Obviously General VILLA is preparing for another revolution in Mexico but he is not correctly reading the signs of the times. Revolution against a government recognized by the United States and all other civilized governments will not have as easy a road to run as that against one which was founded upon murder and maintained by fraud.

ADDITIONAL LOCAL NEWS.

STONED AUTOMOBILISTS.—On Sunday evening W. Harrison Walker Esq., and Harry E. Fenlon took a run down Nittany valley in the former's car. They were returning about 8.45 o'clock and when at a point near the school house this side of Solomon Peck's residence some boy or man threw a stone from the rear which passed diagonally between Mr. Walker and Mr. Fenlon and crashed through the glass of the windshield. Mr. Walker stopped his car as soon as possible and backed to where the stone was thrown but could not see anyone about or running away. Inquiry was made at a house nearby but all the children belonging there were in the house and the man had seen no stranger in that neighborhood. Throwing stones at automobilists is a very dangerous pastime. Had the stone that was thrown Sunday evening been six inches to the left it would have hit Mr. Walker on the head, might have knocked him out for a few seconds causing him to lose control of his car and a bad accident might have been the result. Such stone throwers should be severely dealt with according to law.

FIRE AT COLEVILLE.—The large frame house on the old Humes farm at Coleville, now owned by the American Lime and Stone company, was totally destroyed by fire on Wednesday night. The house had been occupied by Mr. and Mrs. Angelo Zapeto and a number of other Italians and it is alleged the fire started from burning brush in the yard, the flames first communicating to an oak kitchen and from there to the house. The inmates succeeded in saving most of their furniture. Several chickens in a coop close to the oak kitchen were burned and this fact with the destruction of a small part of her furniture caused Mrs. Zapeto to become frantic and twice she attempted to enter the house when it was entirely enveloped in flames. The woman screamed and tore at her hair and it took her husband and several others some time to even partially pacify her. The Italians had no insurance on the contents of the house and it is hardly probable the house was insured. The fire occurred between nine and ten o'clock and many Bellefonters went out in automobiles to see it.

FIRE AT STATE COLLEGE.—About eight o'clock on Sunday morning fire broke out in the Melvin Sauers home at State College and owing to a mistake in the signals when sounding a fire alarm the fire company did not arrive on the scene as promptly as possible with the result that the house was burned to the ground, and the adjoining house occupied by William Baird and family was partially destroyed. All the furniture in both houses was saved. Mr. Sauers carried \$1,500 insurance but his loss in excess of that will be one thousand dollars. Mr. Baird's insurance of \$2,000 entirely covers his loss. The fire originated from a defective flue, it is believed.

FOR FEDERAL BUILDINGS.—On Friday last week Secretary of the Treasury McAdoo sent to Congress an estimate of his department for new buildings and asked that the same be included in the general deficiency bill. Included in the list were the following: State College site and commencement, \$15,685; Tyrone site, \$24,000; Lock Haven site and commencement, \$16,500; Hollidaysburg site and commencement, \$12,500.

BAILEY.—Following a stroke of apoplexy which he sustained at eleven o'clock on Saturday night Samuel H. Bailey, a well known resident of Boalsburg, died at 5.30 o'clock on Sunday morning. He had been in good health up until the fatal stroke.

Deceased was a son of John and Nancy Bailey and was born at Rock Springs on December 23rd, 1839, hence at his death was 74 years, 6 months and 27 days old. His early life was spent on the farm and in attending public school and when he reached man's estate he embarked in farming for himself, an occupation he followed all his life until his retirement a few years ago. He was quite successful in his life's work and was always a progressive citizen in the community in which he lived. He was prominently identified with the Grange and was a member of the Masonic organization and the Knights of Malta. Since early manhood he was a member of the Presbyterian church and was always a faithful worker and a liberal contributor. In politics he was staunchly Republican, though he never sought political preferment for himself.

Mr. Bailey was a noted hunter and every season for years he traveled the Tussey mountain in quest of deer, and it was almost sure death to the animal that came within range of his unerring aim. He killed his last deer, a fine six-pronged buck, during the season of 1912.

Mr. Bailey was united in marriage to Miss Rachael Krebs who preceded him to the grave five years ago. Surviving him, however, are the following children: Harry, at home; Mrs. Robert McCrea, of Bellevue, Allegheny county; Mrs. Keller Mothersbaugh, of Williamsport, and Robert, of Boalsburg. He also leaves the following brothers and sisters: Armstrong Bailey, of Cruse City, Oregon; G. W. Bailey, of Downs, Kan.; Warren, of Springfield, Ill.; Mrs. Mary Hewitt, of Kansas City, Mo.; and Mrs. Esther Gregory, of Neff's Mills.

