The football season will open at State College tomorrow (Saturday) when Westminster will be State's opponents. The State team will be so changed this year that its strength is an unknown quantity and tomorrow will be a good opportunity to get a lineup on the different men.

Bellefonte friends of Charles H. McAvoy will be interested in learning that he has been promoted from manager of the Dansville (N. Y.) Gas and Electric company to superintendent of the Hornell Electric company. The promotion carries with it a substantial increase in salary.

Hon. John Noll was seventy years old on Monday and he celebrated his anniversary by looking after the interests of his steam laundry just as diligently as he does on any other day. A veteran of the Civil War Mr. Noll's three score and ten years weigh about as lightly upon his shoulders as is possible for a man of that age.

Edward Ward, of Snow Shoe, who is serving a term in the Centre county jail for larceny, was stricken with appendicitis last Friday and taken to the hospital for an operation. When he arrived at the institution he refused to allow the doctors to operate but later friends interceded and the operation was performed on Saturday. He is now getting along all right.

On Monday of last week J. Frank Snyder Esq. presented a painting of the late Judge Holden John Orvis to the bar association of Clearfield county, the picture being from the well known studio of Antrim & Landsy, Philadelphia. The presentation speech was made by Hon. Thomas H. Murray. At the same time Mr. Murray presented the bar association with a painting of the late Judge C. A. Umayer.

On Monday Dr. David Dale and M. B. Garman went to Syracuse, N. Y., and the next day drove home in the doctor's new Franklin car. It is a 1916 model runabout and is different in design from the 1915 model. G. M. Gamble this week received a new McFarlan car which, it is claimed, will develop ninety horsepower. Wallace White, of Spring township, is also driving a new Apperson car, received the past week, and George Gregory, of Candyland fame, is looking behind the steering wheel of a Ford.

At their cake and candy sale held at the Y. M. C. A. Saturday afternoon and evening the nurses of the Bellefonte hospital cleared \$117.40. The money will be used in connection with a fund of over one hundred dollars already on hand to install and equip a pathological laboratory, an addition to the institution required by a recent Act of the Legislature. One of the main parts of the equipment will be a complete X-ray outfit and this will be furnished by Mrs. George F. Harris, who has very generously offered to donate this, the most expensive part of the equipment. It is expected to have the laboratory fully equipped this fall.

ORVIS AND QUIGLEY WIN JUDGESHIP FIGHT AT TUESDAY'S PRIMARIES.—Judge Ellis L. Orvis and Henry C. Quigley will be the candidates for Judge of Centre county at the election in November, having won out in the five cornered fight at Tuesday's primaries. There were some surprises shown by the returns, the principal one being that Orvis was seven hundred votes behind Quigley. But when the vote is analyzed it will be seen that the total Democratic vote was less than three thousand while about four thousand Republican votes were polled. J. Kennedy Johnston, who was backed by the temperance people of the county, got 1301 votes. Clement Dale was low man with 504.

There were no contests on the Democratic ticket outside of Burdine Butler's candidacy for the nomination for County Commissioner, but Commissioners William H. Noll and D. A. Grove were easily nominated.

On the Republican ticket the big surprise was how near Adam Hartwick, of State College, came to defeating David Chambers for the County Treasurer nomination, the latter winning by only 148 votes. All of which shows that the latter turned a neat trick for himself when he corralled the entire vote of Snow Shoe township. Had it not been for his wholesale support there he would have been beaten. Harry Austin, of Milesburg, and Isaac Miller, of Bellefonte, received the Republican nomination for County Commissioner and William H. Brown again won out for Recorder. The tabulated vote of the non-partisan and Republican tickets will be found elsewhere in this paper.

There was also some juggling of ballots in Bellefonte borough, one of the surprises being the defeat of Harry Badger for the nomination for Overseer of the Poor. The complete returns for the ward tickets follow:

KILLED BY MEXICAN BRIGANDS.—Word was received here yesterday of the killing of Oscar Davis, a son of Mr. and Mrs. Frank Davis, of Ferguson township, by Mexican brigands near El Paso, Texas, on Wednesday afternoon. Davis belonged to the United States cavalry and it is not known whether he was killed in a fight with the brigands or was shot from ambush. He was about twenty-four years old and was serving the first year of his second enlistment. The body is now on its way north and should reach home either this evening or tomorrow. Burial will be made in Meek's cemetery.

