W. A. Lyon, the butcher, has recovered from his recent attack of illness and is able to look after his business as usual.

Mrs. Wesley Gray is ill at her home in Crider's Exchange. So serious is Mrs. Gray's condition that little hope is now felt for her recovery.

Col. H. S. Taylor has been housed up all week with an attack of the grip and tonsillitis. However, he was considerably improved yesterday.

A large doe was chased down off of the mountain in the vicinity of Hannah Furnace, last Saturday morning, and killed by dogs.

Charles Zimmerman, of Bellefonte, has accepted a position as clerk in the McEwan jewelry store at Lock Haven and began his duties on Monday morning.

The annual declamatory contest for the W. S. Furst prize will take place at the Bellefonte Academy this (Friday) afternoon at two o'clock. The public is invited.

The Bellefonte Academy basketball team will play off a tie score with the Y. M. C. A. of Tyrone at the Stag club in Lock Haven tomorrow (Saturday) evening.

Charles Batchelor, of Philipsburg, state game protector for this district, was at the Garman house on Wednesday and probed the scalps of twenty foxes, ten weasels, two minks and one wild cat.

Henry J. H. Webb, the colored man of Allegheny county, who was to have been electrocuted next Monday, has been respited until the week of May 1st in order that his case may go before the board of pardons.

The Battle Cry of Peace is one of the greatest photoplays of the age. You will laugh, you will weep, you will be thrilled, startled, surprised and inspired by this great masterpiece. At the Scenic theatre, Bellefonte, April 11 and 12. 12-1t

Lewis Smoyer, who is now in jail at Danville awaiting sentence for stealing a horse and buggy from a liveryman of that place, is also wanted in five other places on the same charge, one of them for stealing a horse and buggy from liveryman C. G. Mensch, of Millheim.

Beginning on Monday morning of last week and ending Saturday night a record was kept of the number of people and conveyances that passed over the railroad crossing at the old Phoenix mill. The total was 5399 pedestrians, 1341 vehicles, 559 automobiles and 32 bicycles.

On Tuesday evening, March 23th, Orvis Keller will talk on the theory and development of compensation insurance before the study class, which will meet in the High school building that evening, at 8 o'clock. This talk should prove very interesting to everybody and should be heard by all.

The application for a rehearing in the case of the application of Clarence E. Long for a license at Rebersburg was argued in the chambers before Judge Quigley on Monday by attorneys W. Harrison Walker and W. D. Zerby, but up until last evening the court had not announced any decision.

One of the most striking automobiles ever seen in Bellefonte appeared on the streets yesterday as the property of G. M. Gamble. It is a 1916 model McFarlane Six, and is painted a grass green with a yellow top. It is equipped with wire wheels and apparently has all kinds of power and speed.

A regular meeting of the Woman's club will be held at the High school building next Monday evening. A feature will be the Pennsylvania schools exhibit on the prevention of tuberculosis, which will be accompanied by an interestingly descriptive talk. A full attendance of members is desired.

Mlle Cecille de la Garde, who has been engaged in Red Cross work in France since last September, is on her way back to America for the purpose of raising funds to carry on the work. She will give a series of heart to heart talks while here, on the conditions in France, and one of her dates will be given to Bellefonte.

Daniel Shuey, of College township, was loading a car of hay last Saturday, out near the Bellefonte Engineering company's plant when one of his teams ran away. They tore loose from the sled and plunged into Spring Creek just below the old breast of the dam and sank in the mud until the water covered the top of the horses' backs. The more they struggled the tighter they stuck and it was necessary to get another team and with an improvised harness pull them out. They were in the water over a half hour but aside from a good coating of mud were none the worse for their mud.

BELLEFONTE COUNCIL ACTS FAVORABLY ON PAVING OF WATER STREET.

The most important business done at the regular meeting of borough council on Monday evening was definite action favorable to the paving of south Water and Willowbank streets. It is almost two years since application was made to the State Highway Department for state aid in the matter of paving the above thoroughfares. The matter hung fire until in January when triplicate agreements were sent here to be executed by the County Commissioners and the borough council. At a special meeting of council on Monday evening, January 31st, a resolution was passed agreeing to execute the agreements just as soon as the signatures of two-thirds of the property owners along the route had been secured to a petition.