Funeral services were held at his late home at ten o'clock on Wednesday morning by his pastor, Rev. W. K. Harnish, after which burial was made in the Boalsburg cemetery.

LOUGHREY.—Edward Loughrey, a former well known resident of Bellefonte, died on Friday morning at his home in Snyder township, Blair county. About six weeks ago he underwent an operation for the removal of gall stones and while he appeared to be getting along all right complications set in on Wednesday of last week and his death ensued in forty-eight hours.

Deceased was born in County Galway, Ireland, on May 10th, 1842, hence at his death was 72 years, 2 months and 7 days old. When a young man he came to this country and shortly afterwards located in Bellefonte. He went to work for the old Snow Shoe railroad company and later was made track foreman on the Bald Eagle Valley railroad with headquarters at Bald Eagle, a position he filled with great efficiency until advancing years compelled him to relinquish the work. Of late years he had been caretaker and gardener at Stevens' park, Tyrone.

Mr. Loughrey was a devout member of the Catholic church, in politics a staunch Democrat, and a most agreeable gentleman in every way. Surviving him are his wife and three sons, namely: Edward, of Pittcairn; John and Francis at home. He also leaves one brother, John Loughrey, in Ireland. Funeral services were held in St. Matthew's Catholic church, Tyrone, at 6.45 o'clock on Monday morning and the remains were brought to Bellefonte on the 9.35 o'clock train the same morning and taken to the Catholic cemetery for interment.

ROYER.—Benjamin Franklin Royer, a well known resident of Millheim, died on Monday afternoon after a brief illness with heart failure. He was a son of Henry and Julia Royer, deceased, and was 65 years, 4 months and 16 days old. He leaves one brother and two sisters, namely: George Royer, Mrs. Susan Cummings and Mrs. Jane Walizer, all of Millheim. The funeral was held yesterday morning, burial being made in the Millheim cemetery.

DEATH FOLLOWS FALL FROM SCAFFOLD.—George Andrews, a colored hod carrier at work on the new stock judging building at State College, fell from a scaffold thirty feet to the ground, shortly before noon on Wednesday, sustaining injuries which resulted in his death at the Bellefonte hospital the same afternoon. Andrews carried a hod of bricks up onto the scaffold and was in the act of stepping onto the ladder to descend when he lost his balance and toppled over. He fell upon a brick wall, fracturing his skull, breaking several ribs and sustaining internal injuries. He was brought to the hospital on the noon train but died about three o'clock.

Andrews' home is in Philadelphia. He was about thirty-five years old, a widower with one daughter. The remains were prepared for shipment to Philadelphia by funeral director F. E. Nagney. This was the first fatal accident to happen a workman on the college buildings.

Reuben Iddings, a son of Philip Iddings, of Fleming, recently submitted to an operation at the Altoona hospital for the removal of an abscess from the pit of his left lung. The operation was so successful that the young man's recovery is anticipated.

NEW TELEPHONE SERVICE ESTABLISHED.—The United Telephone and Telegraph company switched onto their new service on Saturday and now have a system as up-to-date and modern as any in the country. The new offices are on the third floor of Temple Court, from the front to the rear of the building along the alley. The switch board is in the rear room and it is a model of neatness and consolidation. It has space for three operators and is equipped with the signal light system, as well as automatic signals which tell when a subscriber is through talking and has hung up the phone. In fact all the latest patents and devices possible.

The second room will be occupied by the wire chief and contains a testing plant for all lines. The third room from the rear will be used as a work room and the front room is the general business office of the company where superintendent Witmer Smith reigns supreme. There is still considerable work to do in the shape of finishing touches, but so far as the service is concerned all a subscriber need do now is lift the receiver from the hook and put in the call.

The new equipment was furnished by the Garford Manufacturing company, of Elyria, Ohio, and is all in hard wood and dark metal, so that it will not be easily defaced or tarnished. A few changes are yet to be made on outside lines but when these are completed the Bellefonte plant of the United Telephone and Telegraph company will be as good as any in the country.

MANY NEW ACTS WITH ROBBINS CIRCUS THIS YEAR.—All new but the name, the Frank A. Robbins All Feature Show, one of the best known circuses on the road today, having been under the same management for thirty-four years, will visit Bellefonte this year on Monday, August 3rd. Following his usual custom Mr. Robbins has scoured the country for the best available acts, and will have a number of stars of the circus world with him when he comes here. Charbino and DeCastolo, whose head balancing and upside down acts are unequalled; the famous Robbins' performing elephants, the most graceful and best bareback riders of the country; a famous troupe of aerialists; a group of wire walkers, acrobats with few equals; performing and statue ponies; beautiful high school horses and other animal performers make a list of stars which briefly tell of the real attractions of the show. There will be a score of fun provoking clowns, a splendid menagerie, and other attractions to entertain the spectators. The show gives two performances daily, one at 2 o'clock and the other at 8. Doors open one hour earlier, and a band concert precedes each regular show.

