THINGS ABOUT TOWN AND COUNTY.

—Fred Witmer accepted a position as clerk at the Bellefonte Trust company last week.

—Governor Tener has appointed John Price Jackson a member of the Board of Trustees of State College.

—Up to noon yesterday county treasurer John D. Miller had issued 3671 hunter's licenses, just twenty more than last year.

—A big black bear sat on its haunches at Clark station, on Tuesday afternoon, and watched the Snow Shoe train pass by on its way down the mountain.

—Centre County Pomona Grange will hold its fourth quarterly meeting in Grange Arcadia, at Centre Hall, Wednesday, November 18th, at 10 a. m. This is the last meeting of the year and a full attendance is desired.

—The Bellefonte High school football team will play the Clearfield High school eleven on old Hughes field tomorrow afternoon. The Bellefonte boys are putting up a good game and will give an excellent account of themselves tomorrow.

—Invitations have been issued by Mrs. Sumnerfield Bond, for the marriage of her daughter, Lydia Valentine, and Mr. Harford Willing Hare Powell, Jr., which will take place Wednesday, November 25th, at Emanuel Church, Baltimore.

—Just one hundred and twenty-six loads of cabbage were hauled over the Bald Eagle Valley railroad from the west to eastern markets in six days. The largest consignment in one day was last Thursday when a train of twenty-seven cars went eastward.

—A Johnstown hunter passed through Bellefonte last Saturday from the Narrows below Coburn with three pheasants, three gray squirrels and a baby possum in a box. The possum was about the size of a two month's old kitten and was not at all wild.

—The Empire Musical Comedy company will be at Garman's all of next week, except Wednesday. There will be minstrel maids, vaudeville acts, tabloid musical comedies, six pretty girls, etc. Prices, 10 and 15 cents. Children, 5 cents to all parts of the house.

—Another little girl arrived in the home of Mr. and Mrs. Harry Johnson, the latter part of last week, which makes an even dozen of children in the Johnson home, eight boys and four girls. Truly Mr. and Mrs. Johnson are close adherents of Roosevelt's doctrine of big families.

—At their two days fair last week the members of St. John's Episcopal church cleared \$379. They also had quite a number of articles left which they packed in a box and sent to the Episcopal church at State College, where they will be disposed of at a fair to be held next week.

—The taking of the inventory of Joseph Bros. store was completed Wednesday afternoon and the same evening a legal transfer of the store was made to C. Y. Wagner and the Hazel brothers. The new firm, which will be called Hazel & Co., opened for business yesterday morning and expect to put in additional lines of goods as fast as room can be made for them.

—On Tuesday evening Mrs. John L. Knisely with her daughter, Miss Pearl Knisely, Miss Marjorie McGinley and Miss Kathryn Willard, with Newton Dunlap as driver, went to State College in the Knisely car. On the return trip home, in the neighborhood of D. A. Grove's farm Dunlap drove the car into a ditch and dumped all the ladies out. Mrs. Knisely had the ligaments of her right arm torn loose and was badly shaken up. The others in the party escaped injury but were badly frightened.

—The Milesburg plant of the State-Centre Electric company was completed on Wednesday and was thoroughly tested smoothly and last night the current was turned on the big wires carrying the electric fluid to State College and intermediate points. By tomorrow, or the beginning of the week at the latest, Bellefonte will also be supplied from the big power plant and in a week or two the Bellefonte plant will be abandoned as a current furnishing station, and be used only as a sub-plant. This ought to be an improved light in Bellefonte.

—To aid in the relief work of the suffering Belgians, Mrs. G. Murray Andrews is offering for sale, at her home on Allegheny street, an unusually high grade fruit cake, plum pudding and mince-meat. Either the white fruit cake or the dark Scotch fruit cake will be sold at the rate of \$1.25 for a 2 1/2 lb. cake, \$1.60 for a 2 1/2 lb. cake, etc. The mince-meat can be had for 25 cents per pound or pint, and the plum pudding at 40 cents a pound. As everything will be made under Mrs. Andrews' personal supervision, it is an opportunity for securing Christmas cakes and pudding of which Bellefonte people should take advantage, in addition to aiding in the work which is now occupying the minds of all American people.

OUT AT THE NEW PENITENTIARY.

Residents of Bellefonte and Centre county who never visit the site of the new penitentiary in Benner township cannot appreciate the work being done there, because they have no idea of its scope. At present there are close to three hundred men employed there daily, not counting the one hundred or more prisoners. Most of these men are Centre countians who would probably be out of work if it were not for the building of the new penitentiary.

