**Centre Countians Urged to Turn Out on "Good Roads Day"**

Be a Worker Not a Shirker Next Wednesday, When Everybody is Asked to Lend a Helping Hand in the Good Roads Movement.

In response to a call of Judge Ellis L. Orvis a well attended meeting was held at the court house on Tuesday evening to get in line for the "Good Roads Day" on May 26th, which is Wednesday of next week. On motion a committee of nine prominent gentlemen was appointed whose duty it will be to help the cause along in their section of the county. The committee includes Philip E. Womelsdorf, of Phillipsburg; Thomas Budinger Jr., Snow Shoe; H. Laird Curtin, Curtin; Hon. John T. McCormick, State College; Harry C. Shirk, Centre Hall; S. Ward Gramley, Millheim; Col. H. S. Taylor, Hard P. Harris and Dr. D. G. Stewart, Bellefonte.

Centre countians ought to enter into the "Good Roads Day" with a vim, owing to the fact that this county has been favored with a very good mileage of state highway, and the people ought to be willing to give some attention to the township roads. In this connection the following proclamation has been formulated by the above committee and is being sent to the public with the approval of Judge Orvis, who is president of the Supervisor's association of Centre county:

WHEREAS, His Excellency, Martin G. Brumbaugh, Governor of Pennsylvania, has by proclamation, set apart Wednesday, May 26, 1915, as "Good Roads Day," and in said proclamation has called upon all good citizens of the Commonwealth, to participate by manual labor, wherever possible, and by money and team in lieu of manual labor in the bettering of the public roads of the Commonwealth; and

WHEREAS, The citizens of Centre county have organized a "Good Roads Movement" and appointed a central committee to act in harmony and co-operation with the supervisors of the several townships and the authorities of the several boroughs of the county;

Now, therefore, all able-bodied men of Centre county, as well as all good citizens, are requested and urged in compliance with the proclamation of the Governor, and with the duties and responsibilities of good citizenship to participate in the work of repairing and improving the public roads under the supervision of the local road authorities and are urged to provide able-bodied and willing labor by paying the wages thereof.

All citizens are therefore urged and requested to at once communicate with the road authorities of their respective boroughs and townships in order to learn where their personal services shall be best required and utilized.

All supervisors and road authorities in the name of the Commonwealth, are likewise requested and urged, especially on the 26th day of May, 1915, to in person co-operate with their fellow citizens in the work of "Good Roads Day" and all times prior thereto, to consult and advise with their fellow citizens as to the best manner of utilizing volunteer labor and assistance of the citizens of the county.

And all the good women of the county are likewise requested and urged to cook and provide luncheon for the volunteer workers on "Good Roads Day."

(Signed,) ELLIS L. ORVIS, President Centre Co. Supervisor's Ass'n.

H. C. CHANEY, Secretary.

**Another Lime Industry Possible.**

While the WATCHMAN has no definite information in the matter there are many rumors afloat to the effect that the McNitt Bros., Lawrence McMullen and others have about perfected plans to take over the limestone rights on the Brockerhoff farms, east of town, for the purpose of development and operation.

The story has it that they will also buy a section of the old Nittany Valley R. R., thus giving them railroad connections with both the P. R. R. and the C. R. R. of Pa.

If there is anything in these rumors it would appear that the lime and stone business is proving very profitable in this section, for A. A. Stevens, Esq., of Tyrone, has just had completed a survey for a railroad that will extend from the B. E. V. tracks near Curtin, through the Curtin Gap, to the Curtin farm which Mr. Stevens bought some time ago. This would open up extensive fields of the "Bellefonte vein" of limestone lying east of here, for the Curtin farm has large deposits of it and the Furst farm next, for which Mr. Stevens is said to have made a very tempting offer, also has considerable stone.

**HIGH SCHOOL COMMENCEMENT NOTES.**  
—Thirty-nine young men and women will graduate from the Bellefonte High school at the thirty-second annual commencement, which will be held next week. Examinations have been completed and first honors have been awarded to Francis Van Valin, of Unionville, and second honors to Miss Henrietta Quigley, of Bellefonte.

The commencement exercises will begin on Sunday evening when Rev. W. C. Charlton will preach the baccalaureate sermon in the Episcopal church. The Junior declamatory contest will be held on Monday evening.

Commencement exercises proper will be held on Thursday afternoon and evening. Following the class exercises in the afternoon the boys of the graduating class will present the School Board with a very artistic sun dial, which will be located on the school grounds in front of the High school building. The girls of the class will present a large American flag which will be displayed daily in front of the same building. The final exercises will be held on Thursday evening, when the graduates will be awarded their diplomas.

