To CORRESPONDENTS.—No communications published unless accompanied by the real name of the writer.

THINGS ABOUT TOWN AND COUNTY.

The venerable John Wetzel is ill and confined to bed at the home of his daughter, Mrs. Jared Harper, on west High street.

The Penn State football team will play Lafayette at Easton tomorrow, their last game before the Pitt game on Thanksgiving day at Pittsburgh.

Charles Kooz and his family have moved from apartments in the Reynolds building on Bishop street, to the Bayard home on Spring street.

The train on the Central Railroad of Pennsylvania on Tuesday evening killed a cow belonging to W. Groh Runkle Esq., at his farm east of Bellefonte.

The ladies of the Lutheran church will serve an oyster supper at the Y. M. C. A. on Tuesday evening, November 16th. Price, 25 cents. The public is invited.

Hon. Paul Hagerman, Consul General, 6357 Woodbine avenue, Overbrook, Pa., is anxious to secure catalogues from U. S. manufacturers for the use of the Belgians.

There are still thousands of bushels of corn to be husked in Centre county, and with the fodder to haul in, the farmers will be kept pretty busy for several weeks to come.

The Centre county Pomona Grange will meet in the hall of Progress Grange, Centre Hall, on Thursday, November 18th. All members are urged to attend. Two sessions, 10 a. m. and 1:30 p. m.

The new street lights on the Diamond and from Howard to Bishop streets were turned on Wednesday evening, and they are superior to anything in the street lighting proposition ever seen in Bellefonte.

A mask party, originated by Mrs. N. B. Spangler and Mrs. James Clark, was given at the Country club, Tuesday evening, all the guests going down in motor cars. Forty-four covers were laid for the dinner.

A-I-K-E-N-S will have a fur display at the Brockerhoff house, this afternoon and all day tomorrow, by Newton Annis, of Detroit, Mich. This is a great opportunity, as he will be able to deliver furs same day. 60-45-1t

Just thirty-nine Bellefonters took advantage of the three dollar excursion to Washington on Saturday night, but quite a number joined the crowd between here and Lewisburg and by the time the train reached Sunbury the nine cars were well filled.

George Smith is making mush for frying, which he sells and delivers at ten cents a mold, each mold weighing 111 the neighborhood of three and a half pounds. The mush is made fresh each day and from kiln dried corn. Mr. Smith's telephone number is 188-M. Bell.

Rev. C. M. Rishel, of Altoona, an evangelist in the Altoona district of the M. E. church, has been assigned to the Howard charge which includes Howard, Beech Creek, Hunter Run and Mt. Eagle. To take the place of Rev. James Edward Dunning, recently transferred to Johnstown.

Prothonotary David R. Foreman on Monday completed the work of transcribing the names of the newly elected borough and township officers into the docket kept for that purpose in his office. All told there were just 565 people elected to such offices in Centre county, which does not include the men on the county or non-partisan tickets.

On Sunday evening H. R. Savercool, of State College, driving a Ford car, ran into S. M. Henry, driving a Buick, out near Pleasant Gap, badly wrecking the latter's car. Occupants of Mr. Henry's car aver that the collision was the result of careless driving on the part of Savercool. Fortunately, aside from a good shaking up, nobody was injured.

Correspondents of the WATCHMAN are again requested to get their letters to this office not later than Tuesday, if possible. This will insure their publication in full. Correspondence that reaches this office the day of publication is liable to be cut down in size if not crowded out entirely. Big, newsy letters received early in the week will always get proper consideration.

The Bellefonte High school football team will go to Lock Haven tomorrow for their return game with the High school eleven of that place. Two weeks ago the local team defeated Lock Haven by the score of 36 to 0, but since then the Lock Haven boys have been coached very successfully and they feel confident of winning tomorrow, according to the Lock Haven papers.

Mrs. George E. Lentz last Saturday received from the publishers of the Philadelphia Press a mahogany chest of silver containing forty-five pieces in recognition of her work during the most popular conductor contest in which Mr. Lentz won third place. It will be recalled that Mr. Lentz was entitled to a silver mounted conductor's lantern, but he preferred not to take it. The chest of silver was then sent to Mrs. Lentz with notice that something useful would follow for Mr. Lentz in the near future.

