THINGS ABOUT TOWN AND COUNTY.

—There were twelve wagons at the curb market Tuesday morning, and wartime prices prevailed for almost everything.

—The annual conference of the Allegheny district United Brethren church will be held in Tyrone beginning September 16th.

—Eleven young men, graduates of the Tyrone High school, will enter the Freshman class at the opening of State College week after next.

—The young lady friends of Miss Lucy Spotts gave her a shower on Tuesday evening, at the home of Mr. and Mrs. W. S. Zeller, on Allegheny street, in honor of her marriage this morning to Gilbert Smith.

—Mr. and Mrs. Harry J. Goss, of Williamsport but for several years residents of Bellefonte, have arranged to go to California some time during October to spend the winter. And if they like the locality and the people they may decide to locate there permanently.

—A convention of rural letter carriers will be held in the court house at Middleburg, Snyder county, on Labor day. Hon. B. H. Focht will address the convention and others expected are F. L. Dershem and C. L. Johnston. Rural carriers from all over the State are invited.

—David Washburn, who conducts the chicken farm on east Curtin street, has a pullet which was hatched out on the tenth day of April and began laying eggs on August 14th, just four months and fourteen days from the date of hatching. This is a record probably never surpassed, if equalled.

—Water duplicates for 1913-1914 have been placed in the hands of J. M. Keichline for collection. All persons owing taxes on said duplicates please call at his office within five days, and pay the amounts to him, as the borough is very much in need of funds to pay the running expenses of the water works.

—The attention of our readers is again called to the big basket picnic to be held by the Odd Fellows of Bellefonte and State College at Hunter's park on Labor Day (next Monday). Members of the order from all over the county are invited to join in the picnic while the public in general is welcome to attend. A big program has been arranged to keep the crowd busy all day.

—Moving picture films of the European war by the Pathe company have reached this country and are now being put out on the various circuits. Bellefonters will hardly have an opportunity of seeing these pictures, as neither of the moving picture theatres here show the Pathe product, notwithstanding the fact that it is the most interesting chronicle of daily events given to the public.

—Strange dogs got among Dr. Kirk's flock of lambs on Saturday night, killed two lambs, mangled another one so badly it had to be killed and hurt three others. Mr. and Mrs. Harold Kirk occupy the doctor's farm, which is located south of Bellefonte, but they did not hear any disturbance among the lambs and were not aware of the havoc wrought until Sunday morning. Therefore they have no idea whose dogs they were.

—Theodore Davis Boal, of Boalsburg, has arranged to place the two houses he and his family possess in the southern France at the disposal of the Red Cross organization for hospitals for wounded soldiers. He will also send from this country a complete equipment and necessary stores and supplies for their use. Miss Cecille de la Garde, who has already gone to France, will have charge of the two improvised hospitals.

—C. L. Gramley, who was defeated at the May primaries for a renomination on the Republican ticket for Assemblyman by Harry B. Scott, of Philipsburg, but got one vote on the Prohibition ticket this making him nominally the candidate of that party, has decided not to stand in that attitude and last week wrote to the Secretary of the Commonwealth at Harrisburg requesting the withdrawal of his name from the official list of candidates.

—On Thursday of last week Edward C. Beizer, of Philipsburg, gave his annual outing to the old soldiers of that town and vicinity in the shape of a spring chicken dinner at Athletic park. Sixty-four old veterans were present and as some were accompanied by their wives the total number of guests exceeded one hundred. Mr. Beizer never does anything by halves and this year's outing was one of the best the old soldiers have had.

—The Scenic has been one of the popular places of amusement for those attending the Centre county fair this week, and it was well patronized both morning and evening. Big, new programs of moving pictures were given at each exhibition. But then this is entirely in line with the way the Scenic is always conducted. As much care and effort will be spent in its management next week as this, so that all who go may have an hour's good entertainment.

Aviator Bonney Falls From an Altitude of 1200 Feet.

In the Midst of a Thrillingly Beautiful Flight the Elevator on his Machine Broke Loose and he Plunged to Earth, Escaping with only Serious Bruises. The Machine is a Total Wreck.

Aviator Bonney is in the Bellefonte hospital and his \$3000.00 French Monoplane is a mass of wreckage on top of Half Moon hill, all because a slender wire holding the elevator of his machine gave way when he was 1200 feet in the air.

His flight yesterday started most auspiciously. Exactly at 4.15 he sped away from the field immediately west of Thomas Beaver's home and had not run more than a hundred yards until he began to rise exactly like a bird. High over Bellefonte he flew directly west. When he had reached an altitude of about the height of the mountains he turned and swooped toward the fair grounds.

