Mestrezat to Tow Palmer Into Port.

Hon. A. MITCHELL PALMER, ROLAND S. MORRIS. VANCE C. McCORMICK and JAMES I. BLAKESLIE met in Washington on Tuesday and selected the Democratic candidates for Governor and United States Senate for next year. Of course their action will have to be ratified at the primary in May. But with the funds drawn from the office holders and the machinery of the Democratic organization behind them, that ought to be comparatively easy. The subsequent election of their ticket might be harder. But they don't appear to be much concerned about electing Democrats. Their ambition is to boss the organization.

Under the old order of things Democratic nominations were matters of considerable importance to the rank and file of the party. Candidates were announced some time before the date fixed for nominating and the friends of the aspirants hustled throughout the State for delegates to the convention. But nothing like that is needed now. Mr. PALMER simply calls together four or five of his most servile followers, at a point far removed from the centre of party activities, and they put up a slate. The party workers have no voice in the matter. The people have nothing to say or do about it. The nomination of candidates for the Democratic party of Pennsylvania is the prerogative of the boss.

Candor compels us to admit that they were wise in their selection of a candidate for Senator in Congress. Justice MESTREZAT enjoys every element of availability which splendid ability, a clean life and an admirable political record can convev.

But it is not likely that he would resign his seat on the bench for one in the Senate. As we suggested some weeks ago, the vast opportunities for doing good as Governor might entice him into that office. But he could achieve nothing either for himself or others in the Senate during the brief period of a single term. Obviously MESTREZAT is wanted to car-TY PALMEE.

BAILEY'-Mrs. Annie W. Bailey, wife of Dr. Frank W. Bailey, formerly of Ferguson township, died at her home in Milton last Friday morning after two month's illness with Bright's disease. Her maiden name was Annie Baldorf, and she was born in Milton on August 25th, 1870. She was married to Dr. Bailey on December 22nd, 1904, and since then has frequently visited in Ferguson township. In addition to her husband she is survived by one sister and four brothers. The funeral was held on Monday afternoon, burial being made in the Harmony cemetery at Milton.

KERN.-Mrs. Thomas Kern, widow of the late Thomas Kern, died on Friday of last week at the home of her daughter, Mrs. Harry Wolfe, near Spring Bank, after a long illness with a complication of diseases. She was seventy-two years old and her only immediate survivor is her daughter, Mrs. Wolfe. The funeral was held on Wednesday afternoon. Rev. I. D. Stover had charge of the services and was assisted by Rev. Ralph Smith. Interment was made at Greenburr.

The Christmas dinner.

In spite of the fact that the word dys-pepsia means literally bad cook, it will not be fair for many to lay the blame on the cook if they begin the Christmas Dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—let us hope so for the sake of the cook! The disease dyspepsia indicates a bad stomach, that is a weak stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hoods Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.

So well made are these imitations that many women are wondering how ong they may have been accepting these as the real aigrette.

Persons interested in the prohibition of alcoholic liquors have been keenly alive to what is going on at Washington this week. A committee of a thous picked men from all parts of the United States waited on Congress and called on the President, to urge the passage and reference of an amendment to the con-stitution of the United States, prohibiting the manufacture, sale, importation, exportation, transportation of all alcoholic liquors as a beverage. Bellefonte had one accredited representative on this committee. Dr. G. E. Hawes, pastor o the Presbyterian church, left on ton. He will speak on the subject to his congregation Sunday night.

GOVERNOR APPROVED PLANS OF DEATH dent of last Thursday contained the following item;

Governor Tener to-day approved the architect's plans for the death house at the new penitentiary near State College, Centre county, and in a short time it will be ready to receive the murderers sentenced to death since the passage of the law providing for electrocution instead of

nanging by the neck. The plans will be sent to Warden John Francies, of the penitentiary, who will at once set the liberty prisoners who are working on the new penitentiary at work on the house in which all murderers will be electrocuted.

The plans were prepared some time ago, but had to be approved by the peni-tentiary trustees and then, under the law, approved by the Governor. They are very comprehensive and call for a bu sufficient to accommodate the electrica apparatus, the death chair and room for those who will conduct and witness the executions. Only the prison officers, the jury and the representatives of the newspapers published in the county where the murder was committed, will be permitted to be in the house when the sentence of the law is carried out. The building will be completed early in the spring.

> the cause of the explosion. When the powder let go there was wild scramble among the employes, of whom there are about 1000 in the entire plant. The men in the mixing house were literally blown to pieces without a chance to escape. The detonation set fire to the debris, but the blaze was extinguished in a few

minutes. A gang of men was immediately put to work to dig the bodies from the ruins. Physicians from Gibbstown and Paulsboro, as well as those attached to the works, climbed over the debris, ready to give aid to any one who might be found alive, but all had died

The detonation threw the towns of Paulsboro and Gibbstown into the highest state of excitement. A large part of the male population of both towns are employed in the powder works, and many women and children, fearing their loved ones had been kill-

The Walkers, who left the east more than a year ago, to take up a homestead claim in southern Texas, often wondered what had become of Mrs. Walker's wedding ring. She thought she lost it while washing clothes in the basement of her old home.

When the workmen started to remodel the old Walker home on Friday they were so hampered by rats that quantities of poison was placed about the house. The men found over a hundred dead rats lying about on the floors, and on the left front foot of one was a gold band.

The band was so tightly fixed on the rat's leg that it had to be filed off. On the inside of the ring were the letters "from H. E. W. to M. E. H., Dec. 29,

Mrs. Pankhurst began a hunger and thirst strike immediately following her arrest.

Mrs. Pankhurst was driven to a hotel. She appeared very weak and immediately retired to bed, in charge of a nurse. Mrs. Pankhurst is liberated on seven days' license. She intends to proceed to London at the earliest possible moment.

The dean of the cathedral at Exeter assented at the services to a request that a prayer for Mrs. Pankhurst be recited. The congregation was accordingly invited to pray "for Mrs. Emmeline Pankhurst." This is probably the first time that the name of a convicted criminal has been given out in this manner in an English church.