Last week, however, a letter was received from the State Highway Department notifying both the County Commissioners and borough council that the properly executed agreements must be in that office by Monday, March 27th, otherwise the money now set aside to be used for above paving would be applied elsewhere. Consequently at their meeting last Friday the County Commissioners executed the agreements in due form and the matter was then up to the borough council.

While a petition has been circulated among the property owners residing along route 456 the signatures of two-thirds the total have not yet been secured, but the men who have the petition feel positive that more than the necessary number will finally sign up. The only thing to do under the circumstances was to pass a resolution rescinding the resolution of January 31st, and this was done, the six members present, Cherry, Harris, Flack, Seibert, Shope and president Walker, voting for it unanimously. A resolution was then introduced authorizing the president and secretary to execute the agreements and this passed by a 5 to 0 vote, the president not voting because he would have to execute the agreement. A resolution presented by the Highway Department providing for the method of payment, etc., was then passed by a vote of all members present.

The Highway Department's estimate for the paving of south Water and Willowbank streets for a width of sixteen feet is \$12,000, of which the State will pay one-half, the county one-fourth and the borough one-fourth. For an additional two feet on each side, curbing, etc., the estimated cost is \$4,850, one-third of which amount will have to be paid by the borough and two-thirds by the contiguous property owners, which will make the total cost to the borough in the neighborhood of \$4,000, but the result will be a permanent street, which heretofore has always been a heavy expense in up-keep and a miserably sloppy thoroughfare in wet weather.

Immediately after council convened on Monday evening burgess Blanchard reported that he had been in communication with Capt. John C. Groome, of the state constabulary, and he had agreed to furnish three state policemen to help look after the crowd on the occasion of the Odd Fellows reunion April 26th, but he suggested that several additional local men be employed. The matter was referred to the Fire and Police committee and assurance given that the visitors would be properly taken care of.

A communication was received from the Tyrone borough council stating that J. A. Ginter had been elected a trustee of the Pruner orphanage and H. E. Scott auditor.

A communication was received from Miss Helen E. C. Overton beseeching council's aid in preventing the desecration of the American flag. She stated that on one occasion she had seen a flag tied to a dog's tail, on another the patriotic emblem was trampled on the ground and other desecrations. The matter was referred to the borough solicitor and Fire and Police committee.

The Street committee reported progress in the matter of additional street lights on Thomas and Beaver streets.

The Fire and Police committee reported two slight fires, one on March 8th and one on the 16th. Mr. Flack also reported receipt of the burgess' check for \$30.00 for fines and licenses and a check of \$12.50 for expense of the fire companies at the Chemical Lime company fire. Mr. Flack also brought up the matter of the lighting of the Undine building, but as no definite conclusion could be arrived at the matter was referred to the borough solicitor, Finance and Fire and Police committees for investigation and report. Mr. Flack recommended that the customary annual appropriation of \$250 be paid each fire company and it was so ordered.

Notes for \$500 and \$1,000 for one year from March 21st; \$5,500 for six months from March 27th; \$1,200 for one year from March 27th, and \$2,000 for one year from March 31st were authorized for renewal after which bills to the amount of \$1,097.36 were approved and council adjourned.

The Centre Brick and Clay company, of Orviston, has been awarded the contract for supplying all the radial brick for the big smoke stack to be erected at the paper mill of the New York and Pennsylvania company in Lock Haven. The new stack will be 255 feet high and will have an inside diameter at the top of fourteen feet. It will be built of buff color radial brick, and many thousands will be required to do the work.

A county conference of Women's Clubs has been arranged for Saturday of this week, in the High school building, beginning at 10 a. m. Every woman interested in the work of women is cordially invited to be present, whether she is a member of any society or not. The visitors have been asked to bring a box luncheon, and the Bellefonte Club will serve coffee. The afternoon session will open at two o'clock. Attend and bring your lunch.

T. Clayton Brown has booked "The Battle Cry of Peace" for exhibition at the Scenic on Tuesday and Wednesday, April 11th and 12th. This is said to be as great a picture as "The Birth of a Nation." Mr. Brown expects to give it with an orchestra accompaniment. While everybody in Centre county should endeavor to see this picture, the Scenic will show many good ones before that date that will also be very interesting. In fact Scenic programs are always good.