PENNSYLVANIA DAY EXERCISES LARGELY ATTENDED.—Pennsylvania day exercises at State College last Friday drew one of the largest crowds that has ever been present on a similar occasion since the day was inaugurated. In addition to the hundreds who went to the College on special trains there was a perfect jam of automobiles. Governor Martin G. Brumbaugh accompanied by his brother and Hon. Cyrus E. Woods, Secretary of the Commonwealth, motored from Harrisburg, arriving at the College in time for the opening exercises.

The first thing on the program was the dedication of the new mining building. The principal speaker was H. M. Chance, consulting engineer of Philadelphia. Following the dedication a meeting was held in the auditorium which was presided over by Hon. H. Walton Mitchell, of Pittsburgh, president of the Board of Trustees. The first speaker was Carl S. Vrooman, assistant secretary of the Department of Agriculture at Washington, who predicted that Pennsylvania would soon outstrip all other States in scientific farming by reason of the county agricultural bureaus in charge of experts whose duty it is to instruct the farmers in modern methods of farming. Twenty-three counties now have such bureaus.

In his speech Governor Brumbaugh emphasized the importance of young men acquiring a large outlook in life, which can only be attained by hard work applied daily. "The finest contribution you can make to State College and the Commonwealth which nurtures this College," said the Governor, "is to lend yourselves to a useful career. If you work hard and pray together, you can make Pennsylvania the cleanest, sweetest, holiest place in which children shall be born and men and women live."

Luncheon was served the Governor and prominent guests in the ladies cottage by the young women in the department of Home Economics, the menu being of the young ladies own selection and preparation. Following luncheon the Governor reviewed the cadet battalion while fifteen hundred Sophomores and Freshmen gave an exhibition drill on east Beaver field. The Governor presented a prize sword in honor of the late General Beaver to Company B, which had the highest rating in military efficiency.

The new State Agricultural Commission made its first official inspection of the College during the day. Included in the party were Hon. Charles E. Patton, Secretary of Agriculture; H. V. White, of Bloomsburg, chairman of the Commission; Henry T. Moon, Morrisville; Frank B. Black, Meyersdale; Morris T. Phillips, Pomeroy; M. E. Bushong, Quarryville; A. J. Gilfillan, Smethport, and L. B. Sexton, Rome.

The big event in the afternoon was the State-Lehigh football game on Beaver field, which was won by State by the small score of 7 to 0. It was one of the hardest fought games ever witnessed at the College.

As a social side of the affair there were house parties and dances galore and the 1915 Pennsylvania day was regarded the most successful one yet held at the College.

KILLED BY EXPLODING PULLEY.—Charles Emanuel Houseman, of Millheim, was struck on the back of the head by a piece of an exploded pulley, while walking through the wood machine room in the engineering building at State College, about four o'clock on Monday afternoon, and died two hours later as the result of a fractured skull.

Houseman was a carpenter and had been working at the College about a year. He had been working on the upper floor of the engineering building on Monday but was called down to the wood machine room on business. Just as he was passing a turning lathe operated by James Kerstetter a pulley which was used for changing the speed on the machine exploded and one piece hit Houseman. He was taken to the College hospital but died without recovering consciousness.

Deceased was a son of John and Catharine Houseman, late of Gregg township, and was fifty-five years old. He was a bachelor but it is said to have been married in the near future. He leaves one brother, John Houseman, of Millheim. He was a charter member of the K. G. E. of Millheim and a member of the P. O. S. of A. of State College. The remains were taken to Millheim on Wednesday and burial made in the old cemetery yesterday.

A MIRACULOUS ESCAPE FROM DEATH.—Fred Dyke, son of Mr. and Mrs. Grant Dyke, of Milesburg, had a miraculous escape from death at the Armor Gap plant of the American Lime & Stone company last Friday afternoon. Dyke is engineer at the stone crusher and was in the building oiling the machinery. A projecting key on the fly wheel caught his clothing and he was whirled around two or three times until every stitch of clothing he had on except his shoes and stockings was torn from his body when he was thrown to the floor.

None of his fellow workmen were in the room at the time of the accident but hearing his cries they went to his assistance. Not knowing how badly he was injured he was bundled up and sent to the hospital where it was found that no bones had been broken. He had a bad cut across the forehead and several cuts on other parts of the body which required twenty-four stitches to close. Every indication is that he will soon be around as well as ever.

