PLEASANT GAP PICKUPS.

Never waste sympathy on a fool. Honesty seven days a week is worth more than heroism once a year.

Some of our Gap boys travel so fast opportunity can't overtake them.

When you forgive your enemies it is then wise to keep an eye on them.

Bryan ducked the Ford failure. The only loser he ever backs is W. J. B.

Remember that the man who blows your horn expects to be remunerated for his services.

Some of our Pleasant Gap girls hold a strong hand in the game of life. But unfortunately don't know how to play it.

Boyd Spicher says you can't monkey with an earthquake, and if you are wise you won't try to monkey with a woman.

One of our teachers makes the truthful assertion that you haven't got an education 'till you've learned how to learn.

J. Duncan Herman makes the broad assertion that whether you're going up or down you can always find a woman to show the way.

Butcher Frank Keen has just ended his butchering season. His assignments consisted of thirty-four straight days killing.

He will no doubt enjoy a much needed rest, now that the slaughtering season is ended.

People who won't trust their valuables to the tender mercies of a burglar have no right to ask their country to trust itself unarmed to the tender mercies of the robber nations of the world.

You might as well leave your hen-house unlocked in Horntown.

The Leathers Brothers succeeded admirably in finding purchasers for lots in their Pleasant Gap plan, inasmuch as they are considerably ahead of the game in a financial point of view.

They have only twenty lots unsold, and are offering the job lot at reduced rates.

Mr. Yearick and family, residing in the Fetteroff residence, moved up to Peru on Tuesday last. Being employed at the penitentiary he preferred living nearer his work.

As usual, in this section, the Fetteroffs had three applicants for the premises before being vacated.

Since the wild turkey season is a thing of the past, this noble bird is becoming more familiar with mankind.

Several good sized flocks have been parading at the foot of the mountain this past week, venturing down into the fields adjacent to the mountains.

Some of our benevolent hunters have arranged to feed the birds as soon as inclement weather sets in.

The easiest people in the world to entertain are those who insist on doing all the talking themselves.

Of course they make a great show of vanity but if their talk is the least bit instructive they are more endurable than an indifferent and listless hearer.

We have quite a number of this class in our community, which in all probability bars us from becoming onesome.

Since the arrival of the new manager our knitting mill is running with marked precision.

A few new operators are being added weekly, and the good work is progressing quite satisfactorily.

A few more new industries like the knitting factory added to our thriving little village would aid materially in building up our town to the standard of progressive-ness so much desired by our community.

The people of Pleasant Gap have in their midst a few boisterous masculine women, who are continually pleading equality for their sex and lament the injustice shown the scarlet woman.

They have such a low estimate of womanly worth as to seek to drag it down to the lowest level of man. Naturally we expect more of women and cannot afford to treat with complacency such serious inadvertencies; for the subject of forgiveness is never made stronger thereby.

Woman would serve better the race by forgiving neither man nor woman for a sacrifice of virtue.

The state constabulary arrested Frank Kokan on Saturday night, charged with selling liquor illegally.

Frank conducts a large boarding house at Whiterock and has been supplying the foreign element with horizontal refreshments right along.

Incidentally, of late, quite a number of our young men and boys "caught on" and in consequence a land office business resulted.

The stock in trade was confiscated, which consisted of seventeen cases of beer and an abundance of John Barleycorn, all of which was safely stored at the headquarters of the arresting officers.

Frank, in point of intelligence, is above the average foreigner, and is rather clever in his department, but before he gets out of the clutches of the law he will no doubt discover that "the way of the transgressor is hard."

Pleasant Gap's latest industry is the starting of a dog kennel. Paul Waite is now the happy possessor of three fine, well-bred hunting dogs.

He says some people seem to think that he has no use for so many canines, but alleges that it is his business, so long as he feeds them and pays the required taxes assessed.

There is some logic in Paul's theory, since the dog is man's natural attendant; not only his attendant, but his friend, his companion and the conservator of his health.

