DEMOCRATIC NATIONAL TICKET For President, WOODROW WILSON, of Virginia

For Vice President, THOS. R. MARSHALL, of Indiana

Democratic State Ticket For United States Senator, ELLIS L. ORVIS, of Bellefonte

For State Treasurer, SAM'L B. PHILSON, Somerset Co.

For Auditor General, JAS. B. MURRIN, Lackawanna Co.

For Congressmen-at-Large, JOSEPH T. KINSLEY, Philadelphia

JOHN J. MOORE, Luzerne county

THOMAS ROSS, Bucks county

JACOB D. WAIDELECK, Lehigh Co.

District and County Ticket For Congress, WM. E. TOBIAS, Clearfield county

For Assembly, MITCHELL I. GARDNER, Bellefonte

ADDITIONAL LOCAL NEWS.

Centre County Y. W. C. A. News.

The board of directors of the Centre county Y. W. C. A. met at State College on June 16th.

Miss Lovejoy, the vice president, entertained the members at luncheon, after which a business meeting was held.

Mrs. Beach, of Bellefonte, was added to the board at this meeting, and Mrs. Thompson made chairman of the Recreation committee for the county.

After the business session a short talk was given by Miss Caroline Foresman, field secretary for county work, and an address by Miss Jessie Field, the national county secretary.

Miss Field came all the way from South Carolina to attend "Field Day" and speak at this meeting, and her presence was greatly appreciated by those present.

The report of the general secretary from April 1st to June 16th, shows that during the past three months there have been organized one new branch, Snow Shoe, with 31 members, the three Common Weal clubs; Spring Mills, with 15 members; Oak Hall, with 12, and Pine Grove Mills, with 16.

A high school club has been organized in connection with the State College branch. The following were recommended as leaders of Common Weal clubs: Spring Mills, Miss Lola Ulrich; Oak Hall, Miss Lavonne Ferree; Pine Grove Mills, Miss Woods.

At Millheim a group of girls desire to form a club. As yet no leader has been found but the girls expect to start something and get a leader. A meeting will be held at Orviston the last week of June.

A variety of work is being carried on in the different branches and clubs. The activities of those previously organized have been given. Of the latter ones, Snow Shoe is carrying on gymnasium work and cooking, has two basket ball teams, and is planning to fix up a room for a community building; Spring Mills club is studying birds and vocal music; Oak Hall, sewing and embroidery, and a study of "Christian Citizenship" for girls; Pine Grove Mills girls wish to take up sewing and instrumental music of some kind, hoping eventually to become an orchestra. Picnics and out-of-door meetings have been held in most of the organized communities, and in several of the clubs the playing of games is a part of each meeting.

The possibility of co-operation between The Pennsylvania State College and the Y. W. C. A. has been shown in several ways. Miss Lovejoy started the domestic science work at Snow Shoe with an address on "Home Problems;" Miss Newcombe is instructing the girls at Howard in the regular extension course in sewing; various bulletins and papers have been placed at our disposal, and many suggestions offered. The College authorities are very generous in co-operating in "Field Day" activities, and although the weather interfered with the holding of "Field Day" at the appointed time, they will doubtless give us again the use of the campus, equipment, helpers, etc.

The work of the county has been hampered by the difficulties of travel, making it hard for the secretary to reach the communities and confining the work to fewer places.

"Field Day" will be held later. Watch for the announcement.

The Board of Pardons on Wednesday refused applications of H. E. Filler and Andrew Beeze, of Westmoreland county, and Gasper Marturani and Thomas Chickarella, of Cambria county, all of whom are under sentence of death. The latter two are to be electrocuted next week.

Flood Does Big Damage in Bald Eagle Valley.

Towns are Flooded, Crops Ruined and Roads Badly Washed Out. The News in Detail.

One of the most torrential rains that has fallen in this part of the State since the record flood of May 30th, 1889, occurred last Friday night, when it seemed as if the downpour was a succession of cloud bursts, it was so terrific. The greatest damage done was throughout the Bald Eagle valley.

From the Summit near Bald Eagle the drainage of the entire water shed embraced in the immense slope of the Alleghenies and the north side of the Bald Eagle mountain was drained into Bald Eagle creek with the result that that ordinarily placid stream was turned into a raging torrent, overflowing the banks between Hannah Furnace and Port Matilda, though no great amount of damage was done in the upper end of the valley. At Port Matilda, however, the lower portions of the town were flooded, and a few of the residents, among them the United Brethren preacher and family, were compelled to seek shelter elsewhere. A number of boardwalks were also washed away.