Charles M. McCurdy, Dr. J. J. Kilpatrick, Robert F. Hunter and John Van Pelt are in camp in the Seven mountains this week hunting pheasants and other small game. Judge-elect Henry C. Quigley and Thomas H. Harter are wearing off their fatigue of the recent strenuous political campaign hunting pheasants with Dick Quigley and party in the mountains near Renovo.

Only eighteen more days until the opening of the deer hunting season, and various hunting parties throughout the county are completing arrangements for a ten days to two weeks camp. The opening day falling on Wednesday will afford hunters ample time to go out early in the week and get their camp fully established, and perhaps do a little scouting to ascertain the most likely place to make their first drive.

On Tuesday Governor Brumbaugh appointed John D. Henefin and C. A. Roak, of Pittsburgh; J. D. Dorris, of Huntingdon; Warren C. Graham, of Philadelphia, and Senator Samuel J. Miller, of Madera, commissioners to erect a brick plant at the new western penitentiary in Benner township. This will be in line with the recent Act of the Legislature providing for more means of labor in the State penal institutions.

The Bellefonte High school team literally walloped the Lewistown High school eleven all over Old Hughes field on Saturday afternoon, defeating them by the score of 31 to 0. The Bellefonte Academy did not fare so well at the hands of the Cornell Freshmen, being defeated by the score of 40 to 7. Evidently the first year men at Ithaca must have imbibed some of the winning football spirit from the regular Cornell eleven.

Four hunters from the western part of the State passed through Bellefonte on the 1:08 p. m. train Saturday with sixty-five pheasants and forty-seven rabbits. The birds were piled on the platform of one of the cars while the rabbits were strung up in the baggage car. The game was the result of four days hunt in the mountains near Renovo, and was mute evidence of the fact that neither birds nor rabbits are very scarce in that locality.

Bellefonte has not been favored with the Centre county school teachers this week, and the latter have missed a lot of enjoyment by not being able to attend the Scenic. Few moving picture theatres in the State are now showing the nightly programs of high class pictures as manager T. Clayton Brown throws on the screen every evening for the entertainment of his patrons. The famous Paramount pictures are shown regularly two nights a week, and other big features are shown right along.

The Annual Thanksgiving meeting and tea of the Women's Home Missionary Society of the Presbyterian church will be held in the chapel on Thursday, November 18th, at 3.30. A special effort has been made to provide an interesting programme. Miss Adams, of Winburne, expects to be present and will speak of her work among the foreigners. The music by the choir will also be a pleasing feature. A social hour and tea will follow the services. All the women of the congregation are urged to be present.

C. C. Shuey is exhibiting a core of coal taken from a test hole made by a diamond drill on coal lands in Marshall county, West Virginia, in which he is financially interested. The core shows six feet two inches of clean coal, equal in quality to the famous Pittsburgh coal. The vein is unusually thick and is evidence of a large deposit of coal. The field, which is yet undeveloped, contains about three thousand acres and fronts on the Ohio river. Mr. Shuey and A. M. Rishel are both interested in the development of the above coal territory.

On Friday of last week Hon. A. G. Morris was eighty-one years old and he celebrated the day by looking after his big limestone interests hereabouts in the same careful way he does every day. Of course he received many congratulations over the telephone and personally from his friends around town. Mr. Morris is one of the youngest old men in Bellefonte and thinks nothing of walking from four to six miles a day to and from the various plants of the American Lime and Stone company. May he live to celebrate many more birthday anniversaries, as he is the kind of man that any community can ill afford to lose.

That the Earle Stock company which is filling a week's engagement at Garman's, has already established a reputation as being one of the highest class organizations having visited here in many seasons, has been proven by their excellent performances given since their opening last Saturday, and those who attended have been well pleased. The plays, players, and vaudeville which is given between acts, are of such a nature that they must be seen to be appreciated. The company is composed of ladies and gentlemen, and they should have good houses the remainder of their engagement. This afternoon Miss Kirk will hold a special matinee for ladies only, giving her illustrated talk on "White Slavery," and her subjects will be "The Girl Who Goes Wrong," "Our Sisters on the Street," "The Wages of Sin," and "Commercialized Vice." Girls under the age of sixteen will not be admitted unless with an older person.

NOTICE TO NEWLY ELECTED JUSTICES OF THE PEACE.—Under an Act of the Legislature passed at the session of 1915 all persons elected at the election on November 2nd to serve as justices of the peace must file an acceptance of the office and their intention to lift their commission with the prothonotary within thirty days after the election. Failure to do so will disqualify them from getting a commission.

