THINGS ABOUT TOWN AND COUNTY.

—Marshmallows, 10c a box, at CANNYLAND.

—The Bellefonte mixologists held their annual outing in Curtin's gap on Sunday.

—Another little son was born to Mr. and Mrs. Edward Robb, on Monday morning.

—A daughter was born to Mr. and Mrs. William Sproul, of Hecla, on Tuesday morning.

—Only forty-five hunters licenses have been issued so far by county treasurer John D. Miller.

—W. A. Lyon on Monday sold his Ford car after a motoring experience of less than two months.

—Charles T. Noll has been appointed overseer of the prison laundry at the new penitentiary at Rockview.

—Gamil Rice, of Pine street, suffered a stroke of paralysis last Saturday, and has been in a serious condition ever since.

—William Woods and family moved from their home on Wilson street to State College on Wednesday; intending to locate permanently in that town.

—James Dixon, of Waddle, was awarded the contract for painting six iron bridges in Bald Eagle valley, his bid being \$100.00. The work is to be completed by October first.

—The Osceola Car company, of Osceola Mills, was granted a charter at Harrisburg on Saturday, capital \$5,000. The incorporators are Congressman Charles H. Rowland, of Philipsburg; John Sheriff and C. A. Rickenbaugh, of Osceola Mills.

—While cutting wood at the home of his parents, at Unionville, on Friday afternoon, Wilbur Stine, aged fourteen years, cut a deep gash in his right leg just above the ankle. He was given "first aid" treatment then taken to the Altoona hospital.

—Quite a number from this side attended the Hazel-Schaeffer reunion at Madisonburg yesterday, and the attendance was probably larger than it has been for years. Of course, this is accounted for in a measure by this being a big political year in Centre county.

—James R. Kinsloe, well known in Bellefonte, who left Harrisburg three years ago to become secretary of the Association of Commerce of Winona, Minn., has been chosen executive officer of the new Chamber of Commerce of Charlotte, N. C., and will enter upon his duties there September 15th.

—Robert A. Zentmyer, a civil engineer of Tyrone, has been appointed a member of the Pennsylvania Water Commission by Governor Brumbaugh. The position commands a salary of \$3,000 a year and expenses, and several Centre counties were included in the large list of applicants for the job.

—The annual meeting of the Bellefonte hospital association will be held at the hospital this (Friday) afternoon at four o'clock. Every person who has contributed to the support of the hospital during the past year is a member of the association and a good attendance at the meeting is desired, as business of importance will have to be disposed of.

—Clement Dale Esq., last week purchased a Ford touring car to use in his canvass of the county for the Judgeship nomination. He is now in a position to cover as much ground as the other candidates, and make about as much noise while traveling. He had his car equipped with shock absorbers on Monday in order to reduce the jolt to a minimum.

—The ladies of the U. B. church will hold a baked food and ice cream sale tomorrow afternoon and evening in the basement of the church, where all kind of good things for the Sunday dinner can be secured. On Saturday evening, September 4th, they will hold a festival on the Island on south Water street. Ice cream, cake and other refreshments will be on sale. If the evening is stormy the festival will be held in the church basement.

—The Centre county teachers' institute will be held this year the week beginning November 8th. Already a number of the teachers of the county are advocating holding the institute at Philipsburg this year. County superintendent David O. Eters has not taken the matter up officially but will probably hold the institute where the majority of the teachers want it. In the sixty-eight years that the institute has been held it has been in Bellefonte with the exception of one year, 1903, when it was held in Philipsburg.

—Shortly after nine o'clock yesterday morning Miss Sarah Owen, of east Howard street, started to make a call on Miss Sarah Brown. At the latter's home there is an outside cellar door, which was open. Miss Owen failed to notice this and walked right into the open cellar way, falling down the stairs. She sustained a very bad cut on the right side of her forehead while her right shoulder was badly injured, but no bones broken. She was at once taken to the hospital for treatment and her condition late yesterday was quite serious.

A RAILROAD RUMOR.—A somewhat indistinct rumor is now current hereabouts of a change in the train running system which, if it proves correct and is eventually established, will make a radical difference in more than one respect. The rumor is that the Lewisburg and Tyrone train will be run through from Sunbury to Snow Shoe, instead of stopping at Bellefonte.

It will be remembered that a year or so ago this question was discussed in railroad circles as a means of doing away with the present system of combination freight and passenger trains over the Snow Shoe railroad, a kind of railroad that is discontinued by the present railroad laws. Such a change would not affect the train time here, but would make the run considerably longer for the railroad crew and necessitate the crew making Snow Shoe its headquarters instead of Bellefonte.

