BAD AUTOMOBILE ACCIDENT.-On Wednesday morning of last week an automobile from Altoona containing four residents of that city collided with the train on the crossing at the bridge south of the Milesburg station as it was backing down from Bellefonte on its way to Lock Haven. The party included Henry Doerr, a meat dealer; Mrs. Craig Rhoades, Mrs. Alice Williams and Miss Grace Kephart. They were on their way to Howard and whoever was driving the car was evidently going at a pretty fair rate of speed, failing to either hear or see the train until it backed onto the the crossing right in front of them. To avoid a head-on collision with the train the driver turned sharply to the left but the step of one of the coaches caught the right front wheel of the machine and hurled it into a deep ditch where it turned turtle. Two of the occupants were thrown out while the other two

were caught under the car. The train was stopped and the crew and others went to the rescue of the automobilists. At first it was thought they were critically injured and they were put on the train and brought to Bellefonte with the expectation of taking them to the hospital but when they reached here they decided otherwise and were taken to the office of Dr. Hayes where their injuries were attended to. Mr. Doerr had three fractured ribs and a badly contused side; Mrs. Williams one fractured rib and a slight laceration; Mrs. Rhoades severe scalp lacerations and a sprained ankle, and Miss Kephart slight lacerations and bruises. They were all sent to their homes in Altoona the same afternoon.

The automobile, which was a Crawford car, was badly wrecked and will have to be almost entirely rebuilt to make it serviceable. It is now at the Beezer garage awaiting the disposition of the owner.