The installation of the equipment of the death house, built by the Thompson Starrett Construction company, was completed last Saturday and a test of the machinery made. A complete description was given of this house in the WATCHMAN about six weeks ago. While the house is ready for use whenever needed there is still some work to do in finishing the interior of the first floor, while men are now engaged in rough-hammering the panels on the exterior of the building. The Thompson Starrett company has a force of men grading around the death house for a distance of from forty to fifty feet. This space will be covered with soil and sowed in grass. Back over the hill, or north of the death house is now being erected a building to be used as a laundry and storage. This building is approximately 200x40 feet in size, and the concrete for the walls is now being poured. No cellar will be built under this building.

Between the laundry and death house will be located the dining hall. This location was excavated to grade by the State while the Thompson Starrett company is now excavating for the cellar and also has a force of carpenters at work putting up the forms for the walls. This building will be approximately 200x150 feet in size and will be connected with the laundry by a fourteen foot tunnel. All the buildings in that group will be connected by tunnels.

Assistant engineer John Swan is in charge of the work being done by the State which at present consists in excavating and grading. The dining hall will be ten feet higher than the laundry and the intervening space is being graded. The hill between the death house and the location of the dining hall is being cut down to grade, and this work is also being done by the State. There is considerable rock there which has to be blasted out. Another building to be included in this group is a hospital, which will be located northwest of the dining hall. The main prison buildings will be in two groups, one will be located between the death house and railroad and the other to the north of where the laundry is now being built. Various machine shops and other necessary buildings will be located later.

As now planned eighty acres will be the size of the grounds within the walled enclosure. A change has been made regarding the kind of wall to be erected. Instead of being of stone it will be of concrete. A foundation five feet deep and five feet wide will be under ground and above ground the wall will be two feet thick, of heavily reinforced concrete. It will be eighteen feet high to the coping. This coping will extend out on either side sufficient to allow the building of a guard patrol twenty inches wide. The coping will be about four feet in height and every three hundred feet will be located a guard house, or sentry box. Huge steel gates will be located at various places in the wall wherever necessary.

The present temporary prison quarters on the Ishler farm will not be inside the walled enclosure but they will be kept intact for prison use. Warden John Francis is planning to put in effect the credit system when the penitentiary is far enough advanced to do so. All prisoners will be put upon their honor and those who merit it will be allowed to abide outside the walls in the present prison quarters, and will have charge of the stock, stables, etc.

The addition to warden John Francis' residence is now being put under roof and will probably be completed within a month. At least that is what the warden wants accomplished, so that he can move his family and household goods here from Pittsburgh before real cold weather sets in. The warden's residence is on the old Wagner farm and when it is fully completed will be one of the beauty spots on the penitentiary grounds. Notwithstanding the fact that competent men are in charge of every department of work being done there warden Francis keeps a watchful eye over everything and nothing is done without his approval.

Unless the weather becomes unusually severe work will be kept up during the winter and next spring the plans are to have five hundred men or more at work on the job.

LAST GAME OF THE SEASON.

The Bellefonte Academy football team will play its last game of the season on Hughes field tomorrow afternoon with the Renovo Y. M. C. A. eleven. The Renovo management has been asked to bring the strongest team they can get together so that the game ought to be a good one. The Academy team will adopt a new system tomorrow and play a more open game, using forward passes, the double cross formation, etc., which will render the game doubly interesting to the spectators. Game will be called promptly on the minute at three o'clock and should be over not later than 4.30. This will enable business men to attend and get back in time for any rush there may be before supper. Admission 25 cents.

FRESH EVERY DAY.

We make it before your eyes. We welcome your inspection. We make all high grade candies such as chocolate covered marachino cherries, chocolate almonds, chocolate butternuts, chocolate covered pineapples, etc. Our guarantee with every piece of candy sold in our store.—CANDYLAND FOR THE BEST.

—W. F. Stevens, a Freshman at State College, disappeared from the college several weeks ago and all efforts to trace his whereabouts have proven futile. His home is at Homestead but he has not returned there. The boy's father was in Bellefonte a few days ago in an effort to locate him. It is believed that fear of a hazing is what induced him to leave the College.

