BIG FIRE AT STATE COLLEGE.—The big three story frame building on east College avenue, State College, owned by P. H. Gentzel, was entirely destroyed by fire on Wednesday night. The building was occupied by J. H. Musser's grocery store; George C. Harper, pictures and picture framing establishment and Miss Myra Kimport's millinery store. The second and third stories were in flats and occupied by the families of W. W. Knox, W. E. Gentzel, Clarence Blazer, Frank M. Buchman, general secretary of the College Y. M. C. A., and Miss M. E. Foster, with Fred Yeager and L. E. Armstrong as roomers.

The fire started about nine o'clock in the evening in the rear of Harper's picture establishment, and in view of the fact that there had not been any fire in that part of the store during the day, it is believed to have been a case of spontaneous combustion. The fire burned rapidly and spread quickly to Musser's grocery store so that it was impossible to save any of the stock. A good part of Miss Kimport's millinery stock was saved and most of the furniture of the tenants on the second and third floors.

Mr. Gentzel carried a fair insurance on the building and Mr. Musser's stock was covered with insurance. Miss Kimport and George Harper had no insurance but the residents in the building all carried insurance, so that their loss is not complete. The State College fire company and students did valiant service in preventing the fire from spreading and saving so much property from the burned building. The block will probably be rebuilt with a substantial brick structure.

ANNUAL MEETING AND BANQUET OF FIREMEN'S RELIEF ASSOCIATION.—The annual meeting of the Firemen's Relief association was held in the Logan fire company hall on Tuesday evening at which the following officers were elected for the ensuing year: President, J. Mac. Heine; vice president, Benton D. Tate; treasurer, John McCuley; secretary, Harry J. Jackson. The secretary's report showed the association to be in good standing financially and otherwise.

Following the meeting the Logan fire company entertained the association with the customary annual banquet, and it was some feast. About one hundred and fifty firemen and guests partook of the spread and upwards of one hundred pounds of turkey and chicken were consumed, not counting the other delicious edibles. Jacob Marks was chairman of the banquet committee and the complete success of the affair was largely due to his expert knowledge on gastronomic affairs generally.

When smoke time came Milton R. Johnson, president of the Logan fire company, took charge as toastmaster and after a neat little speech in which he bid everybody a hearty welcome introduced Dr. M. J. Locke. The doctor responded nobly with a plain talk on patriotism and citizenship and his word picture of the difference between the two was so vivid as to be almost painful.

Burgess Edmund Blanchard was next introduced and he extolled the good work of Bellefonte's volunteer firemen, which is so well known by everybody that the WATCHMAN endorses every word the burgess said.

Toastmaster Johnson then called upon Col. H. S. Taylor, and as he had been properly stuffed with turkey and all the other good things to eat, he was in the right mood for talking and after he paid a glowing tribute to the firemen and placed the American eagle upon a gilded pedestal of patriotism he told all that Dr. Locke overlooked about good citizenship. Mr. Healey, of the western penitentiary, responded briefly when introduced, after which the gathering adjourned, although many remained in harmless merrymaking until after midnight.

MIRACULOUS ESCAPE OF FORMER BELLEFONTE LADY.—The WATCHMAN is in receipt of a clipping from a Monrovia, Cal., paper recording an accident on one of the mountain roads that of State in which an automobile party had a miraculous escape from death. Mrs. W. F. Reeder was one of the party and in that lies the local interest. Mrs. Reeder was a guest of Mr. and Mrs. Leland S. Foulke on a drive over the Mt. Wilson boulevard. Another lady and gentleman were in the party. Two miles or more up the mountain as the touring car was going into one of the sharp curves a big freight auto truck appeared suddenly around the corner, going at a pretty fair rate of speed. Mr. Foulke stopped his car and though the driver of the truck attempted to do so he could not in time and it crashed into the car head-on.

As it happened the car was not shoved off the road, and aside from smashing a lamp and bent fenders little damage was done. All the occupants of the car got out except Mrs. Reeder and one other woman, and when the truck was pulled loose from the automobile it started back down the mountain. Mr. Isaacs, who was one of the party, made one jump and caught the brake lever, stopping the car as it was within six inches of going over a one thousand foot precipice. Had the car gone over it would have meant the death of both occupants. However, after the first stage of fright had passed, the party proceeded on their way, completing the climb to the top of the mountain without further incident or mishaps.

Mr. Batcheler will accept the hides himself and forward them to the Game Commission. Under the law any justice of the peace is entitled to 25 cents for each probate. Mr. Batcheler, being a state officer, is entitled to no fee and will not accept any, so that the man seeking a probate saves just that amount.

RAILROADER'S KINDNESS APPRECIATED.—On Tuesday afternoon a folder was thrown on the writer's desk announcing that "361,572,114 passengers had been carried by the Pennsylvania railroad during the past two years without a single fatal accident," and the announcement recalled a story told us that morning of an incident that happened the day before Christmas on the Tyrone and Clearfield branch, which is worth telling.

