REBERSBURG.

William Shultz came over from Greenburr on Saturday to see the boys parade.

The Aaronsburg band on Saturday evening did themselves proud, with choice music.

Those Bierly boys are seemingly endowed with perpetual motion—all business, always on the trot.

Clarence Weber, of Bucknell University, spent Sunday with his mother, Mrs. John Breen, of this place.

Prof. Howard Metzger has been here taking orders for a handy household implement, viz: A smoothing iron heated by oil.

Col. Taylor is right. If all would obey the cardinal principles of Odd Fellowship, the madness of war would be abated.

Mr. and Mrs. Harry Stover and family, of near Lewisburg, visited the latter, parents, Mr. and Mrs. Robt. Hackenberg, over Sunday.

Mrs. Isabel Cole has heard the call from the wilds of Huntingdon and went there to soothe her mate who is busy building carriages.

The Millheim boys failed to appear for Saturday's ball game, and so a game was played by players chosen by Rebersburg, Wolf's Store and Loganton.

Norman Douthy, the dandy circulator for the WATCHMAN, spent Sunday at home. Many of our citizens have promised to stand by Norman and the WATCHMAN.

Mrs. Victor Walker expects to leave Saturday on a trip to her old home in Florida, where she has valuable cases in action and her presence is necessary to preserve them.

Miss Ruth Douthy returned Saturday from Avis, where she spent the past eight weeks pleasantly visiting with her sister, Mrs. Yerrick. Her return is gladly welcomed by her many friends.

A beautiful Children's day exercise was observed on the night of June 13th, at the Evangelical church. The church was beautifully decorated for the occasion and the little ones all rendered their parts well.

One of the busiest caterers at the U. E. festival on Saturday evening was Mahlon Stover, of Spangler's Grange. The adolescents took up the jolly refrain: "If it's good for Mahlon Stover, it's good enough for me!" Sic semper Amicis.

Too bad! A couple of Loganton boys on Saturday evening, trying to round the turn at the hotel on their motor cycle, spilled themselves all over the side walk. An old farmer seeing it shouted to them: "Hey, lads! better go out and catch a goat and ride that!"

Mr. and Mrs. David Meyer, of Centre Hall, accompanied by Mrs. Malinda Shook, of Williamsport, and Mrs. Ella Barnes, of Bellefonte, sister of Mr. Meyer, were recent visitors at the home of W. H. Miller, during Centre county Old Home week they expect to greet their sister Mary, from California.

Mr. and Mrs. J. N. Moyer and Mr. and Mrs. Harvey Miller were taken to Selinsgrove on Monday by Harry Royer in his Reo, to attend the general commencement at Susquehanna University, where Mr. and Mrs. Moyer's daughter Emma graduates with a class of seven in music. Miss Moyer was assigned the post of honor to play the piano during all the commencement exercises.

Hon. W. Reed Bierly was called to Norristown on Monday to consult with A. R. Place Esq., with reference to taking over and editing and publishing the Justice Law Reporter, a legal publication established twelve years ago by Mr. Place, and with a large circulation in all parts of Pennsylvania. Mr. Place has paid our townsman a big compliment in judging that he is most eminently fitted for this legal work.

W. Francis Speer, Recorder of deeds, and Paul Fortney, District Attorney, accompanied Col. Taylor to the Odd Fellows' memorial. When they sat down to the feast at the inn d' Long, Speer was missing. A courier was sent out for him and what d'ye think! Our Francis was soliciting among the ladies, having heard of the many converts made recently by the Bellefonte couple. Francis is no pebble on the beach!

On Saturday three of the gifted pupils of Miss Boyd Stover gave a private rehearsal at Miss Stover's residence for a few friends. Little Luella Gephart, who is a beginner, sang a pretty song and played her first piano piece proudly. Miss Bernice Crouse and Miss Hilda Bierly played a number of duets with fine expression and exact tempo, such as Russe, Jolly Blacksmith by Pene. Bernice is a petite, sunny-haired and blue-eyed girl past "twal" and has celebrity in her fingers as well as refined touch. The test "Taurereiz," by Schumann, was admirably and dreamily interpreted by her. Among other selections played by her were "Throwing Kisses," by Carl Heins, "Humoresque," by Dvorak. Hilda Bierly gave us a new intermezzo, "L'Egyptienne" by Brown La Zarina; "Rosary" Melody in F., by Rubenstein himself and the "Flower Song," a new one in her repertoire. Bernice sang the Kiss Song thrillingly. When the public recital is given in July, the people are assured of a real musical treat.

