THINGS ABOUT TOWN AND COUNTY.

—A little girl was born Tuesday, at the Bellefonte hospital, to Mr. and Mrs. A. H. Sloop.

—A little son was born to Mr. and Mrs. Wilbur Boney, at the Bellefonte hospital, on Tuesday of last week.

—The "Has Beens" opened their camp on Fishing creek on Monday, expecting to be there for two weeks.

—Mrs. Horton S. Ray, who has been in the Bellefonte hospital the past month undergoing treatment, was taken home last Friday very much improved.

—A seven pound baby boy arrived in the home of Mr. and Mrs. William P. Kuhn, at Pittsburg, on June 27th. It was promptly named William Bahl Kuhn.

—Sig Sautelle's big circus of about thirty cars is headed this way, and will exhibit in Bellefonte on August 28. The first bill car will be here August 14th.

—Twelve more prisoners were brought from the western penitentiary at Allegheny on Tuesday and taken to the new penitentiary in Benner township.

—At the annual meeting of the school board on Monday evening all the old officers were elected for the ensuing year, but nothing else of importance was done.

—Contractor R. B. Taylor is going around on crutches, on his state road job at Claysville, owing to injuries received when his driving horse ran away ten days or two weeks ago.

—Mr. and Mrs. Thomas R. Pierpoint, of Philadelphia, announce the arrival in their home on June 27th of a nine pound daughter, who has been christened Eddythe Muriel Pierpoint.

—Word has been received this week of the serious illness of W. H. Holmes, of Wilkesburg. Mr. Holmes for many years was a resident of Bellefonte, and will be well remembered by many of its older citizens.

—Hon. J. Henry Wetzel had an attack of acute indigestion on Tuesday evening and was quite seriously ill during the following night, but yesterday he was very much better and on a fair way to recovery.

—Mrs. Margret A. Detrick, a sister of Mrs. Robert Irvin, of his place, fell in the kitchen of her home in Altoona on Tuesday and dislocated her left hip. She is seventy-five years old and the injury will doubtless keep her confined to bed for some time.

—While the space is limited this week, we still call your attention to the scenic. Some very clever pictures are being shown there right along and you miss some good amusement if you fail to attend. See the big features two and three nights a week, perhaps oftener.

—Fearing the report circulated in the newspapers several days ago, concerning the illness of Judge Ben Lindsey, might influence the public in thinking that he would be unable to keep his engagement to lecture during Chautauqua week, we have been authorized to say, that Judge Lindsey will be in Bellefonte as advertised.

—Probably the most delightful child's party of the season was that given by Mrs. Jacob Finkeltine Thursday, July 3rd, for her little daughter Bernice, in celebration of the child's fourth birthday. The home was elaborately decorated with flags and daisies and from half after six until half after eight fourteen little tots enjoying themselves as only children can, playing games and eating sweetmeats.

—At a special meeting of the Huntingdon Presbytery, held in Tyrone on Tuesday of last week, Rev. Richard Crittenden was granted a letter of dismissal to the Presbytery of Lehigh and Rev. John R. Woodcock was released from the pastorate of the church at Birmingham to accept a call from a strong church in the Presbytery of Syracuse. Rev. George E. Hawes, of Bellefonte, was selected as one of the speakers for Presbyterian day at Lakemont park, Altoona, on July 17th.

—All of last week was one of the continuously hottest periods of weather Bellefonters have experienced in some years and, notwithstanding the fact that there were frequent storms it took the hard rain of Saturday to break the spell. Since then it has been more comfortable. During Saturday's rain there was a cloud burst in the neighborhood of Julian and the high water caused two small washouts on the Bald Eagle Valley railroad so that all evening trains were from two to three hours late.

—It will not be a circus, nor a horse race or baseball game, but a good, old enjoyable church festival—under the auspices of the Ladies Aid society of the Lutheran church of Pleasant Gap. Noll's Grove is the place and the time will be Saturday evening next, July 12th. The proceeds will go into the church fund. The menu will consist of ice cream, cake, tropical fruits, watermelon and innumerable other side lines. Everybody and their friends are invited to be present on this occasion. Cranks and disorderlies will not be admitted.

