THINGS ABOUT TOWN AND COUNTY.

Clean-up-week for Bellefonte beginning May 4th.

A little daughter arrived in the home of Mr. and Mrs. Albert Knisely, the latter part of last week.

The United Evangelical congregation tendered their new pastor, Rev. Fulcomer, an informal reception last Friday evening.

The Bloomsburg Normal will play the Bellefonte Academy base ball, team tomorrow (Saturday) afternoon at three o'clock. Watch the bulletin board as to which field the game will be on.

The weather the past week has not been very good for trout fishing, owing to the high and muddy waters, but right in Bellefonte a number of big fellows, ranging in size from fifteen to twenty inches, have been caught on live minnow bait.

Night crawlers are playing havoc with the newly planted onion beds in Bellefonte gardens. The onions are pushed out of the ground as neat as if pulled up by hand. An application of lime and salt mixed is recommended as a good preventive.

The gold watch lost by Jacob Marks on Tuesday of last week was found by C. S. Hazel, of the Bellefonte fish hatchery. The watch was found in the street in front of the Bush house. Mr. Hazel returned the timepiece to the owner on Saturday.

If you are a lover of good fiction don't fail to read Jack London's story, "The Abysmal Brute," which begins in this issue of the WATCHMAN. It is something out of the ordinary and we know if you read the opening chapters you will follow it to the end.

The boys and girls of Bellefonte want to start in saving their pennies, as Kit Carson's Buffalo Ranch wild west show will be here on Monday, June 8th. The size of the show can be judged from the fact that it requires twelve cars to transport it.

Dr. William L. Clark, the eminent surgeon of Philadelphia, was the guest of honor and principal speaker at a meeting of the Centre county medical society held at the High school building on Wednesday evening. Following the meeting a banquet was served at the Bush house.

At a conference of English teachers held in Altoona Saturday, April 18th, held under the direction of the State Department of Public Instruction, the Bellefonte schools were represented by Miss Gertrude A. Taylor, Miss Laura T. Harrison, Jonas E. Wagner and Dr. H. F. Whiting.

The fifty head of steers and one hundred head of hogs that have been used at State College the past winter in feeding experiments have all been sold to Altoona butchers and shipped there the past week. A new lot of feeders will be purchased by the college for further experiments next winter.

The Central Pennsylvania district will celebrate the ninety-fifth anniversary of the organization of Odd Fellowship at Lewisburg today, and quite a good sized delegation of the Bellefonte Lodge will attend. A special train over the Lewisburg and Tyrone railroad will bring them home this evening.

Individual work, which is asked from every man, woman and child living in Bellefonte, for its municipal home-cleaning, during the first week of May, Plan for the work of the children, as well as the grown-ups, that they may feel an interest in this world-wide movement.

The Bellefonte High school commencement this year will be held May 31st to June 4th inclusive. The baccalaureate sermon will be preached by Rev. John Hewitt, in St. John's Episcopal church on Sunday evening, May 31st. The commencement address to the graduating class on the evening of June 4th will be delivered by Frank P. Graves, Ph. D. LL. D., professor of education in the University of Pennsylvania.

"Between Savage and Tiger" is the subject of another of George Kleine's motion pictures which will be shown at the Scenic on Wednesday evening, April 29th. Six reels, showing wild animals shot to death in the jungles of India, the burning of a ship and many remarkable and interesting features. Nothing like it has ever been produced in moving pictures. At the Scenic for one day only, matinee and evening. Prices, 10 and 15 cents.

Thirty-eight men and two women took the civil service examination, held in Bellefonte last Saturday, as applicants for the appointment as fourth class postmasters in Centre county. The above number came from Pleasant Gap, Linden Hall, Spring Mills, Coburn, Port Matilda, Julian, Snow Shoe, Howard and a few other places. As no list of the names of those taking the examination was kept by the local secretary of the commission, it is impossible to give the same for the information of our readers.

BOROUGH COUNCIL TO JOIN IN CLEAN-UP WEEK.—Bellefonte is to have its annual clean-up week beginning May 4th. During the first three days of the week everybody in Bellefonte is requested to make a general clean-up of their premises. All ashes must be removed by the resident but other rubbish, such as tin cans, old jars, etc., if put on a pile in the adjoining alley or street will be removed by the borough, as council at its regular meeting on Monday evening passed a resolution to join with the Civic committee of the Woman's club and furnish teams to haul away all such rubbish. So there will be no excuse for any person not joining in the clean-up week.

Eight members were present at the meeting on Monday evening, the absentee being president John S. Walker. Dr. J. M. Brockerhoff was chosen president pro tem and he filled the office in an admirable manner.

