

# Democratic Watchman

Bellefonte, Pa., May 8, 1914.

## Sugar Cane.

Sugar cane is a species of grass. The stalks or canes resemble corn stalks of regions further north. Great quantities of cane are grown in Louisiana and other southern states. As the canes approach maturity they throw out a long smooth hollow joint termed the arrow. As the joints ripen the leaves wither and fall away with the stem. The juice is extracted by being pressed in a sugar mill between several heavy rollers. The juice is forced out by pressure and is immediately boiled down to prevent fermentation.

## Had No Use for Water.

Robert Browning's father did not believe in drinking undiluted water. Browning used to tell a story of his father's indignation when he once asked him for a glass of water. "Water, Robert!" he exclaimed. "For washing purposes, I believe, it is often employed, and for navigable canals I admit it to be indispensable, but for drinking, Robert, God never intended it."

## Dancing Always Popular.

In the very far east Confucius, who lived nearly 600 years before Christ, mentions the dancing of warriors and of the outcast women. In the ancient Japanese scrolls constant pictures appear of dancing girls and warriors. And in Phoenicia and Luceania, Sparta and ancient Greece always we find that dancing was a part of the life of the people, just as it is today.

About the First Public Library. Thebes, in the time of Rameses II., established and supported the first public library, and the records of the monuments show that its director was a high official named Amen-em-an. He appears also to have been a literary light, and corresponded with Pentataurot, who was the popular author of the "best sellers" of his time.

Diamonds Worth \$5,000,000,000. The production of diamonds from the earliest times to the present day amounts to over 28 tons, or over \$1,000,000,000 in value, uncut. Their value cut and mounted is almost \$5,000,000,000. A box three feet high, six feet wide and eight feet long would contain them. Nearly all diamonds of the present day come from South Africa.

## Undoubtedly a Tip.

"Was it a genuine tip Rawson gave you on the stock market?" "I guess it was; it made me lose my balance."

A simple leak has sunk some of the stoutest ships that ever sailed. When a ship springs a leak, it is no good to crowd on more sail and hope to escape. The first thing to do is to find the leak, and then to stop it. It is the leakage of health which ruins many a splendid woman. It's no good in such a case to take tonics and stimulants. The first thing to do is to locate the leak, the next thing is to stop it. There is a constant leakage of health in every woman who suffers from disease or derangement of the delicate womanly organs, such as unhealthy drains, inflammation, ulceration and female weakness. This leakage can be stopped by the use of Dr. Pierce's Favorite Prescription. Over half a million women have testified to the wonderful restorative power of this medicine. Sick women can consult Dr. Pierce free. All correspondence confidential. Address Dr. V. M. Pierce, Buffalo, N. Y.

## Hood's Sarsaparilla.

## Loss of Appetite

MOST SUCCESSFULLY TREATED BY TAKING HOOD'S SARSAPARILLA.

Loss of appetite is accompanied by loss of vitality, which is serious. It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what is absolutely necessary for the proper performance of their functions. Hood's Sarsaparilla, the old reliable all-year-round medicine, is especially useful in the spring. Get it from your druggist. By purifying and enriching the blood and giving vitality, vigor and tone, it is wonderfully successful in the treatment of loss of appetite and the other ailments that are so prevalent at this time. It is not simply a spring medicine—it is much more than that—but it is the best spring medicine. Hood's Sarsaparilla makes the rich red blood that the stomach and other digestive organs need. Get it today. 59-12

We are still handling the fine German Kraut. In order to meet the demand for small quantity, we have some packed in half-gallon Mason Jars at 25c a jar.

## SECHLER & COMPANY,

Bush House Block, 57-1 Bellefonte, Pa.

## BIG LAND OPENING.

## BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, canteloupes, water melons, corn, oats, cotton, hay—in fact, all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans. Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to a land of plenty, to which, if granted, you will hold a warranty deed and abstract. The best security on earth is the earth itself, and land is the basis of all wealth. Owners of productive lands are benefiting by the increasing high cost of living, while others are suffering from it.

## An Opportunity to Secure Rich Productive Land Without Capital.

You will not be required to leave your present surroundings now. All we ask of those who want tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to \$1,268.45, and that one acre of well-cared for paper shell pecans, in full bearing, should net its owner as high as \$500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Burlington and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

**OUR AIM IS FOR MUTUALLY BENEFICIAL RESULTS**

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening, similar to those of the

Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres, and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will cheerfully be permitted and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown anyone. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With the ever-increasing population of this country there is no corresponding increase in the era of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe to-day are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

SOUTHERN GEORGIA RAILROAD-LAND DEVELOPMENT BUREAU,  
COLORADO BUILDING, WASHINGTON, D. C.

Southern Georgia Railroad-Land Development Bureau,  
Washington, D. C.

Registration Department:

I hereby make application to register for your Fruit and Agricultural Railroad-Land Opening, and furnish you with the correct answers to the following questions:

Name.....City.....

State.....Street or R. F. D. No.....

Age.....Married or Single.....Widow, Widower, or Orphan.....Occupation.....

Nationality.....Do you now own over ten acres of land in the United States?.....  
If my application for registration is accepted, please send me, without obligation, further and complete information and particulars, including maps of the land, showing its exact location on the Atlanta, Birmingham and Atlantic Railroad, its transportation facilities, agricultural, fruit and nut-growing possibilities, etc. Very truly yours, Signature.....