Of all the animals and beasts, of whatever name or kind, the dog is the only one that prefers the company of man to that of his own species.

From the time its sealed eyes are opened it looks to man for care and protection. Man may have warm and devoted friends, but none who will follow him through thick and thin, poor and dishonored, glory and shame, luxurious wealth and pinching poverty, as will his dog.

The fidelity of human friends may be doubted, but that of the dog is unshaken forever. There are bad dogs, but not as many as there are men.

We have a citizen at Pleasant Gap who cast his first vote for Abraham Lincoln in 1864 and never missed an election since that time.

And now Henry Ford admits that he had been a voter for 31 years and had voted only six times, and

then only because his wife "made" him. And still he claims to be a good citizen. A man of this character knows as little about politics and the government of a nation as he does about state craft. Moreover, he still thinks he is qualified to teach not only Americans but all the world the principles of Democratic government. He is convinced of this fact because he is assured that his motives are good. Good motives alone never built an automobile. He is in his own mind the kindergarten class of citizenship, and labors under the delusion that he is capable of giving the world a post graduate course in government. And yet thousands of honest and good Americans really believe that Ford and others of his class are competent to settle offhand questions which are baffling the trained, intelligent statesmen of the world. "Money makes the mare go."

Intemperance is held up as one of the greatest, if not the greatest, of all curses that plague the human family. It is a very dangerous habit. I regret to say that some of our young men at the Gap are sorely afflicted with this pernicious and degrading habit; and also seem to take a pride in indulging in slang vulgarity and profanity. The habit of using bad grammar is bad enough, but that of using bad language is worse. Slang ranks next to bad grammar. Next comes vulgarity and profanity. Much has been said of slang and its uses, but with apparently little effect, and it is probably useless to spend time talking or writing against it. Those who use it do so to make themselves appear funny or smart. If there is one class harder to reach than another it is the funny class. They imagine that in the use of slang phrases they are displaying wit. Its use, however, has become a habit with the funny fellow, and he uses it unconsciously perhaps, to the continued disgust of his better friends and associates. Profanity is less excusable than slang. The pure hearted never curse, and the refined never swear. Boys, the sooner you break away from these pernicious habits the better for you and the entire community you reside in.

WOODWARD.

Allen Yearick was a business caller at Millheim Saturday.

Dan Benner and wife were at Spring Mills Saturday on business.

Mrs. John Snyder is at Coburn, working for a few weeks for Sam Orndorf's.

George Immel and family were Sunday visitors at the home of Howard Bowersox.

Reuben Sheesley and Ray Hanselman, of Hartleton, called on Jackson Sheesley on Sunday.

Allen Alexander and son and daughter, of Coburn, called Sunday on Mrs. Bertha Boone.

Mrs. Thomas Benner, of Feidler, spent a few days last week with her daughters and friends here.

Benjamin Gentzel and wife, of Spring Mills, spent Sunday very pleasantly with the John Grenoble family.

A very interesting entertainment was held Friday afternoon by the Woodward school. The program was as follows:

EAST BRUSHVALLEY.

Mallory's sale was largely attended and prices seemed to be unusually low.

J. Boyd Rachau spent several days at Madisonburg, under the parental roof.

Stanley Zeigler, who has been employed at the State hospital at Warren, has decided to spend the winter under the parental roof.

John H. Brungard, formerly of this place but who has been employed in the State of Iowa, is at present visiting his sister, Mrs. W. D. Brungard.

The friendly stork visited in our midst several days recently and John Day and Irvin P. Shaver can show you the results of his visit. Come and see.

The condition of Mrs. C. O. Mallory's hand has become quite a serious one, as it is feared that amputation of the finger will be necessary before relief can be obtained.