Inquiry among railroad men here failed to add either a confirmation or denial to the rumor, but it is known that a special test train made a trip of inspection over the Snow Shoe branch last Thursday, but whether it had anything to do with a change of the above nature is not known. Railroad men aver that it would be impracticable to run the Lewisburg and Tyrone train over the Snow Shoe branch as the type of engine now in use on the former would not haul the train up the mountain. In publishing the rumor the WATCHMAN gives it for what it is worth without vouching for the truth of it.

ONN FURNACE STACK IS DOWN.—The 153 ft. stack at the old Bellefonte furnace that has held its head high in the heavens since 1887 went down with a crash yesterday afternoon at 3:20 and all that remains is a pile of twisted and battered boiler iron filled with thousands of brick.

The fall was a beautiful sight as the tall structure seemed to fall so slowly and did not buckle, though when very near the ground it broke in two in the middle.

It was a simple matter to throw it. A cable attached about half-way to the top ran to a dinky-engine on the ground and a light blast blew out the one side of the foundation under the stack. This done the engineer gave a blast of the whistle, opened the throttle, the cable tightened and the stately tower wavered just an instant and then fell with a great crash and immense clouds of dust, nearly in the spot that had been planned to have it fall on.

This ended the most visible monument to one of Bellefonte's old-time industries and the first one of the only two blast furnace stacks we ever had.

OIL PROSPECTORS HOPEFUL.—The oil prospectors down in Haines township are bubbling over with enthusiasm over the outlook for a rich strike. Early this week they succeeded in penetrating the stubborn sand bed that had proved such a bug-bear to them for weeks on account of its hardness. They are now in a strata of the Bradford sand and feel confident that they will soon strike oil, and that a shot will bring forth a flow of that commodity from the bowels of the earth in a sufficient quantity to put all the stockholders in the millionaire class.

What a startling departure that would be for staid old Brush valley, whose residents for over a hundred years have thought of nothing else but tilling the soil, raising big crops of grain and fruit, and turning out more good Democrats to a square mile than any other section of Centre county.

WILLIAMS FAMILY REUNION.—The very threatening weather of last Saturday interfered somewhat with the attendance at the Williams family annual reunion in John Q. Miles' grove near Martha, but notwithstanding this fact the crowd present was estimated at five hundred or over. There were the usual speeches by members of the clan and the re-election of all the old officers. As this reunion is the one big gathering held in upper Bald Eagle valley during the season it was attended by almost every man who is a candidate for office in Centre county. In fact they and their boosting friends were the most conspicuous element present. The gathering was brought to a precipitate close by the hard rain storm which descended upon that section shortly after five o'clock in the evening.

I. O. O. F. PICNIC.—The various I. O. O. F. Lodges of Centre county will hold their annual picnic and reunion at Hunter's park, on the Bellefonte Central railroad, on Monday, September 6th (Labor day), under the auspices of the Bellefonte and State College Lodges. There will be plenty of music and a big program of sports which will include a ball game between two of the denominational teams of State College. Special trains will be arranged for in order to handle any sized crowd that may attend. The gathering will be in the shape of a basket picnic and the public is invited.

TO DOG OWNERS.—Dogs may be trained on the small game of the State from September first to March first, next following, Sundays excluded, so long as such dogs are at all times under the control of their master, and do no harm or injure to the game pursued. This enables dog owners to train their dogs within the scope of the law.

A midnight prowler is making himself obnoxious to residents of the southern part of the West ward and Bush's Addition, his last appearance being on Monday night.

—Frank M. Moorehead, who has been connected with the Western Union telegraph office in Lock Haven the past two years, has resigned his position there and gone to Scranton to accept a position with the American Telephone and Telegraph company. Mr. Moorehead is quite well known in Bellefonte and frequently visits here.

—Bellefonte and Centre county were visited by a terrific rain storm on Saturday evening which lasted a half hour or more. Comparatively little damage was done, however, in this section, but through the Schuylkill valley the destruction was enormous, especially at Hanover, in York county, where the damage is estimated at one million dollars. The storm here was accompanied with very little wind.

—William Wolf, of this place, has been awarded the contract for the brick work of a large business building the McLaughlin brothers will erect at Snow Shoe. Some idea of the size of the building can be had from the fact that it will require seventy thousand brick for the walls. Work on the same has already been begun. Mr. Wolf has also received the contract for the brick work on a large house at Clarence.