—E. W. Tobin and G. J. Sauerhoff, the two State students badly burned in an explosion of gasoline over two weeks ago, were able to come out of the hospital on Monday and walk around Bellefonte. On Tuesday evening Robert Walker drove them back to the College and Capt. Tobin went out to the football field to look over his team in practice. There is a possibility that he will play a few minutes, at least, in today's game.

—The Penn State football team suffered its first defeat this year at South Bethlehem, last Saturday, when Lehigh turned the trick by the score of 20 to 7. The same afternoon the State Freshmen were defeated on Beaver field by the Bellefonte Academy by the score of 27 to 13. But then it was a Bellefonte day for the local high school eleven downed the heavy Tyrone High school on Hughes field by the very emphatic score of 28 to 0.

—The Michigan Aggies football team from Lansing, Mich., arrived in Bellefonte yesterday noon, in a special train accompanied by the Cadet band of sixty pieces and two score routers. During the afternoon the team practiced on Hughes field. The Michigan delegation remained in town over night, sleeping in the cars and eating at the various hotels. They will not go to the College until after dinner today, or just in time for the game.

—Thanksgiving is less than two weeks off and from present indications turkeys will be quite plentiful and, it is to be hoped, at a price within reach of the ordinary family. The past summer season was a good one for turkeys in some localities the result is large flocks at many farms throughout the county. The birds are thrifty and in good condition and Thanksgiving ought to be about right for the main dish at the Thanksgiving feast.

—Carl Hans Lody, alias Charles A. Inglis, a German, who was arrested in London, Eng., as a spy, tried, convicted and shot in the old London tower on Tuesday, was well known by George T. Bush and Mrs. Elizabeth Callaway. He was in charge of the Clark tour on which Mr. Bush and Mrs. Callaway made their trip around the world a few years ago. Mr. Bush also met Lody on several occasions since and always found him a courteous, genial gentleman.

—Manager T. Clayton Brown says that any person who is not a regular attendant at the Scenic is missing some high class motion pictures. Mr. Brown is giving Scenic patrons quite a number of high class features in addition to his regular program. In every feature that goes to make up a high class moving picture show the Scenic leads, others follow. Regular price five cents. Big features 10 cents and five cents for children. The evening you stay away may mean missing something very good.

—The Dr. Thomas R. Hayes property on North Allegheny street, which last spring was traded by Mrs. Hayes to Dr. Emery Marvel, of Atlantic City, was sold at public sale on Monday to Dr. R. G. H. Hayes for \$10,000. The property started at \$8,000 and there were only three additional bids on it when it was knocked down. When he traded for the property Dr. Marvel contemplated spending the summers in Bellefonte with his family but he lately concluded that his practice would not permit him doing so, so he concluded to sell it.

—At a brief session of court on Monday morning Frank W. Harris, who last May robbed his boarding house at White-Rock and made a get-away only to be arrested in Lock Haven three weeks ago, pleaded guilty to the larceny of a suit of clothes, a pair of ladies shoes and stockings, and a few other things, and was sentenced to not less than nine months nor more than three years in the western penitentiary, to which place he was taken on Tuesday by sheriff A. B. Lee and Frank Carson. Harris is originally from Millheim but has been working in various places the past few years.

—Old Boreas blew his breath out of the icy regions of the North on Monday and gave us a real touch of winter. It grew colder Monday afternoon and night and Tuesday morning the mercury was down to within twenty degrees of zero. Ice was frozen and the ground was frozen hard enough to carry a good sized man. It warmed up on Tuesday and there is promise of nice weather yet before winter sets in. One thing that is badly needed in Centre county as well as the State is rain, and lots of it. The few rains we have had recently were not sufficient to affect the streams and springs and they are unusually low for this time of year.

OPENING OF DEER HUNTING SEASON.

—The deer hunting season opened on Tuesday, and the mountains of Central Pennsylvania are literally alive with hunters from all parts of the State. Centre county, of course, is well represented. The Panthers, of Bellefonte, are out in the Alleghenies ten men strong, while the Gentzell party is out in the neighborhood of the Green woods. Unionville, Milesburg, Curtin and Howard parties are also in the Alleghenies while hunters from Baileyville, Pine Grove Mills, and all through Pennsylvally are in the Seven mountains. Most of the hunting parties went out last week in order to have their camps fully installed and get the lay of the land before the opening day; and it is quite probable that scouts were sent out to look up the fresh deer trails.

