

The New Woman in Japan. A certain advanced set of women in Japan have as their organ a woman's paper entitled the "Blue Stocking," or the Japanese equivalent for that name.

Prince's Heaps of Names. Prince Albert, the king's second son, who has been visiting the Colonial possessions as a cadet on board the "Cumberland," has a reputation for an innocent sort of smartness which he fully maintained at Barbadoes.

Early Parcels Post. As long ago as the seventeenth century the attempt was made to prepay letters by using stamps. In 1653 Paris tried a system that even provided pillar boxes for the letters, which were to have a billet, price 1 sol, attached to the letter or parcel.

Possibly Related to King Cole. Alfonso of Spain seems to get more genuine amusement out of his job than most other living monarchs, notwithstanding the fact that an uncomfortable large part of his time is spent in dodging the assassin's bullet.

Teaching Bobby. The whole family had been patiently trying to teach three-year-old Bobby to be polite, and particularly to say "No, thank you."

Few Immigrants to South Africa. The official year book of the South African customs statistical bureau shows that, among Europeans, the excess of arrivals over departures from the union amounted to about five hundred persons.

Cause of "Cracks." The tissues of the body have more salts than are usually found in fresh water. When you have more salt on one side of an animal membrane than on the other, nature tries to equalize the amount on both sides.

Made Tomb for Queen Bee. Elden Harriman made a strange discovery this spring when he opened a hive of bees. The queen bee had died in the winter and the other bees stood her up straight on the bottom of the hive and built a little wall of their wax around her, after which they left the hive.

Their Sense of Humor. "Why," asks Gertrude Atherton, "should a woman murder her husband?" It's a difficult question, Gertrude, but our own personal guess is that most of them are actuated by a desire to exploit the delicious fund of humor they possess.

Other Things. There is too much of a general inclination to sniff or to speak disparagingly of the rolling stone. The rolling stone knows in the heart of him that there are other worth-while things in the world besides moss. He is happy in that he can do his work and have his fun at the same time.

To Set Colors. For lavender, use one tablespoonful sugar of lead to one gallon of water; for blue, one-half cup of vinegar to one gallon of water; for black or pink, two cups of salt to one gallon of water.

PURITAN AND THE SABBATH

Observance of Day of Rest Undoubtedly Necessary to the Nation's Well Being.

All forward looking minds must feel some apprehension for the mental, moral and especially the physical well being of the American people, as they see how the Sabbath is more and more given over to business and pleasure.

A revival of puritanic sabbatarianism would greatly benefit this land of ours. Modern civilization would, of course, make the old sabbath quiet, much different than it was in the primitive communities of three generations ago, but we are noisy about many needless things, sports that do not rest, amusements that do not recreate, business that does not yield a permanent profit.

GET SUGAR FROM SAWDUST

Chemically Prepared Material Found by Scientists to Be Valuable Food for Animals.

In the course of a paper read before the London Royal Society of Arts, A. Zimmerman described a process by which sugar might be manufactured from sawdust.

In its natural state, he pointed out, says London Tit-Bits, wood contains no sugar, but when subjected in closed retorts to digestion with a weak sulphurous acid solution under pressure of six to seven atmospheres a very remarkable transmutation takes place, as much as 25 per cent. of the material being converted into sugar.

Draft horses in whose daily ration four pounds of "cacchulose-molasses" were substituted for four pounds of oats were kept under observation for seven months and were all found to have increased in weight, while a colt which was in so weak a condition that veterinary surgeons advised its destruction put on 260 pounds in six months and is now in excellent condition.

Then He Didn't Want Them. Dejectedly twirling his thumbs the clerk sat in the box office of the Frivolity theater. A depressing air of failure hung over the theater, and it looked as though the piece would have to be withdrawn very shortly.

"Have you got seven seats in the middle of the second row for tonight?" asked paterfamilias. The box office man made a pretense of examining the plan of seats.

Diagnosis by Electricity. For the benefit of the nervous cases that come to the doctor, it has been asserted by Scripture that it is just as necessary to know how emotional they are as it is to know how high the temperature is in a case of fever.

In Wrong. Jackson—Bunker has got himself into a nice fix. Johnson—How? Jackson—He wrote an article on "The Ideal Wife" for a ladies' paper last month.

Other Things. Jackson—Well, what's that to do with his present fix? Johnson—Somebody told his wife about it, and she's been reading the thing over during the past two days, trying to discover a single trait wherein his ideal resembles her.

To Set Colors. Jackson—Somebody told his wife about it, and she's been reading the thing over during the past two days, trying to discover a single trait wherein his ideal resembles her.

Somewhat Chary of Praise.

The mountaineers of Virginia and Tennessee are notoriously chary of praise. Miss Babbitt, the social worker who came down from the north, established a mission among the "covites," and labored with them, found the people hard to get along with and said so.

The Family Horse. A family horse never seems to be going anywhere in particular until it is going home.—From the Maryville Tribune.

There are a great many medicines which will act on the bowels and liver with satisfactory results for the time being. Those who buy and use such medicines, without caring for more than immediate results are very apt to find themselves at last the victims of a medicine which has broken down their strength.

Don't Be Misled BELLEFONTE CITIZENS SHOULD READ AND HEED THIS ADVICE. Kidney trouble is dangerous and often fatal. Don't experiment with something new and untried.

Use a tested kidney remedy. Begin with Doan's Kidney Pills. Used in kidney troubles 50 years. Recommended here and everywhere.

A Bellefonte citizen's statement forms convincing proof. It's local testimony—it can be investigated.

Mrs. Elizabeth Shultz, 118 W. Lamb St., Bellefonte, says: "One of the family strained his back while unloading a car some years ago and he was down in bed, unable to do anything. He had such severe pains across the small of his back that he often cried. He had dizzy spells and often everything turned black before him. We knew that Doan's Kidney Pills were the best thing for his disordered kidneys and we got a box for him at Green's Pharmacy Co. Before he had taken all of them, he was cured."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shultz recommends. Foster-Milburn Co., Props., Buffalo, N. Y. 59-28
