Tuesday's Election in Centre County.

Never was there a more ideal day for an election than Tuesday, and yet only about eighty per cent. of the total vote in the county got out to the polls. Had the other twenty per cent. of Democrats turned out and voted as they should have done David W. Miller, of Ferguson township, would have been elected to the Legislature instead of Harry B. Scott, of Philipsburg.

If one were to attempt to analyze the result of Tuesday's election it might be assigned to various causes, but the easiest way to get out of it is to say that it was a Republican year and the landslide was not confined to Pennsylvania but spread throughout the north. In Centre county the election passed off quietly, without an altercation of any kind so far as the writer knows. The vote cast about equalled that of the presidential vote of 1912. In Bellefonte and a few other districts in the county the vote showed a slight increase, while in others there was a loss.

One very noticeable fact was how the Bull Moosers of 1912 rushed back to get into the 1914 Republican fold. Two years ago Roosevelt had 2733 votes in Centre county while Taft had but 1496. This year the best Teddy's followers could do was poll about 1600 votes while Charles H. Rowland had 3759 Republican votes, a change of over two thousand.

The defeat of W. E. Tobias, of Clearfield, for Congress, and W. H. Patterson, for State Senator, might have been averted had a little more work been done in their behalf, but unfortunately they were the victims of a political circumstance over which they had no control and had to sink with the rest of the crowd Charles H. Rowland, of Philipsburg, who was elected to Congress, is an upright, honorable gentleman, and now that he is elected, he will serve his constituents to the best of his ability. Mr. Rowland's election gives Centre county the first Congressman it has had in thirty years, or since the late Andrew G. Curtin served in 1884-86.

Dr. S. J. Miller, of Madera, who was elected State Senator for Centre and Clearfield county, is said to be an able, straightforward man and will probably represent the district in the upper house at Harrisburg as good as any other Re- majority in the next Congress will be 30 publican could have done. This whistle has been installed by the western penitentiary at the new prison at Rockview, to announce the escape of a prisoner to the residents of Centre county within hearing 'distance of the whistle, and the demonstration of same, as set forth above, is to make known to the community the exact signal which is to signify the escape of a prisoner from the institution.

The officials of the penitentiary are desirious of learning the exact radius in which this signal can be heard, and to that end will be pleased to have reports by telephone from any of the residents of the community, which will enlighten them on this point.
