The engineer cut in immediately and the extra current caused a sheet of flame to fly from the wire at the Milesburg plant, inflicting serious Fantanino was only at the edge of the burns on Kreps' face.

-Bellefonte hunters have had a strenuous fifteen days hunting for deer in the mountains but motion picture patrons need not hunt at all; all they need do is follow the crowd any evening and they will land at the Scenic. This is because it is so well known and popular. Everybody in Bellefonte has been there and, once there they go again. New programs every evening. Nothing like them shown in Bellefonte. Get there early and avoid the crowd.

-George Robb, who lives along the mountain above Coleville, took advantage of the nice weather on Tuesday to do his butchering, and that is some event in the Robb household. Three fat hogs were turned into pork, and as evidence that they were fat the three of them weighed just 981 pounds. About two dozen guests were there for the big dinner, which is also an important event of the Robb butchering. And it was some meal, as Mrs. Robb had provided one turkey and eight chickens to help satisfy the appetites of her guests.

Another fact that has been plainly demonstrated is that deer and all kinds of game are more plentiful on the Seven mountains than on the Alleghenies. One party of hunters on the Seven mountains secured seven deer and three bears, a record that had no equal on the Alleghenies. It is estimated that not less than one hundred bucks were killed on the Seven mountains alone, including both the Centre and Mifflin county sides. So far as can be learned less than fifty deer were killed on the Alleghenies.

An unusual number of does were killed this year, and in quite a number of cases the hunter who shot the doe came forward and voluntarily paid the fine. In many cases, however, the doe was left lying in the woods to be found by whoever happened to come across it. One reason why so many does were shot is, that having been protected for several years they into the bushes. This may be another nation to take a shot.

ONE MAN CRUSHED TO DEATH. ANOTH-ER INJURED .- In a fall of earth and stones at the new penitentiary on Tuesday morning Seman Sycrobe, an Austrian, was crushed to death and Rossana Fantanino, an Italian, had his right leg badly crushed and is badly cut and bruised. The men were engaged in excavating the foundation for the laundry and female department of the penitentiary. The foundation where they were working has a face about six feet deep. The top of the ground being frozen the men had undermined to a depth of five feet and about ten feet in length. While they were at work in the underground drift a

The men were dug out as soon as possible, and Fantanino was sent to the Bellefonte hospital. His leg is so badly crushed that the hospital physicians are not certain whether they can save it or not.

Sycrobe was dead when taken out, his head being crushed and one leg broken. He is a man about forty years old and formerly worked at the Whiterock took charge of the remains and prepared them for burial.

THE BUCK WILL CASE AGAIN IN COURT. -The D. Prior to his death three years ago Mr. Buck lived near Centre Line in Blair county. For a long time he had made his yard her clothing caught fire and before home with his sister, Mrs. John P. The will phase of the controversy between the two brothers in-law, having been decided, Mr. Stevens submitted a bill for \$501.75, claiming this amount was due him and his wife for boarding and lodging furnished Mr. Buck while he made his home with them. The auditor who passed upon the affairs of the estate refused to allow the claim and the suit argued Tuesday was the result. Attorney Robert W. Smith represented Mr. Sebring, while W. C. Fletcher appeared for Mr. Stevens. The papers in the case for Philadelphia, to attend a house party, given were taken by the court, who will hand by Mrs. Alexander Patton, at her winter apartdown an opinion later.