About the upper end of the track he turned and started climbing higher in a westerly direction and he was well above the mountain tops skimming like a swallow when the machine turned suddenly, tilted like a bird buffeted by a strong wind then plunged head-on toward the earth. It was horrible to look at knowing that the birdman would probably be dashed to death, but miraculous as it may seem he escaped without a broken bone and is only badly bruised and battered up.

When seen in the hospital Mr. Bonney was more distressed because of the ruin of his machine than anything else. He owned it himself and all the funds he has been able to save were tied up in it. He said he had never known it to work more beautifully and was going to give us a wonderful show when he felt a slight jerk looked back and saw that his elevator was gone. He knew that it was all up then. The machine was uncontrollable and it was only a question as to how much time would keep itself righted during the fall of over 1000 feet to earth. It came down head on and when a short distance from the ground took fire. He was not stunned by the fall so jumped out immediately when it landed and escaped the flames with only a few blisters on his forehead.

Had he been rendered unconscious by the fall he would have been burned to death for every part of the wings and tail of the machine were burned up when the first person got to his rescue.

It was a beautiful and thrilling flight but the ending so terrible as to almost make the hearts stop beating in the breasts of all the spectators except those who yesterday called the aviator and his machine only a bluff.

LARGE CROWDS ATTEND CENTRE COUNTY FAIR.—With splendid weather large crowds have been in attendance at the Centre county fair this week and in every way the exhibition has been a bigger success this year than ever before. Wednesday's actual paid admissions were a little less than last year and yesterday's crowd was about the usual turnout for Thursday.

As evidence of the fair proper is the fact that the various exhibitions this year total 2602, as against two thousand in former years. The stock exhibit includes a number of fine horses, among which is George Musser's splendid stock from Boggs township; cows with sucking calves, young cattle, sheep and hogs, all high grade. The poultry exhibit while perhaps not as large as in some former years, includes fine specimens of turkeys, geese, ducks and chickens.

There are about five hundred exhibits of fruit and farm produce, and while the earliness of the season accounts for the scarcity of rosy cheeked apples, the specimens on display are good examples of the kind of fruit now grown in Centre county. This exhibit is in charge of Mr. Samuel Decker and he knows how to arrange it to show off to advantage.

Isaac Underwood has an interesting exhibit of farm machinery while the Potter-Hoy Hardware company and Miller's stove store have a complete exhibit of ranges, stoves, etc. M. C. Gephart has his usual exhibit of pianos and musical instruments.

One exhibit which is attracting unusual attention in the main building is the parcel post exhibit by the Bellefonte postoffice. They not only show what can be sent by parcel post but crates for packing eggs and breakable stuff and how to pack various articles of merchantise. Assistant postmaster William Chambers has charge of the exhibit and willingly explains everything.

Of course the woman's department includes all kinds of plain and fancy sewing, knitting and crocheting, bread, cakes, pies, jellies, preserves, and everything good to eat. The children's department this year is so large that it had to be divided into two sections in order to handle it expeditiously.

The merry-go-round on the Midway with several shows make up the side attractions and the concerts by Our Boys band of Milesburg on Wednesday and the Aaronsburg band yesterday were much appreciated by the crowd.

The racing this year far outclasses anything ever seen at the fair. There is a string of thirty-four horses, including some of the best in Pennsylvania, New Jersey and southern New York and every race has been stubbornly contested. The 2.12 event could not be finished on Wednesday on account of darkness and after running four heats it was continued until yesterday. The 2.30 event was won by Minqua Boy, owned by Thomas Rank, of Patterson, N. J. The summaries of Wednesday's races are as follows:

Table with 4 columns: Race name, Horses, and Times. Includes 2.12 trot and pace, 2.30 trot and pace, and 2.30 trot and pace.

In an otherwise splendid day the one great disappointment of Wednesday was the failure of the air ship to fly. All the attractions usually seen at the fair were there, and the racing was of a far higher class than had ever before been seen at a Centre county fair but most of the people forgot that in their disappointment that the one big new feature had not materialized. It was a disappointment to every one, as much to the fair association, and Mr. Bonney, the aviator, as to the spectators, but it couldn't be helped. While he was tuning up his motor early in the afternoon preparatory to the flight the bolts that hold the propeller blades

PRISONERS PLAN TO ESCAPE.—On Wednesday of last week chief of police Harry Dukeman was given a tip that John Bair and Pasquale Carmillo, the two prisoners who made a get-away from the penitentiary about six weeks ago, were caught the next day and are now in the Centre county jail, had planned a jail delivery which included an assault on the sheriff or deputy. He notified deputy sheriff C. A. Weaver not to go into the jail alone that evening to lock up the prisoners and to be on his guard, which he did. The next morning Dukeman gave the sheriff the tip he had received and Thursday evening just before locking up for a search of the prisoners cells was made. In Carmillo's cell was found a crude but very serviceable blackjack made out of a piece of rubber hose a little over a foot in length, which had been stuffed with nails, a spike and small pieces of gum hammered in solid until it made an implement of sufficient weight to fell a man at one blow. Nothing else was found that night but the next morning the sheriff went to the door and telling Bair that he knew he had a similar bludgeon demanded that he bring it out. Bair at first denied having one but the sheriff was persistent, and he finally went into the bath room and brought out an instrument similar to that found in Carmillo's cell. It was surrendered to the sheriff. The men had evidently planned a jail delivery similar to the one pulled off by Green and Dillen, when Jerry Condo was injured so badly that he died.

