SPRING MILLS.

Samuel Wise made a business trip to Snyder county last week.

Nothing doing in politics. Evidently everything politically is frozen up or buried in snow drifts.

I hear of quite a number of contemplated improvements for our town during the coming spring.

Some of our merchants are buying, in a small way, a few spring goods. Of course its a trifle previous.

Public sales are very numerous in this neighborhood. All seem to be well attended and the stock brings good prices.

March came in this year about like a dozen lions. Some of the old folks are wondering if it will go out like a dozen lambs—perhaps.

Some of our people are making preparations for moving day. There will not be many changes in our town this year, and no scarcity of dwellings.

We have hardly gotten over the blizzard of ten days ago. The fencing scattered by the storm is still buried in snow from three to five feet deep, and huge branches of trees are observable in many fields. It still looks like winter.

James Osman, who has been track foreman here for a number of years, has been transferred to Linden Hall. We are very sorry to lose Mr. Osman, as he is a fine gentleman and a good neighbor. L. Hannley, of Glen Iron, takes his place here as foreman.

Marriage Licenses.

Howard Peters, State College, and Cora M. Rhoads, Fort Matilda.
Frank Duprez, Hawk Run, and Mary L. Combs, Phillipsburg.
Fred D. Reitz and Naomi Myers, of Boalsburg.
Charles F. Swartz and Mabel C. Uzzell, Snow Shoe.

The Latest Dance.

From the Detroit News.
The newest dance is, or was when the press started, the hazazza. It's a delightfully simple little thing. First you haz once, then you zaz twice, then you zazazza the rest of the evening.

Life Guards.

The Life Guards are two regiments of cavalry forming part of the British household troops. They are gallant soldiers, and every loyal British heart is proud of them. Not only the King's household, but yours, ours, everybody's should have its life guards. The need of them is especially great when the greatest foes of life, diseases, find allies in the very elements as colds, influenza, catarrh, the grip, and pneumonia do in the stormy month of March. The best way that we know of to guard against these diseases is to strengthen the system with Hood's Sarsaparilla—the greatest of all life guards. It removes the conditions in which these diseases make their most successful attack, gives vigor and tone to all the vital organs and functions, and imparts a genial warmth to the blood. Remember the weaker the system the greater the exposure to disease. Hood's Sarsaparilla makes the system strong.
