## ADDITIONAL LOCAL NEWS.

LENGTHY SESSION OF BOROUGH COUN-CIL.—Every member was present at the regular meeting of borough council held on Monday evening. Misses Emma Aiken and Blanche McGarvey were present with a petition from residents of Bishop street asking that that street from Allegheny to Spring be put in a better condition. At present there is an application on file for the building of a state highway along the designated street, but the Street committee was instructed to temporarily repair the thoroughfare.

W. D. Zerby was present to enter a complaint of John Sebring that the alley leading from Allegheny street to his garage on Spring street was not the width required by the ordinance, and requested council to widen same so that a walk of some kind could be built along it. Mr. Zerby also presented the request of residents of south Potter street that something definite be done with that

thoroughfare at once. Burgess Blanchard appeared on behalf of the Centre County Old Home Week association and asked for the privilege of putting an up-to-date street carnival on certain streets of the town during Old Home week, and that council grant the association all revenues derived therefrom. The same was granted unanimously.

Residents of east High street petitioned for an arc light on that thoroughfare, along the cemetery. The matter was referred to the Street committee.

G. R. Danenhower & Son presented a request that council put the elevator in the Phoenix mill plant in a running condition. Mr. Seibert stated that it would require the installation of an electric motor which would cost from \$100 to \$125, and he didn't think the borough was liable under the agreement. The matter was referred to the Special committee for full investigation and report.

Haupt & Brown submitted a draft and proposition on the laying out and repair of south Potter street, calling for a thoroughfare twenty-eight feet wide instead of forty, and agreeing to make certain concessions if their plan was adopted. The matter was referred to the Street committee for consideration with other propositions they now have in hand.

pairs on High and Spring streets and oiling portions of Allegheny and Linn streets They also reported \$30.00 received for sewer permits.

The Water committee reported having repaired a number of leaks on main pipes, placing a meter on the Garman opera house, and a number of minor repairs around town.

The Fire and Police committee reported the burgess' check for \$40.00 for fines and licenses during the month of April: and also reported the fire at Heverley's on Monday, which it is believed was caused by defective wiring.

The Sanitary committee complained about the kind of refuse some people were depositing on the Howard street dump; and also that the ashes at the water works ought to be removed. The committee was instructed to look after both matters.

The Village Improvement committee complained about the cloud of lime dust from the hydrating plant of the American Lime & Stone company, which is very unpleasant for everybody living anyways near it. The matter was referred to the committee for consultation with the superintendent to see if something could not be done to prevent it.

The Finance committee reported a balance in the treasury on May 1st of \$894.29. They also requested the renewal of notes for \$5,000 and \$1,000 for six months and a new note for \$2,000 for three months to pay current bills.

The Water committee recommended that the water rate for the ensuing year remain the same as last year.

President Walker appointed A. Miles Barr an auditor for the Pruner orphanage and the appointment was approved by council.

On motion of Dr. Brockerhoff a resolution was passed requesting the Mayor and council of Philadelphia to include in the liberty bell's western trip itinerary a brief stop-off in Bellefonte during the Old Home week.

Mr. Naginey again made complaint about the blocking of High street by the in Cooper township, Clearfield county, Pennsylvania railroad trains going west, on April 22nd. He was a son of Joseph and the matter was referred to the Street and Magdalina Miller and was born at committee.

Mr. Shope complained about Sunday selling by certain stores in Bellefonte and Mr. Walker stated that the burgess are his wife and three children, also the ty, on April 25th, after an illness of some now had the matter in charge.

Bills to the amount of \$1,977.72 were approved and council adjourned.

## Our Weekly Summary of Legislative Activities.

[Continued from page 1, Col. 5.]

the act is a misdemeanor. An amendment to the act establishing the State Industrial Home for Women, giving the trustees power of eminent domain and right to purchase 500 acres for controlling water supply. The bills making the course of dental study four years and the bill appropriating \$240,320.47 to reimburse counties for payment of bounties for scalps and heads of noxious animals and