In addition to the Centre county contingent in camp on the mountains there are parties from Pittsburgh, Somerset county, Johnstown, Altoona, Tyrone, Harrisburg, Reading and even Philadelphia, and it is estimated that upwards of a thousand hunters are in the woods this week. Reports from the mountains during the summer and early fall were in effect that deer were quite plentiful. Not only does but numerous bucks were seen by woodsmen, and there ought to be some good sport during the fifteen days of the open season. The fact that all hunting parties are located far out in the mountains, miles away from telephone communication, precludes the possibility of giving a report of the first day's hunt, but it is more than probable that a number of bucks were killed.

While it is too soon after the opening day of the season to get accurate reports of the number of deer killed, information so far received indicate that deer are unusually plentiful.

A four pronged buck which was killed by an Altoona party near Coburn was shipped through Bellefonte to Altoona on Wednesday.

The Edward Confer party of Howard township, hunting in the Alleghenies, got two deer the first day.

A Snow Shoe party got two pronged buck on Tuesday, shot by Harvey Harm. Over on the South side the Krader-Eisenhuth gang, of Coburn, got two deer the first day in the Lackadaid hollow.

C. W. Troutman, of Middleburg, killed a buck on Tuesday on Slide mountain.

Harry Auman, of Coburn, went out on Little Poe mountain on the opening day and killed a nice buck and was back home by 11.30 o'clock.

The Woodward regulars and the Woodward volunteers each got a deer.

Frank Keister, of Aaronsburg, got a big buck in Sugar valley.

The Greenbriar gang of Coburn got a deer on their first drive Tuesday morning in the Pine Swamp.

A Mifflinburg party got two deer on the mountain near Coburn.

A party of hunters on Tussey mountain back of Pine Grove Mills has a big bear hanging up.

A rumor was current in Bellefonte yesterday that Mrs. Harry Mann, of Orviston, had shot a deer on Wednesday but the rumor could not be confirmed.

No report has so far been received from any of the hunting parties from Bellefonte.

A crowd of hunters from Curwensville, encamped at Cato, got a bear in the vicinity of Panther hollow which weighs 250 pounds.

Two does were killed on the first day. One was by Walter Sweitzer, in the Barrens back of Warriorsmark, who shot at a big buck, missed it and killed a doe. Sweitzer made information against himself and got off with a fine of fifty dollars. The other doe was killed on Tussey mountain, back of Pennsylvania Furnace, by some unknown hunter.

The first carcass was sent to the Mercy hospital, Altoona, and the second one to the Blair Memorial hospital, Huntingdon.

Last Thursday a fawn came down off of Tussey mountain and attempted to cross the open country to the Barrens. In jumping a fence it fell and broke its back. On the advice of the district attorney Phil D. Foster shot the animal and brought the meat to the Bellefonte hospital.

THE MICHIGAN AGGIES.

The Michigan Aggies, otherwise the football players from the Michigan Agricultural College, at Lansing, Mich., arrived in Bellefonte on a special train yesterday at noon and will remain here until noon today.

They will be the opponents of State in the annual big Pennsylvania Day football game at that institution this afternoon.

In the Aggie squad there are thirty-five huskies, with them is their cadet band of sixty pieces and about forty routers. While the team was running through signal practice on Hughes field, which Prof. Hughes kindly offered them the use of, yesterday afternoon the band paraded our streets serenading the Academy especially and everybody else accidentally. In the college boy parlance it is "a whale of a band" and States musical organization will have to blow some this afternoon to be heard when the game gets hot.

LIVE STOCK DAY POSTPONED.

—Live Stock day, which was scheduled for next Saturday at the State College, has been indefinitely postponed because of the prevalence of the "foot and mouth" disease. While no outbreak of infection has been reported among the cattle of Centre county, the authorities have taken the precaution to protect the valuable herd of prize stock at the State institution.

The live stock, worth \$30,000, is being carefully shielded against disease. It is housed in the new dairy barn and stock pavilion. Both these structures were to have been dedicated in connection with the Pennsylvania Day celebration, today, November 13th, but the exercises were postponed at the suggestion of Dr. C. J. Marshall, secretary of the State Live Stock Sanitary Board.

The Agricultural Fair will be held without the live stock exhibition and the college barns will be closed to visitors.

AMONG THE SICK.

—Mrs. H. S. Taylor was taken sick last Friday and the same morning taken to the hospital for an operation. Her condition now is very satisfactory.

Neil Cross, Mrs. Taylor's father, is seriously ill at the home of Mrs. Robinson in Philipsburg.
