Marvel and that of the doctor's property This will be good news to the threshermen of Centre county and the number of others who operate traction engines.

To correct the complained of condition State Highway Commissioner Bigelow deems it advisable to suspend, for the time being Rule No. 3, governing the operations of these machines so that those owning traction engines of over one hundred inches in width, used for agricultural purposes, may have them registered. Threshers, balers or water tanks are

not considered trailers and never have been. No registration fee is required to be paid for them.

The ordinary wear and tear of a traction engine used for agricultural purposes on a public road is not and can not such a way as to make the owner of the

engine liable for the damages. In order that no one may be put to a hardship, owners of traction engines, equipped with cleats other than those prescribed by law, will be permitted now to operate such engines during this year, with a view to having the next Legislature modify the law. In fact it is the opinion of Commissioner Bigelow that the law should be so amended as to make a distinction between the farmers' traction engines and the big, heavy tractor used for hauling freight and heavy loads. No one is required to swear or to make affidavit to anything except to the facts Moose. set forth in the application, but all are required to agree to abide by the rules and regulations as established by the Highway Commissioner.

But until that is done the State Highway Department is liable for the up-keep of all roads and bridges in Centre county taken over by the State and the county is absolved from any liability for damages because of a faulty road or an unsafe bridge.

KILLED ON THE RAILROAD .- An unknown foreigner, presumably a Hungarian, was struck by a freight train near Unionville, on Sunday afternoon, and so badly injured that he died in the Bellefonte hospital on Monday morning. The man was walking on the track and evidently did not hear the approach of the train. He was struck and knocked some distance. One leg was badly crushed, his skull fractured, and other injuries sustained. He was brought to Bellefonte by a special engine and caboose and taken to the hospital but he never regained consciousness and died at five o'clock Monday morning. There was nothing on the man to tell who he was or where he was from, and he was also a stranger in that community.

The man was five feet, eight inches in height and weighed 160 pounds. He was fairly well dressed, his coat bearing the trademark of Leopold & Begley, 1123 Eleventh avenue, Altoona.
