BOROUGH COUNCIL PROCEEDINGS.—Seven members were present at the regular meeting of borough council on Monday evening, the absentees being Brockerhoff and Cherry.

A. A. Dale Esq., and H. J. Thompson, superintendent of the State-Centre Electric company, were present and the former stated that regarding their request for permission to lay a pipe connecting their plant with Spring creek, they had examined the old pipe and found it inadequate, and asked permission of council to lay pipes on Lamb street and also across Water street to the Central Railroad of Pennsylvania property; and permission was also asked to lay a larger pipe from the plant to connect with the sewer on Lamb street for the return of the water after passing through the condenser. Mr. Dale presented the draft of a resolution and also an article of agreement in which the company binds itself to lay said pipes under directions of the Street committee, with the least possible inconvenience to travel and to put the street in as good condition as found. The matter was referred to the Street committee.

Overseer of the poor Harry Badger was present to make inquiry regarding dependent people working on the streets. Harvey Baney was also present to ask council when he was going to get his \$44 for damages claimed for injuries sustained by being dumped out of a sulky on an oiled street, and was informed that the matter was in the hands of the Street committee and borough solicitor.

A communication was received from the State-Centre Electric company regarding a change in the system of street lighting from the present plan to the magnotype system; the company further offering to take a committee of council, free of expense to them, to different towns where the magnotype system is in use to inspect same and see its advantages over other systems. The matter was referred to the Special committee.

At the meeting of council on February 2nd the State-Centre Electric company's bill was approved less five per cent. discount in accordance with what was supposed to be their terms for prompt payment, but the bill received on Monday included the discount taken off of the February bill and a statement to the effect that no discount was allowed on contracts, but only on general users rated by meters whose bills exceeded ten dollars. Council couldn't see it that way, however, and passed a motion to deduct the five per cent.

Mr. Nagney asked Supt. H. J. Thompson why the minimum rate had been raised from 75 cents to \$1.00 and was informed that that was the rate charged in the entire district. The franchise granted the company was looked up and it was found that there was nothing in it fixing a minimum rate for contract light.

Mr. Nagney, of the Fire and Police committee, reported that all the repairs and changes required at the Garman opera house had been made and the committee now believed it perfectly safe.

The Finance committee reported a balance of \$2,806.53 in the hands of the borough treasurer on March first.

Mr. Nagney made a motion that the annual appropriation of \$250 each be paid the Logan and Undine fire companies and it was so ordered.

Mr. Seibert again brought up the much needed repairs to the Phoenix pumping station and after considerable discussion the matter was referred to the Special committee with power to act.

The Finance committee reported that the board of auditors had completed their work and the report was ready to go to the printers. They also asked for the renewal of notes for \$1,000 and \$700 for six months from March 4th.

A traffic ordinance presented to council last fall having been revised in accordance with the recently passed road law, passed first reading.

The Water committee reported the meter bills for the quarter ending January first as \$578.96.

Bills to the amount of \$1,630.00 were approved and council adjourned.

The fire was discovered shortly after twelve o'clock by Mr. Noll and by the time he reached the house the entire roof was on fire. It took a few minutes to arouse the inmates and by that time the fire had advanced so rapidly that they were compelled to grab what clothes they could and get out. They were unable to save any of their furniture or belongings. The fire evidently started from a defective flue. Both the Nolls and Mr. Allen held some insurance on their property, but not near enough to cover their loss.

DOINGS IN SECOND WEEK OF COURT.—

Owing to Monday's big storm many jurors and litigants did not reach Bellefonte until almost noon so that Monday morning's session of court was a brief one. A few motions and petitions were heard and the following cases disposed of. J. M. and H. C. Bemis and W. W. Vosburg, trading as Bemis & Vosburg in their own right and for the use of E. H. Stamm and H. T. Lincoln vs. T. V. Yothers, an action in assumpsit. Continued.

William E. Shaffer vs. Joseph D. Diehl, an action in assumpsit. Settled.

D. F. Bowersox vs. D. F. Bowersox, executor of John Bowersox, deceased, an action to revive a judgment, and there being no defense a verdict was taken in favor of the plaintiff for \$8,701.62.