A few evenings ago the young folks gathered at the home of S. C. Yearick for the purpose of spending the evening socially. A lively occasion followed and a jolly good time enjoyed by all. At a reasonable hour of the night dinner was served, which consisted of oysters. Those present were: Martha Doty, Gladys Hackenberg, Kathryn Ocker, Hester Smull, Neta Pake, Ruth Doty, Emma Smull, Bernice Crouse, Florence Wolfe, Mary Stover, Ida Strayer, Fairy Stover, Alice Weber and Maude Stover. Ernest Harry, Charles Corman, Russell Beckenbaugh, Norman Doty, Fred Esterline, Raymond Blair, Earl Smull, John Wert, Harry Wolfe, Howard Metzgar, Oriant Reish.

CASTORIA.

Bears the signature of Chas. H. Fletcher. In use for over thirty years, and The Kind You Have Always Bought.

PINE GROVE MENTION.

Sleet, rain and mud. Miss Mary Miller is ill with an attack of sciatic rheumatism.

Mrs. A. Belle Lytle is quite ill with a complication of diseases.

Mr. and Mrs. J. Calvin Struble spent Saturday with friends in town.

Mrs. J. S. Strouse spent Tuesday at the G. F. Miller home at White Hall.

W. H. Goss and eight members of William Ralston's family are grip victims.

Clifford Close and family, of the Glass, spent the Sabbath at Grandpa Close's, at Oak Hall.

John W. Miller spent several days last week with his sick sister, Mary, at her home at Shingletown.

John Gingerich is running his steam saw mill on full time, cutting lumber for Elmer Ishler's new house.

Squire Isaac Wooster spent last week over in Clearfield county looking up his milling trade and feed supply.

Miss Ida Miller has been under the doctor's care the past week, suffering with a severe attack of the grip.

At a recent council meeting at State College it was decided to annex the Krumrine Addition to the borough.

Miss Ruth Goss, who visited friends in the valley, returned to her home in Tyrone on the Monday afternoon train.

Mrs. Mary Dale and Miss Lillian Dale, of Boalsburg, spent Tuesday with friends at Bloomsburg, traveling in their horse auto.

John B. Goheen was here on Monday adjusting some insurance losses for the Farmers' Mutual Fire Insurance company.

M. B. Kuhn, Harris township's constable, was here on Monday on official business. We are always glad to see him but abhor his official authority.

John Boal, Elmer Ishler's right bower on the farm, is off duty nursing a badly mashed finger. Charles E. Stover is filling his place at the saw mill.

Mrs. Devine will make public sale of her household furniture at her home on west Main street, early in March, and make her home with her daughter, Mrs. Ritz.

Mrs. John Klinger gave a dinner party to the older set at her home near Boalsburg last Saturday. Your scribe had a bid but was busy and therefore missed a square meal.

Mr. and Mrs. Morris Bohn are receiving congratulations over the arrival of a sweet little girl, No. 3. Their other two children are dead and it is hoped the fond parents will be permitted to keep this little pet.

Next Tuesday evening the midwinter festival will be held in the I. O. O. F. hall by the three linked fraternities, to continue during three and perhaps four evenings. Paste the date in your hat and turn out. Proceeds to furnish the hall with comfortable chairs.

Mrs. A. J. Wrentchler, who has been here the past three weeks taking care of her mother, Mrs. A. J. Lytle, left for her home at Newford, N. Y., on Friday. Mrs. Lytle, by the way, has practically recovered from the injuries she sustained in the explosion of her kitchen stove.

John C. Bumgardner, of Cottage, shipped a car load of porkers to the Lancaster market on Tuesday from the Oak Hall station. E. S. Tressler shipped a car load from Pennsylvania Furnace on Thursday to the Altoona market. The price paid was six cents a pound live weight.

Mr. Henry Hosterman gave a dinner recently in honor of Boalsburg's three oldest gentlemen, whose combined ages total 234 years. They are Cyrus Durst, 86 years old; Alexander Kuhn, 84, and J. H. Meyers 84. There are a half dozen more men in that burg who are eighty years old or over.