Earl Stanley, a son of William Stanley, of Milesburg, was badly injured in an accident at the Titan Metal company plant on Wednesday morning. He was working at a lathe and in some way fell against the machinery with the result that he had his left arm broken, his right arm badly cut, right ear partly torn from his head and his face badly cut and bruised. While his injuries are not likely to prove fatal they will lay him up for some time and may disfigure him to a certain extent.

Two weeks ago Charles E. Larimer resigned his position with the Bell Telephone company of Pennsylvania at Johnstown and last week went to work for the Shank Hardware company, of Johnstown, as a traveling salesman. Mr. Larimer has been in some branch of the telephone work ever since he left school and his experience in that line of work, and especially in having come in contact with the public generally for the past fifteen or more years, will be of great benefit to him in his new position.

After working less than a fortnight following a lay-off of over three months, William H. Hamilton, freight conductor on the Central Railroad of Pennsylvania, fell from the top of a box car on the McCoy & Linn siding last Friday morning, injuring himself so that he has not been able to work since. His fall was occasioned by slipping on some ice on top of the car and while he landed on his feet he fell backwards across one of the rails. Fortunately the train was standing still at the time, else he might have been killed.

Harry J. Mueller, who left Bellefonte about a year ago to become city forester in Harrisburg, was literally fired from his position on Wednesday of last week by park commissioner E. Z. Gross. Mueller, however, refused to be fired so easily and the next morning was back at his desk as usual and now the matter is up to the city council. There has been friction between Gross and Mueller for some time and the affair came to a head last week when Gross charged Mueller with not working in harmony with the park department. On Monday the city council also "fired" Mueller, and then he admitted that he would have to stay put.

A BIG CHICKEN HATCHERY.—When one considers the hatching of chickens in the good old way, with a dozen to fourteen eggs under the old mother hen, it is almost incomprehensible and rather astounding to see the hatchery of Hockman & Peters, of Mingoville. There, under one roof, they have two immense hot water incubators, each with a capacity of 12,000 eggs, or a total capacity of 24,000 eggs. Last Friday they put in the last installment of eggs necessary to fill the big incubators. On Sunday the first consignment of chickens was hatched out, a meagre 3,500 of them. The eggs have been placed in the incubators so that they will come out at regular intervals to permit of handling them easily.

The firm is not in the chicken raising business, but merely hatching them for market. They sell readily at \$8.00 a hundred when but one day old, and Hockman & Peters always have a ready market for all they can hatch.

THE BOHEMIAN GIRL.—It is said that it is almost an entirely new "Bohemian Girl" that the Aborn Opera company will present at Garman's, Tuesday evening, March 28th. Not new as regards its music as all of the sweet old melodies are retained, but in addition there are several airs included that were composed especially for the operatic festival of the French Second Empire. The claim to newness for their production, it is said, is based on the lavishness and completeness with which they have put it on. Of the innovations there is the gypsy camp in which is seen not only the band of real gypsies but everything else that one would be apt to find in such surroundings. Then there is the street fair, the Taigani Troupe of Whirlwind Acrobats, the strong man, sword swallower, snake charmer and educated monkey and in the Marble Halls a beautiful ballet "The Dance of the Hours." This is one of the largest organizations now touring and numbers among its more important members Edith Allan, Henry Taylor, Mildred Rogers, Francis Tyler, George W. Dunstan, Ralph Nicholls, Irma Phillips, P. J. McCarthy, John Willard and others. Prices, 25, 35, 50 and 75 cents, \$1.00 and a few at \$1.50.

TWO WELL KNOWN COUPLES CELEBRATED GOLDEN WEDDINGS.

—On March 15th, 1866, at 6 o'clock in the morning Rev. W. H. Groh, pastor of the Reformed church at Boalsburg, performed the ceremony which united in marriage John Henry Meyer, of State College, and Miss Phoebe Weber, of Boalsburg. The happy event took place at the home of the bride's parents and of the sixteen guests present but seven have gone to their eternal home. All the others were present at the Meyer home last Wednesday when that most esteemed couple celebrated their golden wedding. The Meyer home was beautifully decorated in yellow and white, the "fifty" in large gilt figures occupying a conspicuous place. A beautiful bouquet of bridal roses adorned the centre table. Rev. S. C. Stover and P. M. Weber expressed the good wishes of all to Mr. and Mrs. Meyer and family for their future days and welfare. The dinner, of course, was a big feature and relished by every one of the twenty-eight guests present. Mr. and Mrs. Meyer were presented with a purse of gold, as well as other money and various valuable and useful articles.

