ADDITIONAL LOCAL NEWS.

GOOD ROADS DAY IN CENTRE COUNTY.—The rain on Wednesday put a damper on the Good Roads enthusiasts in Centre county and a lot of work planned for different parts of the county was abandoned, or at least postponed to more suitable weather. At a number of places, however, even the rain was not allowed to interfere and considerable work was done. And in no place in the county was there more activity than right here in Bellefonte.

As a nucleus for the work the American Lime & Stone company, McCalmont & company, the Chemical Lime Co., and the White rock quarries each contributed a car load of crushed stone, with all the screenings desired. Thomas Beaver furnished two teams and drivers, and the Bellefonte Fuel & Supply company, R. B. Taylor, A. G. Morris Jr., McCalmont & Co., M. R. Johnson, Harry Harter and William Martin each furnished a team and driver; among the men who were out were Hard P. Harris and J. D. Seibert. Judge Ellis L. Orvis had intended going out, but court was still in session and he could not, but he hired a man to work in his place. Col. H. S. Taylor, W. L. Dagget, Mrs. Robert Mills Beach and Miss Emma Aiken also hired men to work for them while John L. Knisely not only went out himself but took two men with him. Most of the work done was on south Water street, Bishop street and Howard street, and the work started will be finished by the borough.

Milesburg also responded nobly to the Governor's call, as twenty-five men with nine teams worked on the road extending from that borough out toward Marsh Creek, and after they had completed the job to their satisfaction they all lined up and had their "pictur' tookened."

Down at Hecla Park squads of men worked on the road running to the mountain past the club house and also on the road leading into the club house. Some work was also done on the Jacksonville road.

SOLEMN SERVICES FOR THE SOLDIER DEAD.—On Sunday morning members of Gregg Post No. 95, G. A. R., escorted by George L. Jackson Camp No. 70, Spanish War Veterans, marched to the United Evangelical church where memorial services were held in honor of the hero dead. Rev. Fulcomer preached an excellent sermon and the services throughout were very appropriate and inspiring. A solemn feature was the old veterans of the Grand Army passing through the open ranks of the younger veterans of the Spanish-American war, who stood at attention with bared heads in honor of those noble men who fought from '61 to '65.

Sunday afternoon three automobiles carrying a detail of Gregg Post and also of George L. Jackson Camp went to Meyer's cemetery where soldiers' graves were decorated and speeches made by comrade D. F. Fortney and comrade H. S. Taylor. From there the veterans crossed over to Shiloh cemetery where services were held in the church. A male quartette from State College sang some very beautiful hymns. Addresses were made by comrades Samuel B. Miller, D. F. Fortney and H. S. Taylor.

Memorial services will be held in Bellefonte next Monday afternoon. The parade will form in the Diamond at two o'clock and march to the cemetery for the exercises and decoration of graves. Dr. G. E. Hawes will deliver the address. Don't forget the proclamation of the Governor to stand at attention with bared head from 12 o'clock noon to 12:05 next Monday.

KILL THE CRAWLING CATERPILLAR.—Complaints come from Buffalo Run valley that the fruit and shade trees are virtually alive with caterpillars, big cat' little cat' and half grown caterpillars, and they are already proving quite destructive. In fact our information is in effect that never before have there been so many of these destructive pests been so numerous as now in that locality, and unless some drastic measures are resorted to for their extermination the trees will be despoiled of both their fruit and leaves. A good, sure and quick way to get rid of the caterpillars is to tie a corn-cob on a long pole, soak the cob in kerosene, set fire to it and push it in close proximity to the underside of the caterpillar's nest. It only requires a second or two to thus remove a good sized nest and all its contents, and comparatively no damage will be done to the tree. But the sooner the work is done the better. Along the state road down Litterly valley, numbers of trees are literally covered with the tent-like nests, the wild cherry trees being especially so.

COUNTY GRANGE WILL MEET.—The Centre County Pomona Grange will meet in the hall of Howard Grange on Tuesday, June 1st. All members of the Grange are cordially invited to attend this meeting. There will be two sessions—morning and afternoon.

Our Weekly Summary of Legislative Activities.

[Continued from page 1, Col. 5.]

roads, passed both houses without a vote in opposition. That was rather a severe rebuke to the demagogues who committed the Democratic party against the similar amendment last year. There are forty-one Democrats in the House and eleven in the Senate and out of the fifty-two not one voted to support the false policy enunciated by the bogus Democratic State Executive Committee. The Democratic party is foremost in the fight for progress and the deception practiced upon the Democratic voters in 1914 was a crime which never will be condoned. It will cost the people of Pennsylvania millions in the impairment of market facilities.