The first case put on trial was that of the College Township vs. Thomas M. Fishburn, an action brought by the plaintiff to recover damages paid to a man named Bohn, who had recovered damages from the township for having a coil injured in barbed wire along the road. The defendant owns the land along the south side of said road and had a new wire fence erected some time during 1908. The old barbed wire was allowed to lie on the ground between the new fence and the roadway. Mr. Bohn's coil escaped and was injured in the wire. He brought suit against the township and recovered a verdict of \$200 damages. The township subsequently settled with Bohn for \$150 less \$2.00 costs, and paid the costs of the Bohn suit, amounting to \$63.30, surveyor and witness \$15, and \$25 attorney fee, a total of \$253.30. Suit was brought against Mr. Fishburn to recover the above amount and he put up as a defense that one or more of the supervisors knew of the presence of the wire in the road and did not remove it, and that they were responsible for not keeping the road in a safe and passable condition. The jury returned a verdict of \$148 for the plaintiff subject to questions of law reserved by the court.

W. H. Roush vs. A. G. Archey, N. T. Krebs and W. A. Saucerman, administrators of etc., of H. M. Krebs, deceased. Verdict for the plaintiff in the sum of \$181.

The case of Burdine Butler vs. The Pennsylvania Railroad company, an action to recover damages for exercising their right of eminent domain and running through his farm when they built a new route of the Bald Eagle Valley railroad around Howard last summer, took up the time of the court all of Tuesday and most of Wednesday. When the railroad company surveyed the route Mr. Butler protested. When they started building the road he built a fence to keep them out and finally the company put up a bond for indemnification. In due course of time a board of viewers awarded Mr. Butler \$8,500 damages but he refused to accept the same. Later the company made an offer of \$10,000 in settlement but Mr. Butler still refused, claiming he was entitled to \$20,000 damages. Suit was brought and at the trial many witnesses were heard. Mr. Butler's witnesses estimated his damages all the way from \$12,000 to \$19,000, while witnesses for the railroad company declared the damage to the farm was anywhere from \$2,500 to \$5,000. The case went to the jury shortly after dinner on Wednesday and the same afternoon they returned a verdict for \$10,163 as follows: \$9,469 for damages to the farm; \$464 for destruction of crops, \$200 for moving barn, and \$40 for building stone tank by the company.

The case of George C. King vs. Enoch Hugg, an action in assumpsit, was tried yesterday morning. King is a real estate agent in Pittsburgh and the case was brought to recover an alleged commission of \$1,000 for disposing of some real estate for Hugg. Verdict returned in favor of the defendant.

The case of George C. King vs. Frederick Eisenhour, an action similar to the above was on trial when the WATCHMAN went to press.

Peters, of Tyrone, and Miss Lizzie Rhoads, of Port Matilda, were united in the holy bonds of matrimony. The ceremony, which took place at two o'clock, was performed by Rev. SERIOUSLY INJURED BY FALL OF SNOW AND ICE.—

Mrs. Nancy Miller was very seriously injured last Friday afternoon in a fall of snow and ice from the roof of the Bush house. She occupied two of the rooms in the wing of the house along Race street and was on an old porch in the rear hanging up some clothing to dry. A snow slide from the roof combined with a bunch of huge icicles came crashing down, knocked down a portion of the porch carrying Mrs. Miller with it to the ground. She was taken to the hospital where it was found that she had sustained a broken leg, a broken collar bone, several fractured ribs, cuts and bruises. Owing to the fact that she is not a young woman her injuries are extremely serious.

On Saturday Dr. Ezra H. Yocum was walking along Allegheny street by the Reynolds block when a huge icicle fell from the roof and as it crashed to pieces on the pavement one piece bounced against the doctor's leg. It made an ugly cut and otherwise bruised his limbs so that he had to be taken home.

On Saturday afternoon Benton D. Tate was doing some telephone repair work at Thompson's livery stable and was on a ladder about ten feet from the ground. The man who was holding the ladder walked away, the ladder slipped on the ice and Tate fell to the ground, alighting on his side and face. One rib was broken, his lip cut and his face bruised.

Mrs. Hugh Taylor Sr., is suffering with a broken arm sustained in a fall on the ice on Saturday afternoon. She had been down town and was on her way home when she slipped and fell. She realized at once that she had hurt her left arm, but not realizing how badly, came back down town to the home of her daughter, Mrs. W. D. Zerby, who summoned a physician. An examination showed that the arm was broken and the fracture was reduced. On Wednesday Mrs. Taylor and family moved into the apartments over the Trading Stamp store recently vacated by Dr. Coburn Rogers and family.

IN THE SOCIAL WHIRL.—Twenty-four young people composed a sledding party to Howard on Tuesday evening for a chicken and waffle supper at Mr. Yearick's. The party was given in honor of Miss Della Cross, who has resigned her position in Joseph & Co's store and will leave in a week or ten days for Philadelphia to take a course in manicuring and facial massage. Later she expects to take up the work at Galen Hall, Atlantic City.

