MISCELLANEOUS DOINGS IN BOROUGH COUNCIL.—Burgess Edmund Blanchard was present at the regular meeting of borough council on Monday evening and suggested that council pass a vote of thanks to superintendent Lincoln, of Williamsport, for furnishing Bellefonte free of charge six railroad policemen for Odd Fellows' day, which was accordingly done.

Secretary W. T. Kelly reported that repairs had been made to the Mrs. W. L. Steele pavement on south Spring street.

The Street committee reported repairs now in progress on east Linn street, and asked what should be done regarding sewers from the new houses being erected on Pine street. The matter was referred to the Street committee, borough solicitor and borough engineer to decide what to do.

The Water committee reported repairing a number of meters at various places around town.

The Fire and Police committee presented the burgess' check for \$30.00 for fines and licenses collected.

The Finance committee presented the treasurer's report showing a balance due him on May first of \$474.29, and requested a new note for \$1,000 to meet current bills. The same was authorized.

The Special committee reported that the contract had been drawn up with the State-Centre Electric company for electrifying the pumping station, and the same is now in the hands of the borough solicitor. The same will be presented to council on next meeting night for ratification. The committee reported that the State-Centre Electric company had ordered the necessary machinery and expect to have it installed some time in June.

W. A. Lyon called attention to the fact that the State-Centre Electric company is ready to install the new lighting system from Howard street to Linn and west on Linn to Rhoads' corner, but they need four additional posts which the borough had agreed to furnish. The question of the purchase of the posts was referred to the committee with power.

A letter was received from one, Frank Nelson, complaining about the dangerous condition of the "toys" platform at the Phoenix mill dam, averring that somebody is liable to break through and drown. The matter was referred to the Water committee and the solution will probably be the putting up of "No Trespass" notices, as the place complained of is private property.

Mr. Seibert called attention to the fact that throughout the town there are quite a number of telephone poles which he characterized as "dead ones," which means that they are now out of use, and he made a motion that both telephone companies and the State-Centre Electric company be requested to remove all such poles at once. The motion carried and the secretary was instructed to give the customary notice.

President Walker named Wednesday, May 17th, as the time for hearing the water appeals.

Bills to the amount of \$988.70 were approved and council adjourned.

THE BIRTH OF A NATION.—D. W. Griffith's master production, "The Birth of a Nation," will be the attraction at Garman's on May 31st and June 1st.

It will be brought here in exact reproduction of the great attraction which is now in New York, where it has broken every record of the American stage.

The merest statement regarding "The Birth of a Nation" leaps to superlatives because there is no other form in which it can be written. It covers the essential details of American history running through three centuries. Actual battles are shown with tens of thousands of soldiers in the conflict. 18,000 people participated in the telling of the story. Three thousand horses were used to give the cavalry and other thrilling effects of the wild dashes over miles of territory. Cities were built up only to be destroyed by fire. The total cost of the entire production was in the neighborhood of \$500,000. A symphonic score accompanies the action and lends a potent force to the drama.

FIRST AID LECTURES.—Several hundred women and girls attended the first of a series of first-aid lectures at the High school building on Tuesday afternoon. The lecture was delivered by Dr. Seibert and was not only interesting but instructive. The second lecture in the series will be given in the armory next Thursday evening, May 11th, at 7.30 o'clock. Dr. S. M. Huff will be the lecturer. Women generally of Bellefonte and the surrounding community are invited to attend these lectures, which are free.

John Confer will put a motor bus line between Snow Shoe and Bellefonte in operation next week, making two round trips daily. The fare will be \$1.50 per round trip.

The ceremony took place at eleven o'clock and was performed by Rev. Alexander D. Bateman, of Lock Haven, in the presence of only the immediate relatives of the contracting parties. Denlinger Sr., has announced that he will be an applicant for the appointment of postmaster, and if he is fortunate enough to secure the same he will turn the entire salary over to Mrs. Rumberger, who is left with three small children to support. This surely ought to be an inducement to the powers that be to appoint Mr. Denlinger.

The general conference of the Methodist church in session at Saratoga Springs, N. Y., will elect eight new bishops, and Methodists hereabouts will be interested in knowing that prominent among the ministers mentioned for elevation to that high position in the church is Rev. Horace Lincoln Jacobs, now presiding elder of the Williamsport district, Central Pennsylvania M. E. conference. Rev. Jacobs is quite well known in Bellefonte and there is nothing the conference can do that would please his friends more than to make him a bishop; a position we personally know he would grace exceedingly well.

Henry J. H. Webb, of Allegheny, was electrocuted at the new penitentiary at Rockview, on Monday morning. Three minutes after the current was turned on the man was pronounced dead by Dr. Campbell, three contacts having been made. Webb was the ninth man to go to the electric chair and the first colored man to be electrocuted in Pennsylvania. The crime for which he was put to death was the stabbing of his wife on February 21st, 1915. He was arrested two days later, was tried and convicted June 17th, 1915, and was sentenced on September 2nd. The Supreme court refused an appeal and the Board of Pardons at its last meeting refused an application for a commutation of sentence.

Harry B. McManaway, solicitor for the State-Centre Electric company, did a neat piece of work on Monday evening when he secured a franchise for Beech Creek borough in competition with three other companies. A month ago Mr. McManaway appeared before the Beech Creek council with an ordinance to grant a franchise to the State-Centre Electric company, but there were several features in the ordinance that some of the councilmen objected to. Mr. McManaway had the ordinance changed and went down to Beech Creek again on Monday evening. He arrived there a little after seven o'clock and found three other men there who were after the franchise. Some of the councilmen stated that no action would be taken that evening because there were two vacancies in council. Before Mr. McManaway left, however, two councilmen were elected, sworn into office, the ordinance he presented granting a franchise to the State-Centre Electric company was passed, signed and approved by the burgess, and he came home with a copy of it in his pocket. All of which means that the State-Centre company intends invading lower Bald Eagle valley.