Hon. A. G. Morris was present and asked permission to put down a concrete crossing on Linn street from the house he formerly occupied to the one in which he now lives; said crossing to be so constructed as to be no impediment to traffic on that thoroughfare. The matter was referred to the Street committee.

Residents of east High and Wilson streets petitioned for a crossing on Wilson street, leading from the south side of east High, and also a section of pavement on Wilson street. Referred to the Street committee for investigation and report.

The Water committee reported that new meters had been put on the Garman, Brant and Haag houses and on Sebring's garage; and that other meters were being examined and repairs made where necessary.

The Finance committee asked for the renewal of a note for \$1,000 dated April 17th, which was authorized.

The Special committee reported that work had not been started on the repairs to the Phoenix mill pumping station because of a possible change in the floor, etc., but no definite action had been taken by the committee and they had no recommendations to make.

It was at this juncture in the proceedings that the Village Improvement committee told of the action of the Civic committee of the Woman's club for a clean-up week and their desire that council give them all the aid possible, which resulted in the resolution to haul away all refuse except ashes.

Chairman Harris, of the Street committee, reported that the petitions for state-aid highways on south Water and Bishop and Spring streets had been filed with the county commissioners and they had forwarded the same to the State Highway Department with their endorsement. Mr. Harris also stated that it was absolutely necessary to have a borough engineer, otherwise it would be impossible under the law to compel any property holder to repair or build a new pavement. He recommended the election of Norman K. Wright, who was willing to do the work and charge by the hour only for the actual time employed. Mr. Wright was consequently elected.

At the last meeting of council Mr. Shope stated that if council would grant him permission he would dig away the point of hill projecting into the street, adjoining his property on Thomas street, put up a nice retaining wall and build a pavement. The hill is on the property of the Thomas estate and borough solicitor J. Thomas Mitchell, for the trustees, stated that they were perfectly willing for Mr. Shope to remove the hill, and council granted him permission to do so.

Mr. Cherry complained of the stable at R. B. Taylor's coal yard on Thomas street as being a nuisance. He stated that both straw and manure were thrown in the street; that the street was made a storage place for several wagons and a large box, and that on Sunday morning the stable man turned the horses out on the street about six o'clock and raced them back and forth, cracking his whip and thereby disturbing the peace of the neighborhood. The "nuisance" was referred to the Street committee for abatement.

Mr. Naginey of the Fire and Police committee presented the request of the Logan fire company that council paper the hall of the public building. On motion the committee was instructed to have the work done.

At this juncture Mr. Seibert brought up the subject of the repairs to the Phoenix mill and what looked like developing into another talking match was promptly nipped in the bud by acting president Brockerhoff when he told the members that he would permit no discussion of any question that was not brought before council in the proper manner. If any member had a motion to make he would hear it, but otherwise there would be no discussion. Nobody made a motion and the talk ended right there.

Mr. Shope, of the Sanitary committee, reported that the lots in the rear of Thal's store on High street were piled full of rubbish of all kinds, which was not only very unsightly but unsanitary. The Street committee was instructed to notify the property owners to clean up their premises.

Mr. Naginey asked for a light on Cherry alley in the rear of Garman's opera house. The matter was referred to the Street committee.

No other business being brought before council bills to the amount of \$413.88 were approved and council adjourned.

—Mr. and Mrs. J. Thomas Mitchell went to housekeeping this week in the Harper house on west Linn street.

—The bridge inspection crew made a trip over the Lewisburg and Tyrone railroad in a special train on Tuesday and Wednesday of this week.

—The Tyrone work train was sent out to Snow Shoe on Monday evening to replace a car on the track which had jumped the rails in the vicinity of the Beech Creek bridge.

—Mrs. James R. Hughes entered the Bellefonte hospital Tuesday where she was operated Wednesday. Mrs. Hughes' condition at the present time is such as to indicate a speedy recovery.

—David Bartlett, Sr., has been housed up this week nursing a sore ankle. He was moving some freight at the Pennsylvania railroad freight depot last Saturday morning when a box fell off of the truck striking him on the ankle and fracturing the small bone. He was helped home and the fracture reduced but he has been compelled to keep pretty quiet since the accident.

—On Tuesday, May 5th, the school directors of the county will meet in convention in the court house, Bellefonte, for the purpose of electing a county superintendent of public schools to serve the ensuing term of four years. The only candidates now in the field are the present county superintendent, David O. Ethers, of State College, and Prof. R. U. Wasson, of Coburn. The school directors will also fix the salary of the superintendent.

—The weather man very considerably gave us a touch of spring from Friday until Monday, Saturday being quite warm. Monday, however, brought a hard rain and then it blew up cold, almost as if winter were still lingering in the lap of spring. Verily this is the most backward season experienced in this section in years. Only six more days and it will be the first of May, with practically no spring farm work done and very little garden made.