The free street parade takes place at 10 o'clock in the morning.

WHAT HAS BECOME OF BELLEFONTE'S CURB MARKET?—Well may the above question be asked, because so far this year there has been practically no curb market at all. In past years Bellefonte had a good curb market every Tuesday and Saturday, and sometimes Thursday. At this season of the year there would be anywhere from a dozen wagons upwards backed up to the curb in front of the court house and there have been market days when from thirty-five to forty wagons were there. These included truck farmers of all kinds and several butcher's wagons, and it used to be possible to buy anything from a pint of smearcase to a sirloin steak. This year what few wagons come to Bellefonte generally have everything sold beforehand and merely deliver the stuff and go back home. Whether the reason is that so few farmers are now engaged in truck farming, or whether they do not have the time to bother with it is problematical, but it is a fact nevertheless.

JUVENILE COURT.—A term of juvenile court was held on Monday afternoon to dispose of the case against Bessie Maffett, a fourteen year old Phillipsburg girl. Her parents are dead and she has been living with her grand-mother, but of late had become so incorrigible that she would not listen to her grand-mother. After hearing the evidence the court sentenced the girl to the Glenn Mills reform school and she was taken there on Tuesday by deputy sheriff C. A. Weaver and his wife.

BEN GREET PLAYERS COMING TO STATE COLLEGE.—The Ben Greet Players will be at State College on Saturday, August 1st, and give two Shakespearean performances on the front campus. The afternoon performance will be "Twelfth Night" and the evening "A Midsummer Night's Dream," the most beautiful of all the Shakespearean plays. This will be the third engagement of the Ben Greet Players at State College.

FANTASTICS AND FESTIVAL AT PLEASANT GAP.—The Pleasant Gap volunteer fire company have arranged for a big time tomorrow (Saturday) evening when they will have a fantastic parade and big ice cream festival. The parade will be around the Triangle and will be well worth seeing. Everybody from far and near is invited and the proceeds will go toward the fund for the payment of their new home.

FARMER'S INSTITUTE.—The places for holding the three Farmers' Institutes to which this county is entitled under the allotment made by the Department of Agriculture for the coming season, have been selected by the county committee, and are Centre Hall, Unionville and Philipsburg. Dates will be fixed later.

WITH THE BOROUGH DADS.—Seven members were present at the regular meeting of council on Monday evening.

Mr. Smith, representing the Universal Fire Hose company, was present and exhibiting his samples delivered a lecture on the good qualities of fire hose, especially the multiple woven hose made by the Universal company. Inasmuch as the Fire and Police committee was not ready to make a report on the purchase of new hose no action was taken.

Chief fire marshal John McSuley reported that the Bell telephone had been removed from the electric light station and in case of a fire it would be impossible to get a fire alarm over that phone. Inasmuch as the electric plant here will be abandoned in six weeks or two months the Fire and Police committee were instructed to see if there is any other available place to put the fire alarm.

William H. Garman appeared before council and stated that a number of the residents of east Lamb street would be willing to tap a sewer if put down by borough, in order to get rid of the surface drainage nuisance. No definite action was taken.

A. C. Mingle and Charles F. Cook were present and stated that the lavatory system at the brick school house had become so bad that the board would have to install a new system before the opening of school on August 31st, and asked that council extend the sewer on Bishop street from Ridge street east. There were some objections to doing so on account of digging up the paved street but the matter was finally referred to the Street committee for conference with the school board and council agreed to convene in special session whenever they were ready to make a report.

The Street committee reported that a new trap and large screen had been placed at the entrance to the sewer near Dr. Seibert's residence which would probably take care of all the surface water.

The Water committee reported that the repairs had been begun on the Phoenix mill pumping station.

The Fire and Police committee presented Burgess Blanchard's check for \$24.00 for fines collected the past two weeks.

The Finance committee reported having received from the Olewine estate a check for \$138.59, the amount due for street paving; the same having been turned over to the borough treasurer.

The Sanitary committee reported that the well at the old pumping plant of the Bellefonte Furnace company had been newly covered and rendered perfectly safe. The committee, however, called attention of council to the fact that it might not remain in that condition long as a certain crowd were in the habit of removing the boards in order to use the well as a beer cooler. The committee was informed that they had the power to call the police and have any such crowd removed to the real "cooler."

Mr. Harris called council's attention to the sewer now being put down on Lamb street near the armory to take care of the surface water. The intention was to put down a fifteen inch sewer, but it is not thought large enough and the committee believes that a twenty inch concrete sewer would be better. The matter was referred to the committee with power to act.