These bills were also approved: Amending act of 1855 to provide that no wife who shall have for a year or upward prior to the death of her husband, deserted him, shall have the right to claim any part of his property under intestate laws: prohibiting municipalities from imposing a license fee or tax on insurance companies or their agents paying a State license; authorizing Orphans' Courts to reduce bonds of fiduciaries; making it a misdemeanor to hinder an attendance officer in the performance of his duties; repealing the first and second sections of the wide tire act of 1901 and permitting any court to impose costs in lunacy proceedings upon the proper county. Several local bills of limited interest were also

Representative Phillips, of Clearfield, on Monday evening introduced an amendment to the constitution providing for the assembling of the Legislature on the first Tuesday of December instead of January in the odd-numbered years. The object is, probably, to get final adjournment earlier in the spring but the proposition is not likely to gain favor. Senator VARE wants an amendment to the constitution increasing the borrowing capacity of municipalities from seven to ten per cent., which is also heading for the scrap heap. Senator PATTON, of Philadelphia, has introduced a bill increasing the compensation of the Superintendent of the State Constabulary from three to six thousand dollars a year and that, likewise, ought to hit the toboggan.

Only the extreme optimists among the railroad workers of the State built hope on the vote of the Senate railroad committee, last week, refusing to report the Full Crew repealer favorably. The railroads are as completely in control of the Senate as they are of their own office forces. Senator Burke, of Pittsburgh, a forceful man, is a member of the committee and the vote was probably an expression of Senatorial courtesy. Yesterday the committee took another crack at the bill and contrary to custom voted secretly. The result was seven to five in favor while last week on a viva voce roll call it was seven to five the other way. Senator Burke can't imagine which of his colleagues changed their minds. Of course the bill will pass and then we will find out how closely the Governor adheres to his pre election pledges.

Of course there is a lot of chaff in the Legislative wheat bin and it would be a miracle if all vicious bills were defeated in the helter-skelter of present Legislative methods. But some legislation gets through at that and some that is freakish. But the success or failure of legislation doesn't depend upon the merit of the measure. It is a log-rolling game. Each Senator and Representative watches the bills he is personally interested in and will frequently agree to vote for a vicious bill for another fellow in return for a vote for his own worthy bill. Charity appropriations are all made in this way.

Last evening the Senate held a memorial service in honor of the late Senator J. K. P. HALL of Elk county and someof his colleagues paid beautiful tribute to his virtues. A resolution of condolence was introduced by Senator Charles W. Sones. of Williamsport, who supported it in a speech of much feeling. Senator Homsher. of Lancaster, Senator Clarke, of Erie, Senator Hilton, of Smethport, Senator CROW, of Uniontown, and Senator KLINE, President Pro tem., followed in equally eloquent and earnest tribute to the memory of the deceased Senator. It was a solemn ceremony but beautiful in its earnestness and revealed the full measure of affection in which the late Senator HALL was held by those who knew him well. The event drew a large number of his friends and admirers to the chamber, many from remote sections of the State.

pany. Two years ago his health became contracted fever and ague and was com- adjoining the church. home. He regained his health and became an active citizen of Pinellas Park. traveling representative of the Pinellas and gradually grew worse until the end. He is survived by his wife and three small children; his father, David McClintock, living in Tyrone: two brothers and two sisters, namely: Emory E. and J. Harry McClintock and Mrs. Rudolph R. Rhineschmidt, of Tyrone, and Mrs. M. H.

Ake, of Altoona. The remains were brought north and taken to Tyrone where the funeral will be held this afternoon at 2.30 o'clock.

STONERODE. - Boyd H. Stonerode, a former resident and native of Centre county, died at the home of his sister, Mrs. Bert Jordan, of Jackson, Mich., on Sunday, following a lingering illness. He was a son of Mr. and Mrs. C. P. Stonerode and was born at Milesburg about forty-eight years ago. For a number of years he assisted his father while he was station agent at Milesburg. He served during the Spanish-American war and also saw service in the United States signal service. Surviving him are his wife and three children, Hazel, Muriel and Earle, of Pittsburgh. He also leaves his mother, Mrs. Anna E. Stonerode, of Jackson, Mich., and four sisters, namely: Mrs. J. W. Lyons and Mrs. Jane Bush, of Jackson, Mich.; Mrs. P. M. Hurley, of Detroit, and Mrs. Jordan, of Jackson. The funeral was held on Wednesday, burial being made at Woodlawn, Pa.