—Make your arrangements now for clean-up week, that nothing may interfere with your duty to Bellefonte, in freeing it of its insanitary and unsightly conditions. Beginning Monday morning, May 4th, put all rubbish from the attic, cellar, the back yard or anywhere it may have accumulated, on the street in front of your house, and it will be taken away by the collectors, when they begin their work Thursday morning. No ashes will be taken.

—On Wednesday of last week Levi H. Fullmer, a Civil war veteran seventy-seven years old, walked from Lewistown to Bellefonte, a distance of thirty-two miles, in eight hours and thirty minutes. When it is considered that Mr. Fullmer is almost an octogenarian, that the trip was over the Seven mountains and that it rained very hard all that day his feat is a rather remarkable one. His son, Jack Fullmer, who lives in Lewistown, offered to bring his father over the mountains in his automobile but the old gentleman merely smiled and said that he would "avail himself of that privilege as he grew older."

—Charles G. MacAvoy, superintendent of the Bellefonte Electric company for a number of years, left on Monday for Dansville, N. Y., where he has accepted the position of superintendent of the Dansville Gas and Electric Light company, at a good increase of salary over what he got when in Bellefonte. Dansville is a town about the size of Bellefonte but the one company controlling both the natural gas supply and the electric light and power makes it a very busy concern. Mr. MacAvoy made good in Bellefonte and we commend him to the people of Dansville as a gentleman worthy of the utmost confidence.

—Almost six hundred Bellefonters took advantage of the opportunity last Friday night to see "Quo Vadis" at the Scenic. There is no question but that this is the greatest motion picture staged and produced, and conveys a good story of Nero's reign. But while this may be the greatest, there are other motion pictures that appeal very strongly for public favor, and the best of these will be shown at the Scenic from time to time. Manager T. Clayton Brown believes that Bellefonters appreciate the best in everything, and he wants to be in the forefront in giving them the best in moving pictures. Therefore keep in touch with the Scenic at all times or you'll miss something.

—A large audience greeted The Thespians, of State College, in their annual performance at Garman's opera house last Saturday night. Their play this year, "The Innocents," was probably the best they have produced since "Popocatepetal II" a number of years ago. At that time most of the members in the cast and chorus were well known in Bellefonte, which probably accounted for the greater popularity of that play. Very few in last Saturday night's audience knew any member of The Thespians and yet the universal comment was that they gave a good and pleasing performance.

There was plenty of comedy in the play and the different musical selections had plenty of jingle and catchy phraseology. The entire cast played their parts so well that it would be unjust to all to particularize any one part. The delightful music of the orchestra was a much appreciated feature of the evening's performance. The Thespians returned to State College on a special train the same night.

BILLY SUNDAY AT STATE COLLEGE.—Winding up his seven weeks campaign in Scranton Sunday evening Billy Sunday, the noted evangelist, came to State College on Monday and gave three talks in the six hours he was there.

He arrived at Lemont on the morning train and was met there by Dr. Sparks in his automobile. About a mile from the College the road was blocked by students, compelling the driver of the car to stop. The students then tied ropes to the car and hauled it the balance of the way to the College and up in front of the main building, where Sunday was given a big ovation and a band serenade.

At 9.30 o'clock the first meeting of the day was held in the auditorium and it was crowded to the doors. Sunday talked on atheism and he soundly rapped the atheists and free thinkers for not believing things they cannot understand. "Why then," he asked, "do they believe that a black cow after eating green grass will give white milk?" Continuing Sunday said: "The world has no science outside the Bible. I started out preaching by writing a sermon on gray matter. I searched through dictionaries and encyclopedias, securing words that would make a Greek professor's mouth ache for a week and it was a fizzle. Then I loaded my gospel gun up with dynamite, old nails, barbed wire and tin cans, screwed on the end, fired it off and the bunch is running yet, amid yells and flying feathers."

At one o'clock Sunday delivered a talk to the general public in the old chapel and at three o'clock he gave a talk to men only in the auditorium. During Mr. Sunday's morning talk he made a plea for the college Y. M. C. A., and took up a collection for the benefit of that institution. And just to show that he meant business he put twenty-five dollars in the hat and Rhodeaver put in a like amount. The total amount raised was \$1,123. Sunday did not receive one cent for his talks at the College outside his traveling expenses. During his afternoon meeting four hundred students marched to the front and pledged themselves to a better life. When Sunday left the College in an automobile to go to the train at Lemont the students lined up on each side of the main driveway and cheered him good-bye.

