Walker Refractories company in the mines at that place, was kicked by a mule a few days ago and most painfully injured. The animal, usually courteous, left go suddenly at the rear end and a hoof took Reuben squarely on the cheek bone, driving the flesh between the teeth and causing a laceration which required four stitches to be taken by a physician inside of the month. The injury has caused Mr. Ritzman the greatest inconvenience as well as pain.

FOUR AUTOMOBILE ACCIDENTS WITHIN TWENTY-FOUR HOURS.—Time and again comment has been made on the luck which seemed to hang over Bellefonte automobile drivers, for no matter how fast some of them speeded they always escaped accident, except on a very few occasions. But the evil hand of destiny must have been abroad Saturday and Sunday in this vicinity for no less than four accidents occurred, and the result is two men are in the hospital and four cars more or less damaged.

The first victim was Edward Jodon, son of Mr. and Mrs. John Jodon, of Milesburg. He wanted to come to Bellefonte on Saturday evening and attempted to crowd on the big motor car running between Milesburg and State College. The driver told him and others to wait as he would return in half an hour. After the car started, however, Jodon jumped upon the running board. He got along alright 'til in front of John P. Harris' home on Linn street, where he attempted to jump off. He fell and the rear wheel of the car ran over his right arm, crushing the bone. He was taken to the hospital and though it was at first believed that an amputation would be necessary, it is now thought the arm can be saved.

Two of Jodon's brothers were in Bellefonte when they learned of the accident and at once went out to the hospital to see how he had fared. When they returned they started to walk across High street at the bridge when M. R. Johnson came along in his car. The latter blew his horn and William Jodon became so bewildered that he ran back and forth and finally was hit by the car and knocked down. He sustained a bad scalp wound, a cut on the nose and abrasion of the right leg, but no broken bones. He also was taken to the hospital for treatment.

Sunday afternoon L. H. Gettig started out with his family for a run up Bald Eagle valley. Over at Centre City there is a water trough, supplied with water from a cool spring and Mr. Gettig wanted a drink. He pulled to the side of the road and just as he stopped a big car from Altoona came along and side-swiped him. The right rear tire on Gettig's car was torn off but the big car had a broken lamp and the left fender torn off. Mr. Gettig did not learn the identity of the car or driver.

The same afternoon Sumner Wolf, of Howard, and ex-sheriff W. E. Hurley had a collision on the corner of Bishop and Allegheny streets. Hurley had been down the state road and when he came down Bishop street got to the left side in order to better make the turn at the corner. Mr. Wolf went down Allegheny street to go up Bishop and had his side of the street. When he saw Hurley coming on the same side of the street he evidently undertook to get around on the left side and the same thought must have floated into Hurley's mind as he also pulled over with the result that the Kline car struck him head on. Mr. Hurley's car was badly wrecked, but aside from a smashed lamp, bent fender and axle the Kline car was not seriously damaged. Of course both men are still trying to explain whose fault it was.

PROMINENT D. A. R. KILLED IN AUTO ACCIDENT.—Mrs. Charlotte J. R. Cumings, State Regent of the Pennsylvania D. A. R., was almost instantly killed in an automobile accident in Baltimore Sunday afternoon. Mrs. Cumings, whose husband, the late Senator Henry H. Cumings, of Tidouste, Warren county, died quite recently, was in Baltimore visiting her daughter. Sunday afternoon she went out with her son Ralph in his runabout and were going along at ordinary speed when something went wrong with the steering gear and before the car could be stopped it plunged across the road into a big touring car passing at the time. Mrs. Cumings was thrown with considerable force and run over by the touring car, her skull being fractured. Her daughter was following in another car and the unfortunate woman was picked up and placed in the automobile to be taken to a hospital but she died on the way. Ralph Cumings was also thrown but not severely hurt.

Mrs. Cumings was quite well known by a few Bellefonte people as well as throughout the State because of her position as State Regent of the D. A. R. She was a woman of exceptional ability and fine attainments and her untimely death is deeply lamented in all D. A. R. Chapters.

The Pennsylvania Daughters of the America Revolution have met with a sad loss in the tragic death of their State Regent, Mrs. Henry H. Cumings, of Tidouste. She was an untiring worker, and ambitious to place the state organization upon the highest standard of perfection; a worthy aim and one to meet with success if she had lived to direct her plans.

The responsibility of carrying on the state work rests upon Miss Helen E. C. Overton and the splendid corps of state officers, all of whom were faithful supporters of Mrs. Cumings' plans.

The Bellefonte Chapter D. A. R. sent a telegram and flowers to express sympathy for the bereaved family and Pennsylvania Daughters. Miss Overton has appointed Mrs. Harry Keller chairman of committee on resolutions.

J. McClellan Davis, landlord of the Garman house, has purchased the old McCamant homestead in Tyrone for \$9,250, and the Herald of that place states that he expects to move to Tyrone in the near future.

In addition to the prizes mentioned above prizes will be given to the children who represent the best Indian boy, Indian squaw, cowboy, cow girl, clown, Uncle Sam, Columbia, gypsy, any fancy dress, and gocart with a doll.

SUFFRAGETTES WANTED.—An effort is being made to have a number of the organizations of the town participate in the Fourth of July parade.

A committee has been appointed for a Woman's Suffrage contingent. All those who would desire to march under the banners of "Votes for Women," will please send their names to,

MISS ELIZABETH M. BLANCHARD, Chairman.