Peter Saylor, who recently severed his connection with the Whiterock quarries has gone to Freeport, Pa., as foreman on a railroad construction contract. A score or more Italians, who had been employed at Whiterock, also left for Freeport on Monday, taking with them not only their clothing, but cots, bedding, chairs, etc., in fact about all the accessories generally found in an Italian camping colony.

Centre countians attending court next week can find no better place to spend the evenings than at the Scenic watching the motion pictures. Big programs every evening and all new pictures. Watch the bills for daily announcements. The Scenic presents pictures that cannot be seen elsewhere in Bellefonte and the price of admission is never over ten cents. This entitles you to about two hours entertainment.

Rev. Father S. T. Caprio, who has been assistant to Rev. Father McArdle in the parish of St. John's Catholic church the past three years, preached his last sermon here on Sunday and this week left for Somers county where he has been assigned to a parish of his own. Father Caprio has been quite active in church work during his residence in Bellefonte and made many friends among his church people, all of whom were sorry to see him go.

Last week's torrid spell was partly broken Friday night when cooler weather prevailed and was wholly eliminated by a hard rain on Saturday evening, which not only cleared the atmosphere of the excessive humidity which had prevailed during the week but brought cooler weather and freshened up vegetation. The weather this week has been more pleasant and the farmers are feeling more satisfied over the way the corn crop is maturing.

Governor Brumbaugh's "Seeing Pennsylvania First" tour will be made the first week in October, and a change in the itinerary cuts out the night stop in Bellefonte. As now arranged the Governor and his party will take supper with warden John Francis at the western penitentiary and make but a brief stop in Bellefonte on their way to Williamsport. Local automobilists are invited to act as escort for the tourists through as much of Centre county as they see fit. It is expected that at least one hundred people will be with the Governor's party.

Several months ago Henry Weaver, of Howard, was discharged from the Danville asylum apparently cured of a derangement of the mind. Lately he grew worse and on Monday evening he was brought to Bellefonte and arrangements made to take him back to Danville. Weaver, while in the care of several friends, made a sudden dash down High street and got away from his keepers. Search was made all over town but he could not be found anywhere. Tuesday noon he was seen on the road near Shiloh and the state police at Pleasant Gap being notified went out and brought him in. He was then placed in jail for safe keeping and Wednesday morning was taken to Danville by officer Dukeman.

Just 591 people left the Bellefonte depot Saturday night on the Niagara Falls excursion. The train carrying the crowd consisted of twelve cars and two engines. While stops were made at stations between Bellefonte and Howard few people were taken on as the train was already filled up. The train left Bellefonte at 12.40 a. m., and did not reach Niagara Falls until 10.45 o'clock, almost three hours late, as it was scheduled to arrive there at 7.55. There were four trains over the Bald Eagle Valley and returning they left Niagara Falls at intervals from 3.00 to 4.55 o'clock. Six trains were also run from Harrisburg and the total number of people on the excursion is given as 6,135. Bellefonters arrived home about two o'clock Monday morning.

Three graduate nurses of the Bellefonte hospital, Misses Lila Coble, Margaret McFarlane and Margaret Rowan, have been notified that they passed a most successful examination before the State Examining Board for nurses and are now entitled to tack "R. N." (registered nurse) onto their names. This entitles them to follow their profession anywhere in the United States, and perhaps the world. Miss Coble will locate in Harrisburg, Miss McFarlane in Lock Haven and Miss Rowan in Tyrone. This makes six nurses who have graduated from the Bellefonte hospital who have successfully passed the examination of the State Board, and to their credit be it said that they were able to answer questions and stand a more rigid test than nurses turned out by the city hospitals. This not only speaks well for the nurses themselves but for the high standard of work exacted at the Bellefonte hospital.