It is the obvious purpose of the administration to allow the resolution creating a commission to investigate city governments to become operative without executive approval. Attorney General BROWN says that only concurrent resolutions "that legislate," require executive approval and this one is only intended to rip up. Under that interpretation the Governor wins "coming and going." If the measure turns out bad, as the CATLIN measure of four years ago, the Governor can divest himself of all responsibility. If it accomplishes good results, he can claim that he permitted it to become effective, whereas he might have strangled it with a veto. As a matter of fact, however, if the Governor doesn't sign it no witness will be obliged to respect its process. That much was determined during the CATLIN investigation in Philadelphia.

By the same token the Governor proposes to put himself in right with respect to the hitherto highly expensive and purely ornamental Public Service commission. The members of the new Board visited the Executive office in a body, by appointment, yesterday afternoon, and His Excellency proceeded to read them a certain lecture. He admonished them against sleeping at the switch, loafing on the job or winking the other eye. "It is my purpose, he said, "to have the Commission in session all the time and that the Commission be a business board instead of merely a judicial body." He said he wouldn't name the chairman until after Decoration day and declared that he had dispensed none of the patronage of the Board except that he had promised that the Investigator of Accidents, JOHN P. DOHONY, will be retained. That was a safe promise for Mr. DOHONY is one of the most efficient and capable public officials of the State.

It was taken for granted by everybody that Governor PENNYPACKER will be made President of the Board. The President gets \$500 a year more than his colleagues and "your Uncle SAMUEL" has an eye to the main chance. The rumor therefore, current in the capital corridors yesterday, that "BILLY" MAGEE will be the president was somewhat astounding. No fellow has been able to find out how MAGEE got the job in the first place and the idea that he is to get preference over those of acknowledged ability, sort of multiples perplexities.

Neither Senator VARE nor his brother BILL, the Congressman, has issued a statement upon the work of the Legislature, the state of the country or the greatness of BRUMBAUGH this week and there is a suspicion here that the family has been stricken with vocal paralysis.

THE BELLEFONTE CHAUTAUQUA FOR 1915.—Miss Helen E. C. Overton has received a letter from Paul M. Pearson, of Swarthmore, secretary of the Chautauqua Association, in which he outlines the proposed program for the Bellefonte Chautauqua in July, and as so many Bellefonters are deeply interested in knowing what to expect we publish the following:

"The date for the Bellefonte Chautauqua has been fixed by correspondence to begin July 24th. This was your first choice. I have before me the referendum which you filed out last summer. I am pleased to be able to say that the tent crew will be one that I commend to you especially. The captain is A. R. Pearson. Of course, I am prejudiced because, being his father, I think that he is a good tent captain, but I know he will like Bellefonte and I think that the community will like him. Our Junior leaders will be Miss Josephine Wilson and Miss Reba Capen.

The only repetition on your program is Chauncey J. Hawkins, who was such a success on the "B" circuit last year that we have transferred him to the "A" circuit. He will have a different lecture at Bellefonte. The biggest musical success of the "A" circuit last year was the Crawford Adams Trio, who are on the "A" circuit again this year, but come to you for the first time, for Bellefonte is changed from the "B" to the "A" circuit this year.

Your eminent man is Governor Joseph W. Folk. No comment is needed. Perhaps the biggest surprise of the week will be Montaville Flowers, who will lecture at Bellefonte July 29th. He has just closed an engagement with us and has been enthusiastically received. At Winchester, Va., and Frederick, Md., they have insisted that he should come again within three weeks, and they wanted to put into the contract for next year that he be on the program. Hazleton declared that if they had nothing else, Chautauqua would have been worth while because of Mr. Flowers' lecture.

I note that you liked the variety of the 1913 Chautauqua better than that of 1914. I believe you will be pleased with the variety in the 1915 program.

Bellefonters missed two good games of baseball last week when the rains prevented the Bellefonte Academy contests with Ursinus and the Penn State Freshmen. But this (Friday) afternoon the Academy will play the St. Francis college team on Hughes field and it will be a game worth seeing. The price of admission will be only twenty-five cents and a good sized crowd ought to go out and root for the home team. Game will be called promptly at 2:15 o'clock and you want to be there on time.

At a congregational meeting of the Bellefonte Presbyterian church, held on Wednesday evening, Dr. R. G. H. Hayes, Henry S. Linn, H. C. Yeager and David Miller were elected elders of the church.

WEISER — KREAMER.—Dewitt Weiser and Miss Helen Kreamer, both of Millheim, were married at the United Evangelical parsonage in that place on Sunday morning at 8:30 o'clock by the pastor, Rev. Brown. They will reside in Millheim.