FULL SESSION OF BOROUGH COUNCIL.—Every member was present at the regular meeting of borough council on Monday evening, and this doubtless accounted for the "knocks" that floated through the atmosphere. Most of the members had chips on their shoulders and not one of them was knocked off during the meeting.

James R. Hughes, of the Bellefonte Academy, was present and explaining to council that he now owned all the ground between Bishop and Logan street contiguous to the alley running from one thoroughfare to the other; and that said alley interfered with the proper grading of the grounds, asked that council declare the same vacated. He further explained that in the grading of the grounds a driveway would be put in from Bishop to Logan street which could be used as a public thoroughfare at all times. Council being undecided as to what procedure was necessary president Keller referred the matter to the Street committee for investigation and report at next meeting.

In the regular reports of standing committees the Street committee reported that in company with the borough engineer they made a tour of the town and reported a large number of new pavements needed and many repairs. The secretary was instructed to give the property owners the regular legal notice and if the same was not given prompt attention the borough will do the work and collect for the same according to the regular process of law.

Under the head of old business the Street committee reported that as a compromise settlement they recommended that the borough build a small retaining wall along the front of the Rhoads property on Linn street, so as to permit of terracing the bank, and reset the steps; the owners to build the pavement along the Water street side. The report was approved and the committee empowered to see that the work was done.

Councilman Paul D. Sheffer asked what had been done with the request of Morris & Sheffer for permission to erect hitching posts in front of their store. Mr. Keller explained that nothing had been done for the reason, probably, that objections had been made and that the street at that place was too narrow. Mr. Sheffer admitted that he knew that, that the hitching posts would doubtless be a nuisance, but they had as much right to hitching posts as any other merchant in town, and that he was going to put them up, consent or no consent. The matter caused considerable discussion, one or two members declaring that all hitching posts ought to be removed, others that they ought to be allowed only on streets of a certain width, etc. Mr. Walker finally made a proposition that the street at that place be widened by setting the curb in on both sides and made a motion that the matter be referred to the Street committee and borough engineer to get estimates on the cost of widening the street from the alley to the northern side of Morris and Sheffer's store and also through to Howard street. It was so ordered.

Isaac Underwood appeared at that time and made complaint about the overhead crossing of the siding of the Central Railroad of Pennsylvania, just west of the old Thomas residence on north Thomas street. He stated that when the railroad was built the driveway was cut down so that there was eleven feet in the clear. Since then the road has been filled up until now there is not ten feet and he is unable to get through with such machinery as grain separators, traction engines, etc. He asked that council do something to remedy the trouble, either lower the road or raise the railroad. No action was taken in the matter.

Mr. Walker called the attention of council to the fact that there was not a place in town for beast or man to get a drink. Of course he meant a public drinking fountain. While every councilman admitted the fact nothing was done in the matter.

Mr. Cherry presented the complaint of Mr. Gamble, of Gamble, Gheen & Co., that every time there was a hard rain the water from west Lamb street washed down across the railroad and flooded the grounds around and under the mill, and if something was not done to prevent it a suit for damages would be entered against the borough. Borough engineer Henry Wetzel said that he had spoken to R. B. Taylor in regard to the matter and he stated that the same sewer facilities were there now as had been before he built his siding to the coal yard. Solicitor J. Thomas Mitchell stated that to his personal knowledge the same conditions existed there during the past thirty years and in his judgment he could not see how the borough was to blame. [As a compromise remedy Mr. Gamble might be given permission—with a proviso, of course, for their removal when requested—to erect splash boards above the mill to keep the water back.—Ed.]

The Fire and Police committee reported of the roof of the public building in bad shape and they were instructed to make all necessary repairs.

Secretary Kelly reported that the siding at the Phoenix mill would have to be repaired soon if it is to be kept up, and that Col. Reynolds stated that it was up to the borough. Mr. Seibert stated that the borough was not liable for any part of the plant that wore out or rotted out, and nothing was done in the matter.

Borough solicitor J. Thomas Mitchell

reported that on July 5th he filed the answer in the equity suit brought by Gamble, Gheen & Co., against the Borough of Bellefonte to restrain defendant from removing the splash board from the Spring creek dam; and that upon the advice of the Finance committee Gettig, Bower & Zerby had been engaged as associate counsel in the case.