Sunday was in Bellefonte about fifteen minutes, waiting on the train west on the Bald Eagle. He did not leave the depot but many people went there to see him and shake his hand. He expressed particular interest in Bellefonte as being the birthplace of John Montgomery Ward, the famous ex-baseball player, whom Sunday knows very well, and he made various inquiries about him and his antecedents. From here Sunday went direct to his home at Winona Lake, Ind.

CLEAN-UP WEEK PROCLAMATION.—Urging upon the community individual effort in the campaign for a cleaner town, Burgess Blanchard this week issued the following proclamation on "Clean-up Week," which starts Monday, May 4th.

PROCLAMATION.

To the Citizens of Bellefonte: The third annual "Clean-up Week" for a spick-and-span Bellefonte begins on Monday, May 4th. The committee in charge of the "Clean-up Week" campaign, with the able assistance of the Council, has urged upon you in many ways the necessity of giving your full share of co-operation toward the success of this undertaking. Let not the appeal go unheeded. Every citizen should make it his duty during this week to clean up his property, both inside and outside; to join with spirit and determination in the crusade against dirt and filth and to work ungrudgingly for a healthier, safer and brighter Bellefonte.

Gather together such articles as old beds and bedding, mattresses, discarded pieces of furniture, broken dishes and crockery, paper, bottles, rags, cans, etc., and put them in such condition that they can be easily loaded into wagons by the collector. Those things have little or no value to you and their continued presence in obscure corners of the house only serves the purpose of affording a breeding place for common disease carriers or of increasing your fire risk.

Likewise clean up the filth and trash on vacant lots and help to eliminate by preventive methods the most persistent of summer pests, the fly and the mosquito. All the town asks of its citizens now is a little individual effort, a concentrated effort on the part of all toward the bringing about of better living conditions.

Let us take this opportunity of showing our sincerity and civic pride and enter enthusiastically into the campaign for a cleaner town. Let it be a real pleasure to clean up the house from top to bottom, the yard, the alley, the vacant lot and all other places where insanitary and otherwise dangerous conditions exist, realizing, as we must, the enormous advantage to be gained. Let us beautify by planting flowers in the back yard and in the porch boxes and sow grass seed on the places that are now barren. Let us make Bellefonte spick and span and earn the right to the title, "Pennsylvania's Cleanest Town."

EDMUND BLANCHARD, Burgess.

NAVAL RECRUITING STATION IN BELLEFONTE.—A naval recruiting station will be opened in the vacant room in the Aiken block on Allegheny street next Monday, April 27th. W. F. Gore will be the man in charge and the station will be kept open until May 30th or longer. Any young man desirous of entering the United States navy can make application in person at the above recruiting station.

HIGH SCHOOL ALUMNI MEETING.—An important meeting of the High school alumni association will be held in the directors' room at the High school this Friday evening, April 24th, at 7.30 o'clock. All members are urged to attend.

EDWARD L. GATES, President.

—This is the day for the sheriff's sale of eight mules and all of the personal property of the Bellefonte Furnace company at Scotia. To-morrow the personal property at the furnace plant will be sold.

Mr. Sprague, who has been living at Port Arthur, Texas, was obliged to come north on account of his health, and will be with his parents for the greater part of the summer. Mr. Pierce, after a visit of several days, left for his home at Olean, N. Y.

—Miss Ella Rhone, Miss Helen Woods and a mutual friend, all of California, but members of a party just returned from Europe, arrived in Boalsburg the after part of last week, expecting to spend the summer in Centre county. Miss Sallie Keller, who accompanied her niece, Miss Rhone, to Boalsburg Saturday, has been in Wilmington for the winter with her sister, Mrs. Hall.

—The April meeting of the Woman's Club of Bellefonte, will be held Monday evening, April 27th, in the directors room of the High school building. After disposing of the business, Miss Mary Blanchard will have charge of the meeting, the topic for the evening being "Civic Conditions," and in view of the coming clean-up week, there will be much to discuss. All members of the Club are urged to be present, for it is necessary that our women become interested in this work, else we cannot hope for co-operation from those outside the Club.

—A District meeting of the Woman's Foreign Missionary society will be held in the Methodist church of this place, beginning Thursday afternoon at two o'clock April 30th. Miss Susan Lodge, district president, will address the convention in the evening at 7.30. Miss C. M. Purdy, missionary to Mexico, will be among those present and will take part. Everybody is invited to attend.

—Lewisburg's noted florist, who furnished such a fine display, and gave such general satisfaction to flower and potted plant buyers during the Easter term, has secured the Crider room on the High street corner of the Diamond, and will open another display of flowers, potted vegetable plants, on the morning of the 5th of May and continue the sale from that date until the evening of Decoration day. This will afford the people of Bellefonte and vicinity a great opportunity to secure the flowers and plants they will want for Decoration day and we would advise every one to go and see the display whether they desire to purchase or not. 59-18-2t