DELANEY—MITCHELL.—Vincent Delaney and Miss Emma Mitchell, both of this place, were married at the Catholic parsonage at eight o'clock on Wednesday morning by Rev. Father McArdle.

SENATOR PENROSE TO BE SPEAKER AT OLD HOME WEEK.—United States Senator from Pennsylvania, Boies Penrose, has accepted an invitation to be one of the speakers at the Centre county Old Home week celebration, and the time will be on Monday morning, July 5th, at ten o'clock. This was definitely announced at the meeting of citizens on Tuesday evening. The Finance committee reported good progress and the indications are that the money will be forthcoming to meet all expenses.

The Amusement committee reported that contracts had been closed with Thomas Brady, of New York, for four big free attractions and an Italian band of twelve pieces had been engaged to play for the free shows and such like attractions. By next week the committee hopes to be able to report as to the nature of the carnival attractions. The High school grounds have been secured for the merry-go-round, circling wave, shoot the chute, and similar attractions.

The Parade committee reported that from present indications the industrial parade would be a hummer, and everything was favorable for the other parades. Chairman Blanchard stated that an effort is being made to secure the room recently occupied by R. A. Beck as a permanent headquarters. If successful G. Wash Rees will take charge of the same at once and open a regular bureau of information. Mr. Rees will also have charge of the task of registering lodging and boarding places for the week, and any person who will take boarders or lodgers should notify him by letter or postal card, giving rates, and he will keep a list of the same.

A letter was received from George R. Meek tendering his resignation as chairman of the Music committee and the matter of selecting his successor was held under advisement until the next meeting. It was the sense of the meeting, however, that principally Centre county bands should be engaged.

Chairman Blanchard and his associates on the executive committee have prepared a tentative program for the entire week, which is subject to some minor changes. It is as follows:

Circus Aerialists Want Insurance.

The Yorkes family, one of a dozen of mid-air troupes now appearing with Welsh Brothers' and Lessig circus, have brought suit in an effort to compel a well known New York insurance company to insure them against accident or loss of life. The insurance company has refused to accept the risk on the ground that it is too great a hazard. If the Yorkes will agree to use a net under their act and content themselves with performing the usual feats seen in circus tents, a policy will be written. The company makes positive objection to the triple twisting somersaults performed by these artists. In the meantime the Yorkes continue to perform twice daily and their attorneys have instituted suit to compel in-

urance on the ground that the New York concern has written policies for aerialists appearing with other shows.

The Welsh Brothers' and Lessig circus will exhibit at Bellefonte Tuesday, June 8th.

Bark peeling is progressing very slowly. The crew resumed their work on Tuesday morning, being delayed several days on account of the continuous rain.

A splendid opportunity is being afforded at the present for the reading of the "WATCHMAN." It is too wet to repair fence and the corn needs no attention.

Word was received from Stanley Zeigler, who is employed at the State hospital of Warren, stating that he likes the place and the work. His many friends wish him great success.

The wagon shed several feet west of F. H. Shultz's barn fell to the ground with a crash one day last week, entirely destroying a new wagon bed which was hanging beneath the cross loft.

The heaviest and most lengthy thunder shower of the season struck this community on last Friday evening. The long lanes being washed badly and some corn-fields damaged to a great extent.

At different points along our main thoroughfare are signs reading "State Highway Warning: Sharp Curve Ahead," but lettered so small evidently for fear some one might read it. The fact is one can hardly read the sign if driving in a buggy with a sleepy horse, to say nothing of the ordinary speed of an auto.

Prisoner Gives Up Hope and Says He Will Not Appeal.

The court of appeals at Albany, N. Y., fixed the week beginning July 12 for the execution of former police lieutenant Charles Becker, convicted of the murder of Herman Rosenthal.

This court had previously affirmed Becker's second conviction.

The death warrant was signed by the judges of the court and forwarded to Warden Osborne at Sing Sing prison. Governor Whitman continued to remain silent on the case.

Martin T. Manton, chief counsel for Becker, is planning to visit the condemned man at Sing Sing to confer with him concerning future action.

When told of the court's decision Becker said: "It's awful. I am worried about how it will affect my wife. She has been so good to me." Other reports from the death cell quoted Becker as saying he would not appeal from the decision, adding: "It will only delay matters. Let them set the date; I am ready."

Mr. Manton agreed with Becker in stating that no attempt will be made to obtain executive clemency from Governor Whitman. District Attorney Perkins said that in his opinion Becker's only chance of escaping the electric chair is in newly discovered evidence or in an appeal to the governor.
