Trout season is in, but that is about Hood's Sarsaparilla.

#### That Tired Feeling

RELIEVED BY HOOD'S SARSAPA-RILLA, WHICH RENOVATES THE BLOOD.

That tired feeling that comes to you in the spring, year after year, is a sign that your blood lacks vitality, just as pimples, boils, and other eruptions are signs that it is impure; and it is also a sign that your system is in a low or rundown condition inviting disease. It is a

warning, which it is wise to heed. Ask your druggist for Hood's Sar-saparilla. This old standard tried and true blood medicine relieves that tired eeling. It cleanses the blood, gives new life, new courage, strength and cheer-fulness. It makes the rich red blood that will make you feel, look, eat and

sleep better.

Be sure to get Hood's Sarsaparilla. It embodies the careful training, experience, and skill of Mr. Hood, a pharmacist for fifty years, in its quality and power to cure.

As a matter of fact, says the New York Sun, Mr. Edison fooled every member of that distinguished body of men, including President Wilson and Secretary of the Navy Daniels; he heard little that was said, but he presided successfully because his assistant, Mr. Miller R. Hutchison, kept him informed of everything by means of a telegraphing finger tip that touched Mr. Edison's knee under the

A few years ago Mr. Hutchison fell a victim to the whooping cough and lost his voice temporarily. Mr. Edison suggested to Mr. Hutchison that he learn the Morse code. He did so, and the two men communicated with each other by tapping the dots and dashes with their fingers.

Mr. Hutchison tapped to Mr. Edison everything that was said, sometimes verbatim and sometimes boiled down into fewer words. He was able to send Morse messages to Mr. Edison at the rate of thirty words a minute, and, as the speeches were delivered in a more or