Bills to the amount of \$425.24 were approved and council adjourned.

AMONG THE SICK.—District attorney D. Paul Fortney has practically recovered from his recent illness and is now able to look after the most important affairs that come up daily in his office.

Robert F. Hunter, who was housed up several weeks with a broken bone in his leg, made his first appearance on Wednesday when he came down town in his car.

R. S. Brouse's condition is believed to be slightly improved, as he had a fairly good night's rest Wednesday night, and a better day yesterday than he had had this week.

Ex-sheriff W. A. Ishler has not improved any, neither does J. H. Robb's condition show any decided improvement.

REESE—MEYERS.—G. Walter Reese, of Port Matilda, and Miss Marie M. Meyers, of Philipsburg, were quietly married at the parsonage of the Columbia avenue Methodist church, Tyrone, at eight o'clock last Saturday evening, by the pastor, Rev. W. J. Shaffer. The bride is a daughter of Mr. and Mrs. Peter Meyers and both she and her husband have been among Centre county's most successful school teachers. Following a wedding trip they will be at home to their friends at Port Matilda after August first.

Marriage Licenses.

William Breon, of Bellefonte, and Anna Weaver, of Julian.
Mike Borowski and Pauline Sczyabin, both of Pleasant Gap.
Jas. Thompson Harris, of State College, Elmeda P. Wiser, of Port Matilda.
Judi Culp, of Patton, Pa., and Annie Sura, of Rush Twp.

Philip Bloom, a junk dealer who hails from Harrisburg, was thrown from his wagon, in the vicinity of Lemont last Friday afternoon, and sustained a compound fracture of the left arm. He was brought to Bellefonte and after an examination by a physician was sent to the hospital.

CHRISTIAN SCIENCE SOCIETY.
Service Sunday 10:45 a. m. Wednesday 8 p. m., 9½ E. High street.

UNION VESPER SERVICE.

The Union Vesper Services under the auspices of the ministerial association will be continued next Sunday evening at 7 o'clock sharp, in the open air on the piazza before the High school building. The first service was very well attended. Hereafter, there will be enough chairs so that no one will have to stand. One of our Bellefonte clergymen will have charge of the service and deliver the sermon. His name will be known when the meeting begins. Singing books will be furnished. Will you be there?

SPRING MILLS.

W. H. Smith, of John Smith & Bro., purchased a very handsome auto a few days ago. Huckleberries are very plentiful in this section of the county, and bring from 6 to 7 cents per quart.

Mrs. William Steely, of Sunbury, made a brief visit here on Monday last, a guest of her sister, Mrs. C. C. Cummings.

Charles McCool has resumed his duties at the milk station, after a ten days' vacation, caused by a felon on his hand.

Edward Winter, who met with quite an accident—damaging a leg while loading hay at Colyer last week, and housed up for a few days, is able to be about again.

J. B. Gentzel, while assisting to load a car with milk for the creamery at Mill Hall, slipped and a can of milk falling on him broke three of his ribs. He is rapidly improving.

The new residence just erected by Allison Bros., opposite the mill, is about ready for the siding. The building is on the site of the old land mark recently torn down.

J. B. Gentzel is erecting a very large barn on his premises, a considerable distance back of his handsome and imposing residence. Mr. Gentzel has certainly displayed taste and judgment in arranging the surroundings, and has a home to be proud of, as it is second to none in our town.

Mrs. Trix VanDemant and two daughters, of Electra, Cal., are here visiting relatives and friends in the valley. Mrs. VanDemant was formerly of this place. She left here just twenty-one years ago. She remarked that the town seemed quite natural, and the scenes of her early childhood had the same old familiar appearance.

Accused of Starving Wife.

Samuel Cunningham, a farmer of Bellefonte, near Parkersburg, W. Va., is in the county jail awaiting a hearing on charges made by J. E. Mayhew, state humane agent.

Cunningham, reputed to be wealthy, was arrested on a warrant sworn to by Mayhew and charging first degree murder. Mayhew charges that Cunningham starved his wife, Ann Cunningham, to death.

It is alleged in the warrant that Cunningham not only failed to provide his wife with food for twelve days prior to her death last Friday, but that he purchased a coffin and began digging a grave three weeks ago.

Has 92 Per Cent. Dividend.

The Potomac Glass company, of Cumberland, Md., for the year just ended has shown a dividend of 92 per cent, a record rarely, if ever, equaled by a corporation in the country.

The capital stock of the glass company is \$25,000, and the volume of business during the year amounted to \$160,000.

It is entirely co-operative, the stock being owned by about thirty men, nearly all employees of the concern.

The company employs about 300 men, girls and boys and pays high wages. The plant is busy day and night, and it has orders ahead to insure unceasing operation for more than a year.