BUSY WEEK OF ARGUMENT COURT.—Argument court convened on Tuesday morning and continued until yesterday, making almost as busy a week as any regular term of court.

On Tuesday argument was made on the applications of Charles Colobine and B. Paul Swartz for new trials. Both men were convicted at the February term of court for extortion and sending threatening letters.

Testimony was also taken in the case of the Cato Coal Mining company vs. Taylor Walker, et al., an action in ejectment.

Wednesday was taken up entirely in taking testimony in the application to the court of David O. Etters and his wife, Lillie C. Etters, to fix a proper remuneration for the support of Mrs. Emanuel Musser. Heretofore Mr. and Mrs. Etters have been allowed two hundred dollars a year for Mrs. Musser's support, but as she is now close to eighty years old and naturally more of a care than formerly, they are asking to be allowed five dollars a week.

Yesterday argument was made on the application for a new trial of Hayes Schenck, of Howard, convicted at the February term of court of bounty swindling.

ANOTHER PRISONER ESCAPED FROM THE PENITENTIARY.—Another prisoner escaped from the new penitentiary at Rockview some time on Wednesday evening, but the fact was not discovered until roll call at bedtime. No alarm was given but the police here were notified to be on the lookout for the man.

This makes the tenth prisoner to take French leave from the new penitentiary, but only two got away entirely and avoided recapture.

GOOD ROADS MEETING.—The Governor having designated Thursday, May 25th, as "Good Roads Day," all interested in this movement are requested to meet at the grand jury room in the court house Tuesday evening, May 9th, at 7.30 o'clock, at which time plans will be formulated for effective work in various parts of the county on the day specified.

Other sections of the State have in the past accomplished great results and there is no reason why Centre county should not turn in and show that we are leaders in this as well as in other important matters. Hearty co-operation is absolutely necessary, and it is therefore to be hoped that the meeting will be generously attended.

HIGH SCHOOL ALUMNI MEETING.—A well attended meeting of the High school alumni association, held at the High school on Tuesday evening, it was decided to hold a banquet and dance for the members of the 1916 graduating class, at the High school building during commencement week, the day to be decided later. One of the classiest base ball games of the season will be the one on Hughes field next Monday afternoon, May 8th, at 3.30 p. m., between the fast Pittsburgh Scholastics and the Bellefonte Academy nine. The visitors make a tour of the State each year under the direction of Richard Guy, sports editor of the Gazette-Times of Pittsburgh. It is one of the strongest amateur nines in the State. The Academy nine is proving itself a strong aggregation and will doubtless give the Pittsburghers a run for their money. Business men who enjoy a good ball game should not miss this opportunity. Admission, 25 cents.

A very pronounced aurora reflection was observed in the northern sky about ten o'clock on Friday night by those who happened to be abroad at that hour. It lasted for twenty minutes and caused considerable speculation. The explanation is fairly simple, however, as such northern lights are caused by an unusual discharge of electricity at a high altitude, which courses through the air waves at a high velocity, thus causing the illumination.

Undertaker Frank E. Naginey last Thursday received his new Meteor funeral car and its introduction in Bellefonte is an innovation in that line in Bellefonte. The car is drab in color and beautifully finished and upholstered. It has a motor of forty horse power and is so geared and constructed that it can be operated at a speed anywhere from three to fifty miles an hour. The car is so arranged that it can also be used as an ambulance.

Among the recent promotions by the Pennsylvania railroad company was that of Joseph J. Rhoads from superintendent of the Baltimore division to superintendent of the Schuylkill division. Each Sunday school will be expected to send one boy and one girl between the ages of fifteen and twenty. This will be a great opportunity for the boys and girls of the county. There will be a number of prominent speakers besides Mr. and Mrs. Orwig at this conference. Every Sunday school is urged to select its delegates at once for the boy and girl conference, and also for the regular convention, sending their names to the county president so that arrangements can be made for their entertainment.

NEXT SUNDAY IN THE LUTHERAN CHURCH.

Judge Henry C. Quigley, John Blanchard and Ad Fauble, members of the board of directors of the Bellefonte hospital, were in Lock Haven last Friday evening to hear Dr. H. M. Mitchell, superintendent of the Warren hospital, lecture on "Insanity and Its Causes." Following the lecture a supper was served the guests present.

Malcolm Ryan, a son of Mr. and Mrs. Morris Ryan, and who is employed as a moulder at the Bellefonte Engineering company's plant, sustained a severe burn on the right eye on Tuesday evening when some molten metal exploded and some of it splashed onto his eye. He is now receiving treatment at the Bellefonte hospital.

It shows a total enrollment of 10,023, divided as follows: Republicans, 5462; Democrats, 4376; Washington party, 85. The 1915 enrollment showed a total of 9,953, divided as follows: Republicans, 5450; Democrats, 4295; Washington party, 208.

S. A. McQuiston will be eighty-six years old on the 25th of this month, and his health is so good now that he feels like a man twenty years younger. Though not a native of the town most of his life has been spent here and very few men are living today who were here when he came. He has always been a good citizen in every way and his many friends hope he may be spared for an indefinite number of years to come.