The alumni reception and dance will be held at the High school on Friday evening. The grade closing exercises in the brick building will be held at the new building at 9.45 o'clock on Tuesday morning. The corresponding exercises for the grade schools in the new building will be held at 9.45 o'clock Wednesday morning.

An elaborate exhibit covering all of the manual arts in the public schools will be opened on Monday evening, May 24th, and will remain open until Friday, May 28th.

If a fire should occur in Bellefonte call the American Union telephone exchange and give the operator the location of same. A temporary fire alarm system has been installed in connection with the bell on the Undine Fire company building which is electrically sounded from the American Union exchange.

**EVERYTHING BOOMING FOR OLD HOME WEEK.**

Glowing reports were made at the meeting of citizens on Tuesday evening and interest in the Centre county Old Home week is booming. Chairman Blanchard stated that all the booster parties who covered the county last Thursday reported great enthusiasm everywhere. Everybody was anxious to do what they could to make the gathering one of the biggest ever held in Centre county, and from present indications there will be a general inrush on Bellefonte every day during the week.

The Finance committee reported \$1,300 pledged to date with more in sight. On motion the president was authorized to empower the chairman of the Amusement committee to execute the contract with Thomas Brady, of New York, for four big free attractions. The committee further reported that the Old Home week will be advertised in this week's issue of the Bill Board.

Mr. Conley, of the Decorating committee, reported that he had been in communication with ten different decorating firms but after getting prices, plans, etc., he advised giving the work to E. J. Hendrickson, of York, Pa. On motion Mr. Hendrickson was chosen the official decorator for the Old Home week and Mr. Conley was authorized to enter into an agreement with him to do the work.

Chairman Blanchard exhibited the program and souvenir book of Phillipsburg's Old Home week last year, on which they claimed to have made one thousand dollars net, and stated that he had a proposition from a responsible party to get out a similar book for Bellefonte, the man to receive the first fifty dollars after all expenses had been paid; fifty per cent. of the next one hundred dollars and all over that to go to the association. On motion he was empowered to give the gentleman referred to the privilege of getting up the official program on the above terms.

Two new committees were constituted. The first was an Entertainment committee or bureau of information, of which George T. Bush was made chairman with power to select his associates. The second was a Reception committee with Hard P. Harris as chairman.

The secretary was authorized to extend an official invitation to the Pine Grove Mills Academy association of old students to hold their fiftieth anniversary reunion in Bellefonte some day during the Old Home week, and assure them of a prominent place upon the program.

Only forty-two more days intervene until the beginning of the Old Home week and so much yet remains to be done that it behooves everybody interested to get to work with a will and the determination that when the time does come there won't be a single thing left undone.

**W. C. T. U. CONVENTION.**—The Centre county W. C. T. U. will hold its thirtieth annual convention in the old Presbyterian church, Hublersburg, on Tuesday and Wednesday, June 1st and 2nd. An extensive program has been mapped out for this occasion. Many visitors and delegates are expected from all over the county. Mrs. Parsels, national organizer and State vice president will be present and deliver two addresses, the first on Tuesday afternoon, June 1st, at 3.30, the other Tuesday evening at 8 o'clock. Mrs. Houston, of Clintondale, State T. L. B. superintendent will be present on Wednesday morning to deliver a short address. Reports from the county superintendents of the numerous departments of the W. C. T. U. work, and from the officers, new business and plans for the coming year will occupy the rest of the time, enlivened by music and a general good, social time. The Hublersburg ladies are cordially throwing open their homes to entertain all delegates and visitors and are hoping large attendance will reward their hospitable efforts. Those who expect to attend will kindly notify Mrs. Paul Carner, chairman of the entertainment committee, Hublersburg, by May 25th.

—The Woman's club of Bellefonte is endeavoring to inaugurate the work of uniting the town and rural women of our county under one organization and in response to an invitation sent out during this month, eleven women from Hublersburg and fifteen from Unionville have united with the Bellefonte club as branch clubs and they expect to hold several meetings together during the coming year. They aim in the future to establish a rest room for women in our town with a matron in charge, where women from the country may have a place to eat their luncheons, leave their children and have their packages delivered from the stores. The Federation of Pennsylvania is urging the Women's club throughout the State to take this work up and the Bellefonte club is one of the first to respond.

—Herr & Heverley got their auto-delivery out of the paint shop this week and there is no question as to its being conspicuous enough to attract attention.

—The Legislature on Wednesday withdrew the State College appropriation bill from the Governor and increased it from \$900,000 to \$1,000,000.
