The day was ideal for motoring and the trip was made without mishap.

MANY GRANGERS AT CENTRE HALL GATHERING.—The Grangers and farmers of Centre county have taken advantage of the fair weather this week to attend the forty-second annual encampment at Centre Hall, and a glance at the list of tent holders will show how many more from the advertiser: there are this year than on any former occasion. In fact the encampment is resolving itself more and more each year into a camper's outing, which means more tenters and a smaller daily attend-37-1t ance otherwise. This fact has been plain--Fourteen prisoners are now hous- ly noticeable this year, but of course the extremely hot weather may have had something to do with that. Then again, -E. J. But the encampment has been a pronounced success for all that. The exhibition of farming implements and machinery is unusually large and complete, while the exhibition of fruit and farm products surpasses anything of the kind ever seen at the picnic. There is also a small stock exhibit and a very fair display of fancy poultry.

The extremely hot weather interfered with the pleasure of the crowd during the day time, and everybody hunted the the old veterans who were in Bellefonte shade and exerted themselves as little as possible, but the evenings and nights -----Mrs. Leslie Carter can be seen in were delightful and it was then that the

Watchman Ad's Bring Publicity.

Last week the WATCHMAN ran a six line local "Want" ad. Yesterday we received the following laconic demand

"Please, for God sake take my ad out of the paper. I only got a peach basket full of letters."

This is the best evidence that WATCH-MAN ads bring results. If you don't believe it, try it yourself.

-William G. Laye, of Lock Haven, who is quite well known in Bellefonte from having been a vocalist at the Scenic a number of years ago, and Miss Josephine Miller, also of that city, were married on Tuesday evening of this week. Mr. Laye has for some time past been touring the country as conductor and tenor singer of the Schubert glee

----Wilfred Miller, with his wife and daughter and Dr. Helfrich drove to Atlantic City in one of Wilfred's Grant Sixes recently. They made the run of 228 miles in exactly twelve hours, used twelve gallons of gasoline and one quart of oil. This was an average of nineteen miles to a gallon of gasoline, which speaks in dollars and cents for the economical operation of the Grant.

---Never before in the history of the town have peaches been so plentiful and so cheap as they are this year. Carload after carload has been shipped into Bellefonte and this week they have been selling at forty and fifty cents a basket, for choice fruit. York county peaches have man twice before the latter managed to sold as low as fifty cents, while Centre county peaches went at forty cents, and the probability is that the price will go tion the better part of valor and started still lower.

-The Twenty-second Pennsylvania volunteer cavalry association will hold its next annual reunion at Huntingdon on Thursday, October 14th, with meetings forenoon, afternoon and evening. As large an attendance as possible is desired. The G. A. R. national encampment will be held at Washington the week beginning September 27th and members of the Twenty-second are invited to join with other cavalry associations in a big reunion.

---One town in Centre county that is not only growing but improving more rapidly than any other of its size is Pleasant Gap. Two new stores have been opened there this summer, a new Lutheran church is being built and a large number of new houses have either been completed or are in course of erection. Practically all of the houses are being built of brick and back far enough from the road to afford ample room for a Alexander, Edward Brown, George Emerick, D. front lawn. In fact Pleasant Gap is becoming quite a thriving town.

-The Wallaces are breaking up Frank Wallace and her grand-daughter, Miss Berenice Wallace, intending to go to Tyrone where Miss Wallace has a good position in view. Mrs. Wallace will later go to Hagerstown, Md., to spend the winter with her daughter, Mrs. Williams. Mrs. Belle Shaner and son Frank will remain in Pittsburgh where Mrs. Shaner has a lucrative situation and Frank will go to school. The house to ven since his marriage about a year ago. be vacated by the Wallaces has been rented by Charles Keichline, who with his wife will move there as soon as the property is vacated.

street and in the shadow of the many trees on Linn street it was quite dark. Just as he reached the entrance to the A. G. Morris property a man stepped from the hedge, poked a revolver in his face, ordered "hands up" and told him to pass over his money and his watch. Smith stated that he had only one dollar in his watch pocket and the

man demanded it. Smith reached for his watch pocket and as he did so the man shoved the revolver against his side right over his arm. This gave the former an opportunity and with a quick upward blow he knocked the weapon from his hand then grabbed him. He struck the highwaybreak away. The bad man jumped for his revolver and Smith thought discreup street. The highwayman made no effort to follow but hurled an epithet after Smith's retreating figure.

Smith is unable to give even an indefinite description of the man, owing to the dark, but thinks he was a little larger than he is and perhaps a little heavier, and wore a derby hat. The highwayman got no money although Smith claimed he had forty-eight dollars in his pocket and carried a gold watch. The police have been unable to get upon the trail of any suspicious character, although it is reported that about a week previous night prowlers were seen on Cowdrick. Curtin street.
