Bellefonte lovers of the game who desire to see the Academy win should go up to the College and help cheer them to victory. Such encouragement helps a lot in winning games. It was that of M. A. McMonigal, of Martinsburg, against the Pennsylvania railroad and Edward Haivley, a railroad officer, for false arrest and imprisonment. The action was based on an incident that took place on Sunday, November 14th, 1914, when Mc-Monigal was taken from a train and locked up while on his way to Bellefonte to close up a timber deal. At the trial last week McMonigal denied having drank whiskey but admitted he had been drinking cider. "How often did you drink cider?" he was asked. "Every time I had a chance," replied McMonigal. When asked as to whether he did not have a bottle on the morning of his arrest McMonigal thus appealed to the court: "I'll leave it to you, judge," he said. "You know me, and if I had a bottle in the morning do you think I would still have it in the afternoon?" "I will not embarrass you by answering that question," replied the judge. McMonigal not only suffered a compulsory nonsuit but lost his big lumber deals he claimed he could have made in Bellefonte. --- A commuity thrives best when there is a community of interest in it. That is to say, when every one who can helps a little. Many things have to be done without thought of recompense if big things are to be accomplished. KILLED WITH HIS OWN GUN-Richard Hoy, son of Mr. and Mrs. John C. Hoy, of Centre Furnace, was almost instantly killed by the accidental discharge of his own gun, just as he was starting on a hunt on the point of Nittany mountain between one and two o'clock on Monday afterncon. Young Hoy with Theodore Williams, a neighbor, started on a hunt immediatehis arm around it proceeded to roll up his sleeves. Though Williams was close by he was not looking at Hoy and just how the accident happened will not be definitely known. It is surmised, howevery, that the butt of the gun slipped with the result that the hammer struck a stone and the gun was discharged. Hearing the report Williams looked around and seeing his companion lying on the ground with his face all blood he ran as fast as he could to Lemont for a doctor, but by the time the physician and others returned to the scene of the accident life was extinct, as the entire

Miss Dorothy Wilson, the soprano soloist, was ill and unable to appear so that her number was dropped from the program. The band deserved a better audience than was present Friday evening, as it is only on rare occasions that Bellefonte people get an opportunity to hear such high class concerts as those of the Tyrone band.

----Centre county hunters are very much disappointed over the scarcity of pheasants in this section of the State. Ordinarily pheasant hunting has been a good sport on Centre county mountains, but so far this year so few of the birds have been seen that hunters are of the copinion that the wet weather during the hatching season last spring resulted in the death of most of the young birds. Rachael, Catharine, John Milan, Lyda, Wild turkeys and squirrel are the two kinds of game that continue affording good hunting for the man who has the time to devote to it.

-At the regular meeting of the Laymen's Club in St. John's Episcopal parish house Tuesday evening the Rev. Dr. W. C. The strategic moves were illustrated by means of a war map which Dr. Charlton possesses. In addition to the instructive address a delightful oyster supper was served.