CEADER'S BAKERY TO BE MODERNLY EQUIPPED.—To meet the demand for high-class bread and cakes Mrs. Joseph Ceader has decided to equip her bakery throughout with the very latest and most up-to-date machinery. In fact the machinery is now at the freight station in this place and next week experienced men will come to Bellefonte to install the same. The equipment will include mechanical mixers for both bread and cakes, automatic weighers and handlers, bake pans, etc. In fact no part of the bread or ingredients that enter into it, will come in contact with the hands. The flour is weighed and run into the mixer, ingredients are put in and every process is by machinery, even the moulding of the loaves, weighing them and placing in the baking tins.

If the present bakery is not large enough to accommodate the new equipment Mrs. Ceader will remodel the building in the rear of her present store and use it for additional space. In addition to baking bread which will meet the present day demand special attention will be given to baking cakes of as high a quality as can be bought anywhere. When the equipment is fully installed an experienced baker will be secured for a sufficient time to thoroughly instruct a local baker how to operate it, and with such facilities the Ceader bakery ought to be able to supply all the local trade, and keep the bread business at home in preference to sending it to surrounding towns and cities.

TWO AUTOMOBILE ACCIDENTS.—On Sunday Dr. Livingston and a party of friends of Altoona, were on a motor trip by way of State College to Bellefonte and just this side of Lemont the driver ran the car into the bank at a sharp curve in the road. None of the party were injured but one wheel was damaged and the front axle bent. The accident happened about two o'clock and it was five o'clock before the car was gotten in shape so that the party could proceed.

On Monday morning the big auto-car of the Emerick motor bus line left Bellefonte at 6.30 o'clock for State College with John Hines driving. Just beyond the D. A. Grove farm Hines attempted to turn out to pass a horse and cart and it just happened at a point where the ditch at the side of the road was deeper than usual and the ground soft. The rear wheel of the big car slid off of the macadam roadway into the ditch swung around and overturned the car across the ditch. The big car rolled over on its top, with the wheels sticking up in the air. There were a number of people in the car but all escaped injury except James Houser, who was on his way from Peru to State College. He had three ribs broken, and LeRoy Hartwick, who was on his way from Bellefonte to State College, where he is a student, had his arm dislocated, with a possibility of one or more of the bones being broken. The top of the car was smashed and the windshield broken. Later in the day it was righted and brought to Bellefonte.

HELD FOR COURT.—On Friday morning of last week a hearing was held before Squire Henry D. Brown in the case of Blair county against Mrs. Mary Elder Walker, charged with assault and battery upon James McCloskey, a Newry youth, particulars of which were published in last week's WATCHMAN. Blair county was represented by county commissioner Robert F. Banker, whose interests were looked after by district attorney D. Paul Fortney. Mrs. Walker was represented by James C. Furst Esq.

Young McCloskey was put upon the stand and testified that his arm had been broken by a blow with a pitchfork wielded by Mrs. Walker and that the injured member had received no surgical attention. That several days later he was assaulted again and then ran away. The lad's left arm was shown as evidence of the assault. Mrs. Walker is the wife of Henry Walker, a farmer of Ferguson township, and they had taken young McCloskey from the children's home in Blair county.

After hearing the boy's evidence attorney Furst offered to prove by a number of witnesses that McCloskey had not been ill treated but Squire Brown stated that in his opinion the case was one for a jury to decide and Mrs. Walker was held in five hundred dollars bail for trial at next week's quarter sessions court. Bond was furnished by A. Stine Walker, of Ferguson township.

GRANGE PICNIC HAD SUCCESSFUL ENDING.—The Grange encampment at Centre Hall came to an end on Friday with the breaking of camp. Thursday's crowd, while not as large as in some previous years, was estimated at from six to eight thousand. Dr. Mary Wolfe of Lewisburg, who was to have addressed the suffrage meeting, was not present, but Miss Louise Hall entertained the crowd with an out door meeting, talking from the tonneau of an automobile. Brief addresses were made during the afternoon by members of the state Grange.

One of the last things done on Friday was the giving away of a Cole 8 automobile and the lucky man was William McClenahan, a drayman in Centre Hall. Mr. McClenahan has long desired a moderate priced truck with which to do his draying, and now he will endeavor to sell the car and buy himself a suitable truck.