At a regular meeting of Washington Grange No. 157, P. of H., last Saturday evening the newly elected officers were installed for the ensuing year. J. S. Dale was master of ceremonies while Mrs. Dale had charge of the floral work. The officers are as follows: Worthy master, McC. Fry; overseer, S. I. Corl; lecturer, R. M. Decker; secretary, Mary Corl; chaplain, Jennie Neidigh; steward, Fred Corl; assistant steward, J. Foster Musser; treasurer, J. D. Neidigh; gatekeeper, G. L. Corl; assistant lady steward, Vida Corl. In the ladies court: Ceres, Florence Johnson; pomona, Bertha Corl; flora, Esther Woolford; executive committee, J. S. Dale, W. K. Corl and N. C. Neidigh; trustees, D. F. Kapp, D. J. Johnson and N. C. Neidigh. The ceremonies closed with a lunch furnished by the ladies. The standing of Washington Grange is second to none in the State. In the past two months over one hundred new members have been added to the roll, and there are now twenty applications on file. A number of toasts were responded to during the evening and a larger hall advocated.

TYLERSVILLE.

Daniel Ilgen is disposing of his surplus poultry in hundred pound lots.

Samuel Ilgen drove to Lock Haven last week to bring over an automobile party.

Oscar Herlocker, of the "Summer side" got too far away from his base burner the other day when it looked warm but wasn't and was attacked by old Mr. La Grippe who laid him up for a while. Oscar is greatly missed by the Commercial club that meets nightly at the village store where his talks on life and its problems are always enjoyed.

Prices in the valley for farm products are fairly liberal, always allowing for shading from the county seat quotations, on account of huckster expenses and profits. Apples sell at about 50 cents per bushel; potatoes, 25 cents; walnuts, 80 cents; turnips, 25 cents; butter, 25 to 27 cents per pound; eggs, 32 to 35 cents per dozen; chickens, live, 11 to 12 cents per pound.

Thomas Miller with a brand new valise hove in from Lock Haven the other day to lay in a supply of provisions and leave his periodical curse upon our poor Sugar Valley Dutch whom he says are all headed, straight for hell. Tom is a Sugar Valley product and was produced here over 70 years ago. He was early converted to the church since which he has literally followed the new testament

of providing nothing for the morrow, rather than providing and not taking thought or worry for the morrow. Not being hampered by worldly goods he has traveled extensively and has gathered up a great fund of information and explosives.

The young men of Tylersville greatly enjoyed New Year's day festivities. Such revelry is harmless and removes one for a brief period from the sordid side of life. Latin folks burlesque life continually, make a joke of it, and of course are greatly perplexed at the seriousness of Americans and Anglo-Saxons who literally take Longfellow's psalm of "Life is real, life is earnest" as actually referring to what people in general consider life to be eating, sleeping and acquiring. The Latins go through with the force of human existence with much more grace and satisfaction than do we because they have a truer estimate of man's first period and enjoy it to the full, its pathos, tragedy and comedy all in their proper proportion. Fetes such as our New Year burlesque are frequent and all classes join in and forget and enjoy.

AARONSBURG.

Mr. and Mrs. L. J. Bartlett visited Mr. Bartlett's parents at State College, last week.

Walter Orwig came home from Akron, Ohio, where he has been employed for some time.

Grover Beaver, of Youngstown, Ohio, is visiting his father, grandparents and other relatives.

Philip Eisenhauer returned to Akron, Ohio, where he has been employed for the past nine months.

Miss Mary Jane Stricker, of Bellefonte, is home on the sick. At this writing she is much improved.

Miss Rebecca Stover, of Centerville, Snyder Co., is spending sometime visiting her brother, George E. Stover, and other relatives.

Miss Margaret Weaver returned to Hubersburg, last Thursday, after spending several weeks with her mother, Mrs. Effie Weaver.

Mrs. Ed. Swann and children, of Olean, N. Y., have been paying Mrs. Swann's mother, Mrs. Lambert and other relatives, a visit last week.

