> BELLEFONTE FURNACE PROPERTY SOLD AT SHERIFF'S SALE.—The Bellefonte Furnace property was sold at sheriff's sale last Friday on foreclosure proceedings for \$52,000. The property included the furnace with its full equipment, the ore mines at Scotia: a valuable limestone quarry in Buffalo Run valley; several tracts of land aggregating over five hundred acres, and the ore rights on between three and four hundred acres additional.

The sale was held at the court house at one o'clock Friday afternoon. After reading a description of the property sheriff Lee announced that tax claims from Patton and Spring townships and Bellefonte borough had been filed against the same aggregating \$4,481.01, and that the property would be sold subject to said claims. Mingle, representing the Chemical Lime company, bid \$49,000. Ross made it \$50,000, Mingle \$51,000, Ross \$52,000 and the property was finally knocked down to him at the latter figure.

The Bellefonte furnace was built by the Collins brothers in 1887 and it was the building of the furnace that led to the building of the Bellefonte Central railroad. The latter was finally extended to State College and a few years ago to Pine Grove Mills. The furnace was operated quite successfully a number of years and finally passed into a new management. It had several seasons of idleness and was closed down finally about three years ago.

There was no attempt at speech making, it being merely a social political gathering. It is impossible to give an accurate statement of the number of people who went to the Brockerhoff house for the direct purpose of seeing Mr. McCormick. The WATCH-MAN reporter was there most of the time and among the crowd were noticed probably less than forty people from around through the county. Among them were George L. Goodhart, of Centre Hall; John Smith, of Spring Mills, a candidate for the postoffice at that place; A. Nevin Meyer, of Linden Hall; Howard Moore, of Howard, who also wants of be postmaster, and Col. VIII.-"Character the Basis of Credit"-Richard Steele Philipsburg This was the first contest of the kind ever held in Centre county and Prof. R. U. Wasson deserves considerable commendation for originating the contest and planning it out to such a successful issue. It is to be hoped that some way can be provided to make this contest an annual

event in Centre county. Russell Auman, the winner of the prize, is a pupil of the Rebersburg High school and, although he is lacking a few ceptionally bright young man. He is a son of Mr. and Mrs. Thomas Auman and under William C. Strack, principal of the Rebersburg High school.

While only one of the contestants could win the prize all the others deserve considerable credit for the manner in which they delivered their orations.

IT WAS THE FIRST OF APRIL. -On Wednesday morning Dr. Thomas C. VanTries came down town on his way over to the Penna. railroad depot and in front of the Bush house he espied a very nicely done up package lying on the pavement. The doctor picked it up and from the weight of it must have thought it a brick of gold, or a gold brick. In either event he proceeded to open it and found a brick all right, but it was only an ordinary brick, then the fact dawned upon him that it was the first day of April. Just because of this the doctor can hardly be blamed for dealing in gold bricks.