W. H. MACKER RELEASED FROM PRISON.—After spending thirty-five days in the Centre county jail for contempt of court W. H. Macker was released on Saturday night on the order of United States district court judge Charles B. Witmer. Mr. Macker's release was secured through the efforts of his attorney, Clement Dale Esq., who presented to Judge Witmer sworn statements and affidavits that Mr. Macker had no money and was unable to raise any, and consequently could not pay over to the referee in bankruptcy, H. C. Quigley Esq., the sum of \$700, which he was ordered to do, and for the failure of which he was held in contempt and sent to jail.

Judge Witmer gave the papers careful consideration and on Friday wrote out his decree absolving Mr. Macker from further contempt. Saturday afternoon he and his son motored to Bellefonte from Sunbury, arriving between eight and nine o'clock in the evening. A messenger was sent to Mr. Dale's home with the decree and order for Mr. Macker's release and although it was then past nine o'clock Mr. Dale hurried to the jail and secured Mr. Macker's release the same evening. The decree absolves Mr. Macker from any further obligations, even to costs, and thus ends the case.

COUNTY W. C. T. U. CONVENTION.—The Centre county W. C. T. U. held its annual convention in the Trinity M. E. church at Philipsburg last Thursday and Friday, Mrs. W. H. Spangler, of Philipsburg, presiding. Reports of the various officers and committees showed good work done all along the line last year, with an increase in membership of about seventy-five.

Dr. Edith Schrad made a report on medical temperance and Miss Rebecca N. Rhoads, superintendent of scientific temperance instruction, reported a great advance along that line of work. She personally visited about half the schools in the county and investigated the prize contests. Over one hundred prize essays were written and submitted, eighty-two of which number were by State College High school students. Six prizes of ten dollars in gold were awarded. The following county officers were elected: President—Miss Rebecca Rhoads, of Bellefonte. Vice President—Mrs. J. P. Harris, of Bellefonte. Recording Secretary—Mrs. V. C. Ridge, Blanchard. Treasurer—Miss Savilla Rearick, Centre Hall.

TERRIFIC COLLISION OF TWO TRAINS AT PHILIPSBURG.—Following is the program of three days celebration: Labor Day, Sept. 7th.—10:30 a. m. Big industrial parade of floats, 15 bands, organizations, etc. Taken by the Lubin Film Co. 1:30 p. m. Band contest at Athletic park. Dancing afternoon and evening.

HARRY MANN IN AUTOMOBILE WRECK.—On Thursday afternoon of last week Harry Mann, of Milesburg, drove to Bellefonte in his Buick car and being somewhat in a hurry on his return trip he was speeding down the state road at from twenty-five to thirty miles an hour. At the crossing of the American Lime and Stone company's branch railroad into the Armor gap quarries it is a little rough and when he struck the railroad the front of the car bounced from the ground and the wheels turned sharply to the left. In attempting to avoid hitting a telephone pole Mann accidentally bumped into a concrete marker alongside of the road with the result that the car turned turtle and landed in the old canal. Fortunately the rear end landed against a tree and although Mann was underneath there was room enough for him to crawl out, and his only injury was a slight scratch on one of his fingers. But the car was a complete wreck. One wheel was smashed, the springs broken, windshield, hood and fenders crushed, and in fact the whole machine so badly wrecked that it will have to be almost entirely rebuilt to be of service.

PHICNICKERS AT BOALSBURG.—The old home gathering in the McFarlane grove at Boalsburg last Thursday was largely attended and a very pleasant day for all. After the big dinner a meeting was held which was presided over by Austin Dale. H. B. Harrison made an address of welcome and the principal speech was made by Clement Dale Esq. He gave a sketch of the history of Boalsburg beginning about the year 1810 when there were but four houses in the town. Ten years later a postoffice was established there with Jacob Boal as postmaster, and from that time on Boalsburg was recognized as one of the important towns of Pennsylvania. Other speakers at the gathering were Dr. C. T. Aikens, of Selingsgrove, and Col. D. F. Fortney, of Bellefonte. A male quartette furnished music for the gathering and a ball game between State College and Boalsburg resulted in a tie.