Notes for \$2,000, \$1,500 and \$3,000 were renewed for one year; and one for \$8,000 for four months, and bills to the amount of \$1800.10 approved when council adjourned.

—W. P. Seig, treasurer and general manager of the Bellefonte Automobile Manufacturing company, has rented the Orris house on east Linn street and will move his family here from York. Mr. and Mrs. Lewis Daggett and family will probably move into the Hastings house on Spring street.

—Tomorrow, the 12th, a festival will be held at Howard, at which "Our Boys Band," of Milesburg will furnish the music. The band has a repertoire of more than 35 musical pieces to choose from, and this, together with the fact that most of its members are youthful in age—though not in talent—will offer a rare treat, such as no one should miss. The festival will offer the usual attractions of ice cream, cake, coffee and lunch, together with amusements which need only to be seen to be appreciated, displayed as they will be under a canopy of bunting, flags and Chinese lanterns.

—The big Chautauqua tent that is coming to Bellefonte next week will have in it so much fun for the children that no parent can allow their child to miss being there. They will be taught about the birds, the stars, their own gardens, to play the games the children of Germany, Sweden and Russia play; they will be told real Indian stories, taken on "hikes" and given so many other interesting things to do, that not for one moment of the entire morning will they be idle. The best day will be when they give a little play including these games and songs learned, and the contest, where they will all take part in the "stunts." Mothers send your children, and children make every effort to get there; it is an opportunity you cannot afford to miss. A season junior Chautauqua ticket will cost \$1.00 and will admit the child to every event.

CONTRACT AWARDED FOR AUTOMOBILE FACTORY.—On Wednesday evening the contract for the erection of the main factory building for the Bellefonte Automobile Manufacturing company was awarded to Gehret & Lambert on a commission basis. The building, which will be 60x384 feet in size and two stories high, will be constructed of native limestone with a structural steel roof, hence will be almost absolutely fireproof. The company expects their charter today and if it is received work on the building will be started on Monday and it will be rushed to completion. Mr. Harbold, chief designer of the Bellefonte Six, has completed the design of the new car and just as quick as the material can be secured a demonstrating and exhibition car will be built.

The Bellefonte Six will have so many up-to-date improvements over the present day car that it is bound to be a winner.

—William Watson, a former Centre county but who has been in Williamsport for some time, came up to celebrate the Fourth but did not do it in a safe and sane way. Instead he proceeded to fill up on fighting water then went out to Garbrick's store at Coleville and made some purchases which he disputed paying for. In the controversy which followed the showcase was knocked off the counter. Watson then went to the home of his father-in-law, where his wife was staying, and demanded that she give him some money. Mr. Rossman interposed when Watson went at him rough and tumble. The result was his arrest for assault and battery. At a hearing before Squire Musser on Monday evening he was fined \$13.75 and held in \$300 bail to keep the peace for a year. Not being able to settle at the time he was taken to jail. In the meantime Mr. Garbrick had a warrant issued for Watson on the charge of malicious mischief and if he gets free on the first case he will be immediately arrested on the other.

—The venerable George S. Gray, of near Stormstown, is lying in a critical condition as the result of being struck by an automobile on Saturday evening, June 28th. Mr. Gray, who is about eighty-four years of age, was walking on the public road from his residence to the tenant house on his farm when an automobile hove in sight, running at high speed. There was a hog on the road and from the way the driver was guiding the machine Mr. Gray concluded it was his intention to run down the hog, so to be out of the danger line, as he supposed, he moved to the side of the road. True to his judgment the machine struck the hog but when it did so the driver lost control of the steering wheel and the big car swerved, darted to the side of the road and striking Mr. Gray knocked him through the fence, crushing his right hip, bruising his head and face and injuring him internally. That he was not killed outright is little short of a miracle but his condition is very grave, as he is gradually growing weaker. The automobile was owned by B. R. Thomas and was driven by Irvin Thomas.

—Frank Lia Short Company Players of New York will be at State College, Wednesday, July 16th, afternoon and evening. Afternoon performance "Pamander Ward." Evening, "The Romanes." Return trip tickets over the Bellefonte Central Railroad \$1.00, including admission to either performance. Tickets good going by all trains, returning by special after evening performance.