—Tuesday was the last day for candidates for judicial honors to file their nomination papers with the Secretary of the Commonwealth, but the five candidates in Centre county did not run the risk of waiting to the eleventh hour, as the last of them sent in their papers last Friday. Next Tuesday, August 31st, will be the last day on which candidates for county, borough and township offices can file their papers of nomination.

—The political campaign in Centre county is warming up but that need make no difference with your attendance at the Scenic. During the hour or two you spend there you will be able to forget politics and all your other cares and worries in your enthusiasm over the pictures shown. Four reels and upwards every evening. Everything new and up-to-date. Big features a speciality. The Scenic is the most popular motion picture show in Bellefonte and its large patronage proves it.

—Mrs. Bert Harker and her mother, Mrs. Fannie Shultz, came down from Johnsonburg last Friday and have been busy this week preparing for a sale of most of Mrs. Shultz's household furniture, which will take place today. Mrs. Shultz will furnish a room in Miss Owen's house on Howard street and spend her time there and with her daughter. The McQuiston house she is vacating on west High street will be taken on September first by Miss Kate Shreffler and her mother.

—The Special committee of borough council and superintendent H. J. Thompson, of the State-Centre Electric company, had quite a lengthy conference on Monday evening over the contract for the new system of street lighting. There are many minor details to consider and various specifications to be embodied in the contract that it requires very careful consideration by both sides to get it into proper shape for presenting to council for approval, but it is the purpose of both the committee and superintendent Thompson to have everything complete by next meeting night.

—The report circulated last week that the prisoners at the new penitentiary had gone on a strike and refused to work on the new buildings is incorrect. The men all work where they are put and appear satisfied with their lot. But their labor has not been sufficient to keep the large force of carpenters busy and it is necessary for a time at least to keep on a force of other laborers; especially as it is the desire of warden John Francis to push the buildings now under course of erection to an early completion in order to have adequate housing facilities for the prisoners who have been taken there this summer.

—Rev. George E. Hawes will preach his final sermon in the Bellefonte Presbyterian church on Sunday, September 12th. A meeting of the Huntingdon Presbytery will be held in this place on Thursday, September 16th, at which his pastoral relations with the Bellefonte church will be dissolved and he will be dismissed to the Carlisle Presbytery. Dr. Hawes will preach the first sermon of his regular pastorate in the Market Square church, Harrisburg, on Sunday, September 19th, and on Tuesday, September 28th, the Carlisle Presbytery will hold a meeting to receive him within its domain and arrange for his official installation.

—On Saturday evening quite a number of Ferguson township people met at the home of Mr. and Mrs. G. F. Miller and from there marched to the home of Dr. and Mrs. W. H. Fry, literally taking it by storm, like the Germans have been taking the Russian forts. The meaning of this in-rush of people was a surprise celebration of Mrs. Fry's birthday anniversary. It took Mrs. Fry some time to realize the meaning of such an onslaught of friends, but when she did she rose to the occasion gracefully, like the good hostess that she is. The invaders took well filled baskets of good things to eat as well as many beautiful and useful presents. The Corl orchestra was present and furnished the music for a most delightful and entertaining gathering. On leaving all wished Mrs. Fry many more anniversaries.

CELEBRATED MARRIAGE ANNIVERSARY.—On Monday evening Mr. and Mrs. J. F. Garthoff celebrated their thirtieth wedding anniversary at their home in Reynolds avenue by entertaining a household of friends and neighbors. Refreshments were served and the evening proved a most enjoyable one to all, both Mr. and Mrs. Garthoff being the recipients of many useful remembrances.

The guests present included their only daughter, Mrs. J. Linn Blackford and four sons, of State College; Mr. and Mrs. Claude W. Smith, of State College; Miss Dorothy Allison, of Gloucester, N. J.; Miss Evelyn Hunt, of Renovo; Rev. W. M. B. Glanding, wife and daughter, Miss Margaret Glanding; Mr. and Mrs. Robert H. Woodring and son Robert, Mr. and Mrs. W. H. Bilger, Mr. and Mrs. G. W. Smith, Mr. and Mrs. W. E. Groves, S. E. Keefer and daughter, Mrs. Elizabeth Blackford, Mrs. M. E. Miller, Mrs. E. E. Ardery, and Misses Kate Garthoff, Irene McGinley, Emma Long, Emma Lucas, Esther Shay, Cora Sholl, Rebecca Fleming and Blanche Haagan, of Bellefonte, and G. E. Ardery, of Martha.

OPENING OF BELLEFONTE ACADEMY.—The Bellefonte Academy will open on Tuesday, September 14th. The day pupils will please report at nine o'clock Wednesday morning, September 15th.