Train No. 4 was on its way to Clearfield and on nearing Osceola Mills one of the passengers notified the conductor that a man had fallen off the train. Inquiry was at once made through every car but no one seemed to be missing and by that time the train was at Osceola. The passenger was persistent in the fact that he had seen a man fall off and to be on the safe side the agent called Tyrone and asked for instructions. The order came to shift the train to the south-bound track and have it back up to where the man was supposed to have fallen off.

They did so and on reaching the spot came upon an old man walking along the road toward Osceola. His clothing looked as if he had been rolling on the ground and he showed evidence of being rather the worse for drink. The train was stopped and the conductor asked: "Where are you going?" "To Clearfield," replied the man. "Well, come and get on, and hurry," said the conductor.

The man made his way up the bank, crawled on the tain and after telling the conductor how he fell off and rolled down the bank into the road he said: "It was darned accommodatin' of you to come back after me," and producing an unbroken flask from his hip pocket extended it to the conductor with the hospitable remark, "Here, have a drink on me!"

AN OPPORTUNITY FOR SOMEONE.—Mitchell I. Gardner has decided to dispose of his china store in the Centre County Bank building and is offering it for sale, either as an established business or failing to secure such a customer, he will dispose of the stock and fixtures at a sacrifice sale.

Here is an old and established business opportunity for someone. The store is unique in that it has not an equal in Central Pennsylvania. It is really an institution in Bellefonte and since the time the late W. H. Wilkinson started it has had a reputation probably more widely known than any other Bellefonte mercantile establishment.

Mr. Gardner wants to retire because he has other business engagements that he cannot sacrifice and which demand more of his attention than he can give while giving proper attention to this store. He will sell it at a bargain and anyone wishing to enter in a nice clean business, in which there has been a satisfactory return upon the investment, might do well to inquire into this opportunity.

NOTED VIOLINIST AT MISHLER'S.—It is the policy of the Mishler Theater, Altoona, to at least once each season offer to the people of this section of the State who desire high class intellectual entertainment, an eminent musical artist of international fame.

One season it was Paderweski, another Nordica, another Schumann-Heink, and this year on Tuesday evening, January 25th, Mr. Mishler proudly announces the world's greatest violinist, Fritz Kreisler, the artist who moves his tremendous audiences to enthusiastic raptures of applause. The prices will range 50c, 75c, \$1.00, \$1.50 and \$2.00. Special attention will be paid to reservations from other points than Altoona. You can make mail orders now. They should be attended to early so that the out of town people have a choice of selection.

IN SOCIETY.—Mrs. Furst, Mrs. James Furst and Mrs. John Curtin were hostesses and received at the tea given at the home of Mrs. Austin O. Furst, Tuesday afternoon.

An informal dance was given by the Misses Anne and Caroline Valentine Wednesday evening at their home a short distance north of town.

Cards have been issued by Mrs. F. W. Crider for a reception this afternoon, from three until six o'clock, at her home on west Linn street.

PROMOTION ANNOUNCEMENT.—Effective January 1st, 1916, Mr. N. R. Wright has been appointed superintendent of equipment and roadway and Mr. Van Jordon car accountant of the B. C. R. R. Co. F. H. THOMAS, Supt.

GARMAN—NEFF.—On January 6th, 1916, at the United Evangelical parsonage by pastor, Rev. E. Fulcomer, William L. Garman, of Altoona, and Miss Hannah I. Neff, of Curtin, were united in the holy bonds of matrimony.

THOMAS—LIDDICK.—Squire S. Kline Woodring performed his first wedding ceremony last Friday when he united in marriage J. Lee Thomas, of Lock Haven, and Miss Minnie M. Liddick, of Colyer.

A slim house greeted "Within the Law," at Garman's on Tuesday evening, notwithstanding the fact that it is a good play, and the company above the average. They certainly deserved a better house.

—The Potter-Hoy Hardware company will begin on Saturday, the 15th, their regular annual inventory sale. This year it will be larger and better than ever. 61-2-1t

—Henry E. Duck, of Millheim, was a WATCHMAN office caller on Tuesday, having come to Bellefonte on Monday for the annual meeting of the Farmers' Mutual Fire Insurance company, of which he has been president since the death of the late Hon. —John B. Goben Esq., of Pennsylvania Furnace, was in town Tuesday attending a meeting of the Farmers' Mutual Fire Insurance company, of which he is a director. The wonderful success of that company can be attributed entirely to the class of men who have been on its board for years. It was a ponderous oak structure but had much good and thoroughly dry lumber in it. He engaged Orrie Nason to saw it up into bill stuff and Orrie has been having his own time with the work. Up to this time he has sawed through thirty some railroad spikes and a two-inch bolt and the boss little saw that his dad fit him out with is singing away as merrily as if it were buzzing through clean, clear pine.
