LICENSE COURT. - License court was very brief session, lasting only about a half Taylor. hour. The various applications and remonstrances were handed to the court by D. R. Foreman, clerk of the court. Attorneys James C. Furst and H. F. Moore, representing the remonstrances, asked for a rule of court to take testimony on the specific charges filed against Bellefonte hotels, which was granted. They then asked that the testimony be taken in open court. This the court refused, owing to an established precedent in Centre county of having all such testimony taken before a master and presented to the court in due and proper form. The court also insisted that this work should be done with as little delay as possible, so that the whole matter could be settled. Mr. Furst stated that nasmuch as some of their testimony would be given by State College students it would be impossible to take it between December 19th and January 5th, as said students would be home on vacation.

The attorneys for the remonstrants elected Harry Keller, notary public, to preside during the taking of testimony. Testimony was taken yesterday in the case against the Milesburg hotel and today and tomorrow the cases against the Bellefonte hotels will be heard.

Naturally the one topic of interest now is the fight being made against the granting of licenses. As early as nine o'clock yesterday morning men and women wended their way to the court house to hear the testimony of the remonstrants in the case against Kohlbecker's hotel at Milesburg. In the audience were practically all the ministers of Bellefonte, two from Centre Hall, two from Milesburg and one from Curtin. A delegation of about fifty women occupied one side of the court room while the other side was well filled with men. Harry Keller presided and the remonstrants were represented by attorneys Tuesday, December 29th and 30th; Albert Bierley testified that the hotel was sold indiscriminately and that the and 3rd.
