BOROUGH COUNCIL INDULGES IN GREAT TALK FEST.—Borough council was in session an hour and three-quarters on Monday evening and the actual business transacted could have been done in less than half an hour. It was a great talk-fest, parliamentary rules were scattered to the four winds and questions were discussed without being brought before council in a regular way, and some were not brought at all. It was a veritable free-for-all that finally grew irksome to some of the members and they stopped long enough to listen to the reading of the bills and vote for their approval.

Eight members were present, the absentee being Dr. Brockerhoff. Clerk W. T. Kelly read the minutes of the last meeting and when president John S. Walker asked if there were any alterations or amendments Mr. Haupt, of the West ward, stated that he wanted to file a protest against the recommendations of the Water committee that the tax rate for this year be the same as last, as he thought it too high. The president told him that was a question that had nothing to do with the approval of the minutes and that he would be given a chance to be heard later, and announced the minutes approved as read.

The Street committee reported in detail the work done upon the streets and refuted a report going around town that street commissioner H. B. Kern was doing other work while being paid by the borough. When he does other work his time is taken off and in proof thereof the statement was submitted showing that in the last three weeks he was credited with having worked only 16 3-10 days when full time would have given him eighteen. While talking streets Mr. Nagney presented the request of Mrs. H. M. Bidwell that the alley back of the old Undine house be cleaned out on hand or in sight. Mr. Haupt, however, made a motion that the water rate for the ensuing year be reduced to sixty per cent. of the schedule rate, or what it was during 1912. The motion was not seconded and thus died a natural death.

President Walker named Wednesday, April 22nd, as the time for holding the water appeals.

Bills to the amount of \$1,060.55 were approved and council adjourned.

Gardner, Bellefonte; J. H. Herman, M. H. Spicher and Howard E. Wells, Pleasant Gap; A. M. Musser, State College; L. J. Dreese, Lemont; William Baumgardner, Boalsburg, and J. N. Mr. and Mrs. Warren Ross expect to remain in Florida as they have been engaged by the Centre county colonists who have taken three thousand acres of land, to spend six months there and make a start towards cultivating the land and also assist in laying out the new town of Bellefonte. did not give the desired satisfaction a new wheel could be purchased later and the same gearing could be used on it. On recommendation of the Special committee council passed a resolution authorizing the purchase and installation of the new gearing.

The Finance committee asked for the renewal of a note of \$1,000 for six months from April 7th, and a new note for \$630 to meet current bills. Both were authorized.

Mr. Cherry made report of the bad condition of the crossing over west Lamb street from the Gerberich to the Crissman residence; also that a number of boardwalks on Thomas street were in a bad condition. The matter was referred to the Street committee and borough solicitor.

President Walker then gave Mr. Haupt an opportunity to be heard, and he again entered protest against the high water rate. In support of his statement he said the auditor's report showed a balance in the water fund of over \$1,200; about \$500 rent due on the Phoenix mill property and a saving of \$600 a year by reason of dispensing with the office of borough engineer. This made \$2,300, and as it cost only \$6,100 last year to run the water department there should not be more than \$3,500 to \$3,800 needed for this year over and above what the department now has. And, in addition, he stated, the small users were paying the bulk of the tax. That they were paying about thirty cents a thousand gallons for water to six cents for those on meters. President Walker told Mr. Haupt he was wrong in his figures and clerk W. T. Kelly told him while such figures appeared on the auditor's statement as a matter of book-keeping there was no such actual amount of cash on hand or in sight. Mr. Haupt, however, made a motion that the water rate for the ensuing year be reduced to sixty per cent. of the schedule rate, or what it was during 1912. The motion was not seconded and thus died a natural death.

President Walker named Wednesday, April 22nd, as the time for holding the water appeals.

YOUNG MAN ELECTROCUTED.—Joseph Shay, of Howard, a brother of Miss Emma Shay, was electrocuted on Tuesday afternoon by coming in contact with a high tension wire of the Northumberland Gas and Electric company in the West Milton yards of the Philadelphia and Reading railroad company.

Shay in company with four companions freighted it to West Milton. While waiting their time to catch another freight Shay made a wager he could climb to the top of a tall pole which carried the charged wires. His companions tried to dissuade him but he would not heed. He climbed the pole and just as he reached the top his right shoulder came in contact with one of the wires. He swayed an instant and then his dead body dropped to the ground.

Shay was about twenty-nine years old and was a son of Mr. and Mrs. Joseph Shay, of Howard, who survive with a number of brothers and sisters. The remains were taken to Howard where the funeral will be held tomorrow.