Charles Haines is visiting his father, mother and other relatives. Mr. Haines has been living in the west for about six years and this is his first trip home.

Mr. and Mrs. Paul Stover and little daughter Elizabeth, of Antis Fort, and Miss Marian Stover, of Harrisburg, were guests at the Stover home last week.

Mrs. Henry Mowery is in Altoona with her daughter, and was accompanied by her grand-daughter who spent the full winter thus far in this place. She will remain at her home in Altoona for the remainder of the winter.

LEMONT.

Quite a number of the people of this community are housed up with the grip.

Charles Whitehill lost fifty head of hogs, and Charles Struble two, from cholera.

Mrs. Harvey Kerns has been on the sick list the past two weeks, and is improving very slowly.

John Kline is moving some of his household goods into the Samuel Weaver house, which he purchased.

Edwin Grove was almost thrown under the train last Thursday, while trying to get on, but in the end was not seriously injured.

Two cases of scarlet fever have been reported from Centre Furnace, and the health officer had to fumigate the school room at that place on Monday.

Monday morning a corps of engineers began to survey a route for a trolley line, between Lemont and State College, same to be financed by Pittsburgh capitalists.

People with good brains are asked to bequeath them to scientists for the benefit of mankind. At least some officers of the American Association for the Advancement of Science have publicly advised this. They say that "the greatest difficulty in the path of the brain specialist is that he gets so few specimens of any value for study. Mostly he receives the brains of murderers who have died on the gallows or in the

Medical.

Take it in Time

JUST AS SCORES OF BELLEFONTE PEOPLE HAVE.

Waiting don't pay. If you neglect kidney backache urinary troubles often follow.

Doan's Kidney Pills are for kidney backache, and for other kidney ills. Bellefonte citizens endorse them.

Mrs. B. Holter, Pine St., Bellefonte, says: "Whenever a cold or strain causes a dull, constant ache across the small of my back, I use a box of Doan's Kidney Pills and get relief. Another of the family has also been benefited by Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Holter. Foster-Milburn Co., Props., Buffalo, N. Y. 61-2-1.

Restaurant.

RESTAURANT. Bellefonte now has a First-Class Restaurant where

electric chair. They are of the lowest type, and cannot compare as study material with the brain of a man of brilliance." Our readers are advised to take this suggestion into consideration. Since they are above the average human being in intelligence, their brains would be of undoubted value, and, when they are through with them, what better purpose could they serve than to afford the scientist an opportunity to know the brains of strongminded people?

Airmen Are Sportsmen.

The fate of an airman who comes to grief generally becomes known to his comrades, and through them is communicated to his friends at home. The explanation of this is that a practice has sprung up on both sides of dropping messages into the opposing lines reporting exactly what has happened to any flyer who has been forced to descend. One of these messages dropped in the British lines showed an intimate knowledge of London. After mentioning that a particular airman had been taken prisoner, but was uninjured, the message continued: "Hope the British aviators are getting strong. Give my regards to Leicester square, dear Piccadilly, and Mayfair. Sorry can't stay."

Medical.

SUFFERED FROM BACKACHE, RHEUMATISM, DROPSY.

Dear Mr. Editor—I wish to tell you of a recent experience I had when suffering from backache, weak back, rheumatism, dropsy, and congestion of the kidneys. I tried a new medicine called "Amuric," which has recently been discovered by Dr. Pierce, of whose medicines and Surgical Institution in Buffalo, N. Y., you have no doubt heard for years. This medicine acted upon me in a wonderful manner. I never have taken any medicine so helpful in such quick time. I do wish anyone in need of such a remedy would give it a trial. (Signed) G. H. HERR.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "AMURIC," the newest discovery of Dr. Pierce, who is head of the INVALIDS' HOTEL and SURGICAL INSTITUTION, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Amuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Amuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Amuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Amuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery" which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ills.
