Friendship is the greatest bond in the world -Jeremy Taylor.

Every housewife, no matter where or how she lives, can do more or less to enhance the comfort of her house in summer, and the changes that should be made to achieve this are an

economy as well.

Another point to be considered is your lighting arrangements. If you are dependent upon gas or kerosene, try using candles as much as possible. It is perfectly practicable to have only candles in the dining room and bedrooms; and you will gain greatly in comfort thereby.

No other one factor is so important in producing good butter at this season of the year as proper control of churning temperature. When cream has been correctly soured it should be cooled down to the approved temperature for at least two hours, to allow the fat to become cool and firm enough for proper churn-

Churning temperatures vary widely, but much farm butter is made in Pennsylvania at too high temperatures. It is never advisable to churn warm cream, because it is necessary to cool the butter with ice water of very cold water before it is worked. The result is loose, salvelike butter.

At this time of the year, when cows are fresh and feeds succulent, the butter-fat is naturally softer than later in the season; hence a lower temperature, or from 52 to 56 degrees should be used. Experiments at the Pennsylvania State College seem to indicate that the lower temperatures are to be preferred, as the butter is firmer when it comes from the churn, does not easily incorporate butter-

milk and will stand more working.

Letters by Sky-Rockets.

They have an odd way of delivering letters to the people living on the Tonga islands. When the steamers pass these islands they no not like to stop, on account of the dangerous reefs that make the landing very difficult. So the few letters to be sent on shore are attached to large sky-rockets. Fired in this way, they safely reach the islands, and the people come out and collect the mail.—

That Dull Aching

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and achy backs, your neighbors recommend Doan's Kidney Pills. Read this statement:

Mrs. C. Young, Potter St., Bellefonte, says. "For more than a year I suffered from a dull ache in the small of my back. It was sore and tender and if I bent over, I could hardly get up again. I never felt able to do any housework. I had a languid feeling all the time and in the morning, I didn't feel like get-ting dressed. I was troubled a lot by dizzy spells and the kidney secretions unnatural. Doan's Kidney Pills had helped so many people around here that I procured some at Green's Pharmacy Co. The first box cured me. It has been three years now since I have had any trouble from

my back or kidneys." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Young. Foster-Milburn Co., Props., Buffalo, N. Y.

A PENNSYLVANIA MOTHER'S ADVICE

"Every Young Girl Should Use It"

McKeesport, Pa.—"When I was 15 years old, my mother being dead, a lady insisted on my using Dr. Pierce's Fa-vorite Prescription. I cannot tell you how glad I was of this and how I wish every young girl would use it at this time. I am now 45 years of age, have had 13 children, seven of whom are well, strong boys and girls. With the first four children I used 'Favorite Prescription' as well as 'Pleasant Pellets,' according to directions, both before and after and had very little trouble. Occasiors come now when I turn to Dr. Pierce's remedies for help and they never fail. The 'Pleasant Pellets' have been a 'stand-by' with me for years for sick hea ache, constipation, etc. They do all you claim for them."

Mrs. Frank H. Milburn, 2323 Fifth Avenue, McKeesport, Pa.
