## ADDITIONAL LOCAL NEWS.

**A LECTURE ON THE FLAG.**—The Bellefonte Chapter D. A. R. has invited Mrs. Isabel Worrell Ball to come here on June 15th to give her address on the United States flag. Mrs. Ball is associate editor of the *National Tribune*, of Washington, D. C., and is authority on the subject of the flag. She is invited to all parts of the country to give her lecture. So many desecrations are reported to the state chairman that she feels the need of teaching the masses to respect and revere the flag.

The Bellefonte Daughters of the American Revolution will hold an open meeting on the above date and cordially invite the G. A. R., Spanish-American soldiers, Troop L, historical societies and the public in general to hear Mrs. Ball. Children over twelve years only will be welcome.

The Daughters provide this opportunity free of cost so that one and all will want to come to learn more of our flag's history. They urge you to be present on June 15th.

Mrs. James Coburn is the Bellefonte Chapter member of the Flag committee and Miss Overton is a member of the national committee; also state chairman to prevent desecration of the flag. They will be glad to receive information, suggestions and assistance to further the work of protecting our flag.

Miss Overton received word on Tuesday from Hon. H. B. Scott, Representative from Centre Co., to the effect that Governor Brumbaugh had signed the flag resolution, which means that the Legislature will print 50,000 copies of the Pennsylvania flag law for distribution.

The Senate will take 10,000, the House 10,000 and the remaining 30,000 will be given to the Pennsylvania Daughters of the American Revolution to further their work along the line of protecting the United States flag.

To Hon. Scott belongs the credit of the passage of this Resolution. He was enthusiastically interested in it from the time that Miss Overton appealed to him for his services in its behalf, and followed it until the Governor signed it.

The D. A. R. deeply appreciates this assistance because of the good that will result from it.

Further notice of the open meeting later.

Philadelphia has a Woman's Democratic club which has taken up the fight for woman suffrage and last Saturday they had a monster parade which was largely featured by the press of that city. On Thursday, May 20th, they will celebrate Dolly Madison day with a meeting and luncheon at the Hotel Walton. A number of former Centre county women belong to the club and they are anxious to interest as many women as possible throughout the State in what they believe a very laudable movement. Especially would they like to have the women in some way observe Dolly Madison day. Any person desiring further information can communicate with Mrs. A. Elizabeth W. Smith, 1503 Walnut street, Philadelphia.

H. Walton Mitchell Esq., of Pittsburgh, has been selected to make the commencement address to the graduating class at State College in June. Mr. Mitchell is a graduate of State, class of 1890, and was recently elected president of the Board of Trustees as successor to the late Gen. James A. Beaver. This will be the first time that ever an alumnus has been selected to deliver the commencement address, but we'll wager that Mr. Mitchell will be as well worth hearing as most of the long titled gentlemen who have orated at the college commencements in recent years.

On Thursday of last week deputy state fire marshal Thomas G. Ryan arrested Harry Neubauer, Daniel Milson and Anton Neubauer, of Allport, and re-arrested Herman Moyer, of Philipsburg, on charges connected with the burning of the Allport Supply company. The men were interested in the ownership of the building and its contents, and the charge is burning with intent to defraud. An insurance of \$2,500 was carried on the building and \$3,000 on the stock. Each of the men was held in \$1,500 bail for trial at court.

A fair-sized audience assembled in the court house last Friday evening to hear Miss Minnie Bronson, the anti-suffrage lecturer. Miss Bronson is a fluent talker and presented her arguments in an interesting and intelligent manner, but, while her hearers were entertained by her talk it is doubtful if she made one convert either for or against suffrage, as it is a question on which the majority of the people have already made up their minds.

High street was last week oiled from the Diamond to the brick paving near the bridge and north and south Water street was oiled for quite a distance from High street, which cannot fail to abate the dust nuisance to a considerable extent. It will also serve as a good preservative for the surface of the reconstructed High street. Allegheny street was also oiled from Linn street to the brick paving at Parrish's drug store.

**A HOODOO LAMP.**—Mrs. Willis Wion, of east Lamb street, has a Rochester lamp that is considerable of a hoodoo so far as breaking lamp globes is concerned. In less than three weeks five ordinary globes exploded on the lamp and the peculiar part of it is, that they all exploded along about four or five o'clock in the afternoon, when the lamp was not lit and no one was near it. Believing it to be merely a case of inferior globes Mrs. Wion last week purchased from George Chambers, one of his indestructible globes, the kind you can throw on the floor, stand upon, drive nails with, etc., feeling confident that that would end the explosion business. Sunday night when Mr. and Mrs. Wion retired between nine and ten o'clock they carried the lamp up stairs. It was duly extinguished and the family fell asleep. Shortly after midnight they were awakened by an explosion that sounded like a cannon cracker and really shook the house. Jumping out of bed Mr. Wion struck a match and found that the "indestructible" lamp globe had exploded with such force as to be literally blown to atoms. And this took place three hours after the light in the lamp had been extinguished. Now if any of the WATCHMAN's readers can give a scientific and understandable reason for the above Mr. and Mrs. Wion will doubtless be glad to hear it.

Dr. Thomas Charles Blaisdell, president of Alma College, at Alma, Mich., has been elected dean of the school of liberal arts at State College as successor to Dean Samuel E. Weber, who resigned the position a year ago to become superintendent of public schools at Scranton. Dr. Blaisdell is a native of Pennsylvania and holds degrees from Allegheny College, Syracuse University, University of Nebraska and University of Pittsburgh. For ten years he was connected with the public schools of Pittsburgh, was professor of English at the Michigan Agricultural College six years and has been three years in his present position. He will come to State College at the opening of the term in September.

There is a saying that "man's first right is to be born well. It is a constant reproach to motherhood to see a puny, pining baby grow to be a puling, peevish boy. It is a reproach because proper preparation and care will give the mother the health without which she cannot have a healthy child. The use of Dr. Pierce's Favorite Prescription as a preparative for the baby's coming gives the mother abundant health. The birth hour is practically painless, and the mother rejoices in a hearty child. This is the testimony of many women who never raised a child until they used "Favorite Prescription."

Good While it Lasts, Anyway.

From the New York Evening Sun. Mr. Taft says prosperity appears to be present, but it's artificial. Well, so is a good deal of the ice now used. Neither fact prevents our keeping cool.