The life story of Mr. and Mrs. Meyer reads almost like a romance. Following their marriage and a honeymoon trip of several weeks, visiting friends in the eastern part of the State. Upon their return they were given a hearty reception at the Meyer home at which were gathered a number of their intimate friends. They later went to farming on a farm adjoining the Meyer homestead. After several years they moved onto a farm west of Centre Hall. In 1876 they moved to Boalsburg and a year later onto a farm only a short distance from Boalsburg. Nine years ago they retired from active life, purchased a home in Boalsburg and are now enjoying the evening of their life. During the time the young couple spent on the elder Meyer homestead Mr. Meyer helped to haul the stone to build Old Main at State College.

Mr. and Mrs. Meyer have four children, and six grand-children. The children are Mrs. W. E. Gettig, who lives in Altoona; George Edwin, at home; Nevin W. and Mrs. W. G. Mothersbaugh, living near Boalsburg. All the children and grand children were present on Wednesday except their grand-daughter, Miss Phoebe Gettig, who is a student at Hood College, Frederick, Md.

Mr. and Mrs. Meyer are to be congratulated in having attained such age and distinction and enjoy such good health. He is eighty-three years old—the oldest man in Boalsburg, and has the best of health. His eyesight is good and he enjoys reading very much. Mrs. Meyer is seventy years old and while her general health is good she has suffered the past year with an affection of the throat which her physician pronounces incurable. However, she is making the best possible of her condition and is getting lots of enjoyment out of her family associations and many acquaintances. Mr. and Mrs. Meyer have been readers of the WATCHMAN continuously for twenty-six years. Mrs. Meyer first subscribed for it for her son Nevin and it has been a most welcome visitor in their home ever since. Mr. Meyer, by the way, has always been a staunch Democrat and he is anxiously waiting to see President Wilson re-elected.

The twenty-eight guests present at the golden wedding were Mr. and Mrs. J. H. Meyer, George E. Meyer, Mrs. W. E. Gettig, Nellie, Catharine and William Gettig, Henry Gettig, Mr. and Mrs. Nevin W. Meyer and daughter, Rosella May; Mr. and Mrs. W. G. Mothersbaugh and son, John Henry; W. C. Meyer and Miss Katharine Weaver, of State College; Mr. and Mrs. P. M. Weber, of Huntingdon; Mr. and Mrs. J. H. Weber and grand-daughter, Mary Weber, of Centre Hall; Mr. and Mrs. F. W. Weber, S. E. Weber, Miss Anna M. Weber, Rev. S. C. Stover, Mrs. Stover, Miss Annie Lohr and Mrs. Emma Riley, all of Boalsburg.

On Thursday of last week Mr. and Mrs. Ephraim K. Keller, of Pleasant Gap, celebrated their golden wedding with a big dinner from 11.30 to 1.30 o'clock, at which sixty-eight of their friends were present. A feature of the gathering was the presence of three couples who have passed their fiftieth anniversary, namely: Mr. and Mrs. Philip Dale, of Oak Hall; Mr. and Mrs. D. C. Keller, of Phoenixville, and Mr. and Mrs. Isaac Miller, of Bellefonte, and a peculiar coincidence is that they are all cousins of Mr. Keller. Mr. and Mrs. Keller received a purse of \$40 in gold. Mr. Keller received two gold headed canes and a gold handled umbrella, while both received numerous other gifts. Rev. Courtney, Lutheran minister of Boalsburg, was present and offered prayer and made a short address.

Ephraim Keller and Miss Margaret E. Mease, a daughter of Mr. and Mrs. Martin Mease, were married in Bellefonte on March 16th, 1866. Practically all their married life has been spent in Spring township. They are the parents of eight children, all of whom are living, namely: Mrs. W. M. Ott, Mrs. D. M. Kline, Mrs. J. M. Garbrick and Mrs. A. D. Smeltzer, all of Bellefonte; M. M. Keller, Centre Hall; D. W. Keller, Philadelphia; Mrs. Ralph Noll, Pleasant Gap, and Paul Keller, of Altoona. They also have ten grand-children. There has never been a death in the family and all are enjoying excellent health at present.

Some very interesting local news will be found on the second page of today's WATCHMAN.