Heretofore it was the duty of the prothonotary to certify to the Secretary of the Commonwealth, immediately after the election, the names of all persons elected justices of the peace within the county. Commissions for the same were then made out at the State Department and forwarded to the prothonotary. Ordinarily about one-fourth of the commissions were never lifted and the new law was passed to avoid the work of making out commissions that were not wanted. Under the new law the prothonotary waits until the expiration of thirty days and then certifies to the Secretary of the Commonwealth the names of the men who have filed acceptances and intend to lift their commissions, and any who have been elected and fail to file an acceptance their office will be designated as vacant and it will be up to the Governor to appoint a man to fill the vacancy.

W. C. T. U. INSTITUTE.—The W. C. T. U. institute held in Petrikin hall on Monday was well attended, both morning and afternoon. Mrs. Sylvia B. Norrish, corresponding secretary of the State W. C. T. U., had charge, and explained the work of the W. C. T. U. in its different departments, after which she gave a talk on "How to Make the W. C. T. U. More Efficient." Miss Savilla Rearick, of Centre Hall, read a paper on "The Relation of the W. C. T. U. to the Community." Mrs. A. L. Wright, of State College, talked of the work done at the convention at York.

Three ministers were present and spoke on "National Prohibition." Rev. Charlton presented the subject from the question "Why?" Rev. Finney, of Ohio, answered the question "How?" and Rev. Carson answered the question "When?" The unions outside of Bellefonte that were represented were, Centre Hall, Millheim, Milesburg and State College. Mrs. E. B. Foster, president of the Millifin county Union, was present and gave a most interesting talk on the difficulties under which the W. C. T. U. women worked in order to have the State convention held at York.

OLD HOME WEEK BENEFIT.—A home talent entertainment will be given in the opera house on Tuesday evening, December 21st, for the purpose of clearing up the debt of two hundred and fifty dollars still remaining from the Bellefonte Old Home week celebration. Preliminary arrangements for the entertainment were made at a meeting held in Blanchard and Blanchard's office on Monday evening. Mr. Garman has agreed to give the opera house free; Christy Smith's orchestra will contribute the music and all the amateur talent will be free. So far quite a number of people have been seen and have agreed to appear in some role or specialty. Everybody who has ever appeared in amateur theatricals will be asked and any others who are willing to assist are requested to volunteer their services. The entertainment will be in charge of Lewis Daggett and J. Mac. Heinle, and this fact alone presages its success.

THE STUDEBAKER DURABILITY RUN.—Beginning Monday morning and ending yesterday Studebaker cars all over the United States were given a durability test in a one thousand mile run. The test for this section was made by J. L. Hicks, of Williamsport, distributor for Central Pennsylvania. The object of the test was to run one thousand miles within thirty hours and note any trouble that the car might develop during the run. Mr. Hicks' route was from Williamsport to Lewisburg, through Buffalo and Pennsylvania to Centre Hall, across Nittany mountain to Bellefonte, from here to Philipsburg by way of Snow Sho, Philipsburg to Tyrone, down the Bald Eagle valley to Milesburg, thence by way of Bellefonte, Nittany valley and Lock Haven to Williamsport. The distance on the above run is 250.08 miles and Mr. Hicks drove it in less than eight hours in a Studebaker Six. On Tuesday he drove the lap from Bellefonte to Philipsburg in fifty-five minutes and from Tyrone to Bellefonte in forty-five minutes.

"It's A Long Way to Tipperary," written by the well known dramatist, William Anthony McGuire, was a success from the outset, because it is a thoroughly human play; because it is a play which touches the heart strings, because it delves into things of real life and treats of people we know to exist who are struggling in the conflict that is raging across the Atlantic and of whom we know so little of. Simplicity is the keynote of the story and it appeals to all classes of theatre goers. The famous actor-comedians, Price and Butler, are stars in this play which will appear at Garman's Tuesday evening, November 16th. Prices, 25, 35 and 50 cents.

C. W. Hoffman, an expert baker of Lock Haven, has been engaged by Mrs. Joseph Ceader to take charge of her new mechanical bakery just as soon as it is ready to be put in operation, which will be about December first. Mr. Hoffman will not move his family to Bellefonte until next spring.