Mrs. A. O. Furst entertained the Bellefonte chapter of the D. A. R. Thursday evening, it being their regular monthly business meeting.

Mrs. A. C. Heverly entertained with cards Thursday evening of last week. In consequence of it happening to be Miss Rebie Noll's birthday, she was made the guest of honor.

O. P. Bell gave a stag party at his home in Crider's Exchange Monday evening, eight of his friends composing the party.

A dinner was given by Mrs. John Porter Lyon at her home on Curtin street, Saturday evening of last week, at which Mrs. W. C. Stoddard, of Wyncote, was the honor guest.

Twenty four young people invaded the home of Mr. and Mrs. Harry Miller, on east High street, on Wednesday evening, as a surprise party for their son Edward. A big quilting party at the home of Mr. and Mrs. A. C. Grove, on Wednesday evening, proved quite a social affair for a number of Bellefonte and Spring township women. A sledding party from Bellefonte and one from near Axe Mann journeyed to Lemont last evening and had a delightful time at the homes of Mrs. Sarah Ertter and Mrs. Julia Shuey.

PROPERTY CHANGES AND MOVINGS.—Harry Eberhart purchased the David Dorman property on north Penn street and with his family will move there on April first.

James Morrison and family will move from the house they now occupy on east Lamb street to the Mrs. Hugh Taylor home on east Howard street.

Mr. and Mrs. Charles Gates, of Curtin, will move to Bellefonte and occupy one of the Zimmerman houses on east Lamb street.

The house to be vacated by James Morrison will be occupied by John Cramer and family, who will move here from Pittsburgh, as Mr. Cramer is now working in Bellefonte.

When Sheriff W. E. Hurley and family move to Jersey Shore to take charge of the hotel Mr. Hurley has leased the house they occupy on east Bishop street will be taken by Mrs. Peter Smith. Harry Schreffler and family will move into the house on east Lamb street to be vacated by Joseph Cohen and family.

J. Thomas Mitchell has leased the Jonathan Harper house on west Linn street and will occupy the same after some needed repairs are made.

The express company lobby has lost out. The Senate refused to limit the power of the Postmaster General with respect to parcels post regulations. Still, probably Senator CUMMINS earned his fee.

ENTIRE FAMILY ALMOST ASPHYXIATED.—Mr. and Mrs. Homer McKinley and two children had a miraculous escape from being asphyxiated on Tuesday night. When they retired for the night they left the stove door wider open than usual, as the night was not very cold. Along about midnight their youngest child became fretful and at the time Mrs. McKinley remarked to her husband that she smelled gas. Mr. McKinley then showed up the window a few inches and the fresh air thus admitted is what saved their lives. Mrs. McKinley awoke at her usual time on Wednesday morning but when she attempted to get out of bed she was so badly overcome with the gas that she fell to the floor. Mr. McKinley also fell down when he got out of bed, but he managed to get to the window and get the fresh air then open the door. Dressing himself he went to a neighbor's house and sought help. A physician was sent for and he found both Mrs. McKinley and the two children in a bad condition but fortunately not in a critical state. Mr. McKinley was unable to go to work that day and all of them felt the effects of the gas all of Wednesday, but by yesterday they had entirely recovered and are very thankful for their escape.

BIG HEROES, THESE.—When councilman Theodore T. Cherry read the papers on Tuesday he was considerably surprised to see what a hero he had become over night, all through the vivid imagination of a Sunbury newspaper correspondent in reporting Monday's snow and wind storm, but the purse of money alluded to was even more of a myth than the story. Following is the correspondent's story and the train referred to was the one leaving Bellefonte Monday morning with Mr. Cherry as engineer, and which, by the way, was comparatively little delayed by the storm:

Sunbury, Pa., March 2.—Railroad traffic was still badly delayed tonight as a result of the storm. The Lewisburg and Tyrone passenger train arrived here seven hours late after a battle with fifteen feet drifts. Coming through the mountains, the engine several times had to be dug out of snowbanks. The cab windows and headlight were smashed, the bell knocked off and airbrakes disabled. The engineer and fireman were presented with a purse and congratulated by the passengers for the heroism they displayed in fighting their way through the blizzard.

From the Knickerbocker Press. Uncle Joe Cannon is still boiling over with unregenerated standpatism. But nobody pays much attention to Uncle Joe any more.