ELECTROCUTION NOW THE LAW.—On Thursday of last week Governor Tener signed the Hess bill making electrocution the death penalty for persons convicted of murder of the first degree on and after the date of the signing of the bill, and providing that all electrocutions shall take place in the new western penitentiary now being erected in Benner township, Centre county.

The bill provides that after a conviction the clerk of the court shall submit to the Governor a complete transcript of the record of the trial and conviction within 30 days after sentence, or, in the event of an appeal, within twenty days after the final disposal of the appeal.

The Governor will then issue his warrant to the warden of the Western penitentiary, naming the week for execution. The condemned person will then be taken to the penitentiary and placed in solitary confinement.

The only persons who will be allowed to witness any electrocution shall be a qualified physician, six reputable adult citizens selected by the warden, one spiritual adviser, when requested and selected by the convict; not more than six newspaper men and officers of the penitentiary selected by the warden.

Immediately after death a post mortem is to be made. The sum of \$50,000 is appropriated for the immediate construction of an appropriate building and its equipment as a death chamber.

PENSION APPROPRIATION BILL PASSED.—Among the bills passed finally by the State Senate on Monday were the two pension measures. One of the pension bills appropriates \$810,000 and provides a pension of \$7.50 a month for the emergency men who answered the call of the Governor of Pennsylvania in September, 1862, and June, 1863, to repel a threatened invasion of Pennsylvania by the confederate army. The bill further provides for a commission of three Civil war veterans at \$1,000 each a year and six employees. If it becomes a law the bill goes into effect December 1.

The other pension bill carries an appropriation of \$1,500,000 and all soldiers and sailors who enlisted from Pennsylvania in 1861 and were honorably discharged while serving in Pennsylvania commands in 1865, are eligible to pensions as follows: Those who served one year or less \$5 a month; one to two years, \$6 a month; and two years or more, \$7 a month. The bill becomes effective January 1 if the Governor signs it.

Suffragettes and Votes for Women.

Editor Watchman: The woman's movement is just now moving at an amazingly rapid pace, especially in England. By reference to the sacred record we safely reach some wise conclusions applicable to the cause that no one can gainsay, and from which there is no appeal.

The word "Man" everywhere in Scripture bears the significance beyond all else except Divinity. This word occurs more than three thousand times, while the words "woman" and "women" are given less than 400 times in the sacred volume. From the beginning to the end of the Bible, the word "Man" represents the entire family, so the words "woman" and "wife" are comparatively seldom mentioned. E. G., "Man is born unto trouble," Prov. 5:7; so is woman "born unto trouble," but the Book does not say so, it being unnecessary. There is always a wise and safe procedure heeding the plain apostolic teachings on this and every other important subject. See Ephesians, 5th chapter.

"Wives, submit yourselves unto your own husbands as unto the Lord." 22nd verse.

"The husband is the head of the wife even as Christ is the head of the church." 23rd verse.

"Therefore, as the church is subject unto Christ, so let the wives be to their own husbands in everything." 24th verse.

"Nevertheless, let every one of you in particular, so love his wife, even as himself; and the wife see that she reverence her husband." 33rd verse.

It goes without the saying that not a few most faithfully good housekeeping women favor universal suffrage, and the reasons they give should receive our thoughtful consideration. It is also safe to say that the majority of our best women, devotedly faithful wives and mothers, prefer and love to give undivided attention to their duties at home within the family circle, where they reign supreme. For all practical intent, their wise preference is seen in a conformity to the teachings of the word of God.

THE CHAUTAUQUA.

My boy, Jim, he needs inspirin'—there's a lot of good in Jim. But as yet there hasn't much of it been comin' out of him. So he needs some mental stirrin' that will wake him up—in fact, something broadenin' to set him thinkin' how he oughter act.

Something strengthenin' his character, to make him feeler can. And he oughter get right busy now to prove himself a man: The best ain't none too good for him, if he will only try.

So for him a season ticket I've made up my mind to buy To the Chautauqua.

My Marthy is a sweet gal, but she's silly, more or less. Bein' like most other females at her time of life, I guess; She needs something that will broaden out that mind of hers a bit. And will teach her this here world ain't just a little chunk of grit;

She needs broader education and upliftin' influence; (Without which the sweetest maiden hasn't got a lick of sense.) And now I've a chance to help her I won't let it slip, you bet. So for Marthy I will certainly another ticket get To the Chautauqua.

Why, if I could send my children to a college great and grand Where they'd have the best instructors to be found in all the land For a little old two dollars, and I didn't do it; then I would be ashamed to ever look 'em in the face again!

Yet the Chautauqua brings it to us, brings the college to our door. With the biggest brained instructors to be found from shore to shore. Will I miss it? I don't reckon! Will I let the chance go by? Just 'cause money ain't too plenty? If I do, I hope to die.

Fore the Chautauqua. Ma and me! Sh-h! That's a secret. I want that for a surprise That will set the light a-dancin' like when courtin' in her eyes; She's jest set her heart on goin' but I'm as quiet as a rat.

Actin' like it was too costly. Shucks! Two dollars—what is that To the pleasure and the good that it'll give us, one and all. Fun, instruction, entertainment! Why the price is lots too small!

If it cost us fifty dollars, long as I could raise the pile We would be there every session—so you'll see us, I should smile At the Chautauqua.