I. O. O. F. MEMORIAL SERVICES.—The Odd Fellows' Memorial services were held in Union Cemetery on Saturday evening and were highly impressive, having attracted more than a thousand people. The Rebersburg Lodge turned out in the procession 75 and Millheim and Loganton added about 25. All were led by the Aaronsburg band. The Marshall in charge was Harvey Miller. The banner rested upon the monument of brother Thomas Royer, the latest one to be called to the Heavenly Home. The square of brethren formed around the monument embraced the most substantial and honored citizens of these three valleys. The orator of the day was Col. Hugh S. Taylor, of Bellefonte, whom we count as one of our own. His voice reached the remot-

est one of the vast crowd of people and every word of his ardent eloquence was heard and appreciated. His theme was the unfinished work of the departed brethren and an exhortation to the living to continue and finish it. His arraignment of the brutish and unreasoning war on the blood-drenched fields of Europe was an indirect argument for that peace which Odd Fellowship stands for, united on the broad platform of the Fatherhood of God and the brotherhood of man. After the exercises concluded in the Union Cemetery further decoration of Odd Fellow's graves in the Evangelical Cemetery was done and then the procession was dismissed at Odd Fellows hall. This was pronounced the most successful event of the kind in this community.

Not a Full Explanation.—The manifestation called heat with humans and most other animals is a sensation indescribable. From the time of Democritus and Epicurus, and far back of that, the mystery of the source of heat was hotly discussed. As time wore on and on the mystery was forgotten and no learned words, and Sir Humphry Davy explained it all by saying that heat was merely the vibration of corpuscles of the body. He did not tell of the origin of the corpuscles or why they vibrated.

Rev. L. S. Spangler's resignation has been accepted by the charge and for the last time he filled the pulpit as pastor on Sunday evening. His flock is loth to see him go but their loss is the Everett charge's gain. He is a fluent pulpit orator and his truly christian spirit is thoroughly interwoven in his system. His household goods were shipped to Everett by rail on Wednesday. He had previously accepted the charge at Everett. He went on the trip in his new Ford car.

Robert Bailey, tenant farmer on the Theodore Davis Boal farm, had a rather thrilling experience last Friday. He was cultivating corn and at the noon hour started to unhitch his team. When he had one horse unhitched the other frightened at something and both started to run away. Mr. Bailey was between the horses and the cultivator and could not get out. He clung to the machine and avoided getting hit with the horses' hoofs until they struck a stone and tore loose from the cultivator. Mr. Bailey had one hand badly hurt and a number of bruises, but escaped any serious injuries. The horses were uninjured but the cultivator was pretty badly damaged.

Wrong Position for Sleep.

Sleep cannot knit up the raveled sleeve of care or do any other reparative knitting, if the head is bent sharply to an acute angle with the collar joints. Frequently men and women who have slept in this supposedly objectionable fashion for years and years suddenly lose the capacity for sleep with no new discoverable reason. It is difficult to convince them that the elasticity and resiliency of youth has heretofore made up for their lifelong awkward pose.

We Had It.

In honor of a visit to his plant by the governor of the state an automobile manufacturer once had a complete car assembled in something like seven minutes. Some weeks later, after this feat was heralded in the daily papers, the phone rang vigorously. "Is it true that you assembled a car in seven minutes at your factory?" the voice asked. "Yes," came the reply. "Why?" "Oh, nothing," said the calm inquirer, "only I've got the car."

ing. Those who buy and use such medicines, without caring for more than immediate results are very apt to find themselves at last the victims of a medicine which has broken down their strength. In the use of laxatives, the future benefit should be taken into consideration. The excellent laxative qualities of Dr. Pierce's Pleasant Pellets, are the more appreciated because they don't make victims of the pill habit. They are essentially the safe and reliable pill for family and household use.

Hood's Sarsaparilla.

Severe Rheumatic Pains Disappear

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, pain and heat. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys and skin are too torpid to carry it off.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and at the same time it improves the digestion.
