DOE KILLED IN MISTAKE FOR BUCK .-On Tuesday morning the Decker hunting party of Potter township, located in Decker valley in the Seven mountains, about three miles southeast of Potters Mills, chased up a buck and a doe. They shot wards members of the Decker party the doe ran. They took their dead buck to camp then two of the men started on the trail of the doe to investigate. They did not go a mile until they came upon the dead doe lying on the ground. Some hunter had shot the deer and when he discovered it was a doe left it lie and hurriedly left that locality. A party of Somerset county hunters are encamped in that vicinity and whether it was one of them or some other person who shot

the deer is not known. The men took the deer in charge and sent a courier to Potters Mills to notify sheriff A. B. Lee. The latter with district attorney D. Paul Fortney went over to Decker valley in an automobile on Tuesday night, secured the dead deer, brought it to Bellefonte. On Wednesday morning the sheriff skinned and dressed the carcass, cut it up and sent it out to the Bellefonte hospital. The deer was in fine condition and weighed close to one hundred pounds.

In addition to the deer killed by the Decker party as mentioned above word has been received that the Gentzel party, hunting in the Green woods, have at least one buck hanging up, shot by Clarence Rhoads. Inasmuch as most of the hunting camps are located in the mountains, too far for communication, it is impossible to give any report of the number of deer killed so far, but inasmuch as there has been a tracking snow in the mountains it would not be surprising if

the hunters have been quite successful. Reports received yesterday state that the Gem hunting club of Madisonburg, encamped in the Narrows, have one deer; the Pine Grove Rod and Gun club two three pronged bucks; the Lightner crew one; the Pennsylvania Furnace party one; Charles States, of Pennsylvania Furnace, while out on the trail alone shot one; Frank Mattern, of Warriorsmark, shot one on the mountain back of Graysville and was back home in time

The Woodward club in the Pennsvalley Narrows, have one deer; William Wolfe, of Aaronsburg, on Tuesday shot three bear cubs, in Haines township; the Wingard party have a three pronged buck; the Rebersburg party one deer, thirteen years ago he sold out and reand William Smith, of Sugar Valley, tired. while crossing the mountain into Brush valley, shot a two pronged buck. Willis Rishel, in little Sugar valley, got a two hundred pound bear on Tuesday. The Mountaineer hunting club of Philipsburg, George McKay, of Philadelphia. His got a five pronged buck on Monday at Six Mile Run which it is claimed will weigh over two hundred pounds. On number of sisters. The funeral will be Tuesday William Cartwright, of Sandy Ridge, went up on the mountain alone made in the Reformed cemetery, at and shot a four pronged buck.

PENNSYLVANIA DAY AT STATE COL-LEGE.-Pennsylvania Day at State College has grown to be one of considerable importance, socially and otherwise, and last Friday was no exception to the rule. In fact the attendance was probably larger than in any former year. The exercises opened in the morning with a review of the battalion of college cadets, thirteen hundred strong, by Gen. A. J. Logan, of Pittsburgh, which was followed with a concert by the cadet military band.

At a meeting held in the auditorium Mirza Ali Kuli Kahn, the Persian Minister to the United States, was the principal speaker, and his address, delivered in pure English, is said by many to have been one of the best ever delivered at the College. Other speeches were made by Governor John K. Tener, General A. J. Logan, Hon. George B. Alter, speaker day, after a prolonged illness with tuof the House of Representatives, and Dr. Sparks.

The big attraction in the afternoon was the State-Notre Dame football Roaring Springs: Mrs. Laura Pletcher game. It was witnessed by the largest and Mrs. Maggie A. Kane, of Howard; crowd ever seen on Beaver field, and Mary, Fannie, Jane and Elmer, of Wilthough State put up a game fight she liamsport. > PLANT OF BELLEFONTE ELECTRIC COM-PANY.—On Friday of last week the deal was closed whereby the plant of the Beilefonte Electric company in this place passed into possession of the Clearfield capitalises who have secured a charter for the Moshannon Electric company, which was recently granted a franchise in Bellefonte borough, as well as charters for a number of other companies. The gentlemen are Asbury W. Lee, J. W. Wrigley and A. J. Musser, of Clearfield, and Senator Frank Fisher, of Indiana. The price paid for the Bellefonte plant was approximately \$111,000.

In the spring of 1912 the above gentlenen were granted charters for the Benner Electric company, the College Township Electric company, the Centre Hall Electric company, the Potter Electric company, the Unionville Electric company, the Eagle Electric company to operate in Union township; the Milescompany to operate in Bellefonte. > Tuesday morning's session Prof. Ellis talked on "Pestalozzian," which is a system of elementary training combining manual training with mental work. Dean Arthur B. Holmes, of State College, gave his first talk on the subject "Backward Child." The session was closed by session Dr. Holmes continued his talk on the same subject as in the morning, explaining the many conditions which might surround a child to make him backward in his studies. He may be bright mentally but retarded in his work ecause of conditions at home, an uncongenial seatmate at school or lack of confidence, either in himself or the teacher. And it is the teacher's duty to endeavor to find the cause and have it removed, if possible. Dr. Green also continued his discourse on the kind of books to read. Ralph Parlette's lecture on "The University of Hard Knocks" on Tuesday evening was interesting as well as instruc-

Wednesday morning Prof. Ellis spoke about Horace Mann, and his ideas and doctrines as to how school work should be conducted. Dr. Green talked on English Literature and Dr. Holmes on character. Wednesday afternoon Prof. Ellis discussed the relationship of the school and home and told some very interesting truths which both teachers and parents could profit by. Dr. Green closed the session with a brief talk. In the evening the Penn State quartette gave a concert and the court house was jammed to the

The exercises yesterday were exceedingly interesting and the lecture last night by Dr. Madison C. Peters was easily the best entertainment of the week. The institute will close this morning and by evening every one of the teachers will have departed for their homes

"Naw. You see, whenever paw starts

in to spank me maw gets mad, an' whenever maw threatens to spank me paw gets mad, an' they have a fierce argument, an' by the time they get . that they've forgotten what it was they were going to spank me for, anyhow."-Detroit Free Press.

Dogs and Jokes. Animals present their own aspects of humor, says Leonard Larkin in the London Strand, and the evidence is fully sufficient that some of them have a sense of humor of their own. A jackdaw certainly has, and it is a less malicious sort than that quite as certainly possessed by his cousin, the magpie and the raven; it is more human, in a word. The dog's sense of humor seems to grow blunted after puppyhood, or, rather, it changes, being overlaid by a horror of becoming ridiculous. Nothing in creation can stand a joke against itself so badly as a dog; nothing is so wretched as a dog who thinks he is being laughed at.