COW DROWNED AT MARTHA. In the neighborhood of Martha a wagon bridge was washed away and a cow that was caught in the strong current was drowned before it could be rescued. The railroad tracks were covered with water but were not damaged to any great extent. From Julian to Milesburg the water spread over all the lowlands and crops of all kinds were inundated and badly damaged, if not completely ruined.

DAMAGE ABOUT UNIONVILLE. R. T. Comley, the well known Union township farmer who lives at the head of Dix Run, had fifty bushels of potatoes planted and of the entire field only a half acre was left undestroyed by the flood. Mr. Comley's house and barn are only 300 feet apart yet the water was so deep between them that he had to go a mile around to get from one to the other.

On the Henry Parsons farm, east of Unionville, the current of the stream was diverted with the result that a new bed of the creek was washed right through his best lowlands.

All through Bush Hollow and Dix Run the farmers lost all their crops on the lowlands, as well as the rich soil, which was washed away.

On the James M. Stere farm, a mile west of Unionville, six feet of water surrounded the house and barn. Mr. Stere's brother attempted to wade through the torrent to see if the family was all right, but could not do so.

F. W. Smith, the miller at Unionville, suffered considerable damage at both his house and mill, and to the mill race.

H. I. Stere's garden was washed away, his cellar filled with water and his barn damaged.

The William Way farm was also badly washed and crops almost ruined. The roads in Union township leading to the Allegheny mountains were all washed deep with ruts, in some places the holes being three and four feet deep.

D. F. Poorman, of Runville, estimates his loss at \$500, and is also authority for the statement that many people in that section lost all they had in the way of growing produce.

VERY HIGH WATER AT MILESBURG.

The entire basin formed by the railroad spur running from Milesburg to Bellefonte was level full of water from the railroad to above Central city, being at its highest point about three o'clock in the morning. Residents there estimated it to have been within twenty-one inches of the height of the flood of 1889. Several trees were torn from their roots and washed down stream, together with outbuildings of all kinds. In fact it kept a force of trackmen busy keeping the refuse from damming up against the railroad bridge.

TWO FEET OF WATER IN HOUSE.

At the upper end of Central city lives John Schreckler and family and they had just two feet of water in the lower part of their house, and it came so unexpectedly that they had no time to get their furniture to the second floor. Their garden was also entirely destroyed.

WATER DEEP AS DOCKKASH RANGE. Close to John Schreckler lives John Hall and his property was submerged so deep that the water was just level with the top of the Dockkash range in the out-kitchen. Mr. Hall's garden and lawn were also ruined.

TONS OF STONE PILED ON GARDEN. Across the street from Mr. Hall is the beautiful and well kept home of Mr. and Mrs. Jacob Snyder, but its beauty was entirely destroyed by the flood. Boardwalks and fencing were carried away and tons of stone piled on their garden and lawn.

Down near the Milesburg bridge the store and residence of F. L. Wetzler were under water to a depth of six inches, which Mr. Wetz-

ler stated was within seven inches of the 1889 flood. Several other houses along there were just reached by the flood.

STATE-CENTRE PLANT FLOODED.

The big power plant of the State-Centre Electric company was flooded by the back water from the Bald Eagle creek and the big turbine engines fully half submerged in water, so that it was necessary to close the plant down and it was not until late on Saturday that the water had gone down sufficiently that they were able to start up. In the meantime current was furnished from their large storage batteries and from the reserve plant at State College.

MOVED HORSES FROM STABLE TO BARN FLOOR.

Down at the W. Groh Runkle farm below Milesburg the water raised so quickly and so high that men were compelled to wade waist deep in order to move the horses out of the stables to the barn floor to keep them from drowning.

No especial damage was done in any of the towns from Milesburg down but thousands of dollars in loss has been sustained by the farmers in the complete destruction of their crops in the entire scope covered by the water.

MT. EAGLE MAN HAD THRILLING EXPERIENCE.

Probably the most thrilling experience of the flood was that of William Sheatz, of Mt. Eagle. He drove to Howard early in the forenoon and at ten o'clock drove over the bridge which crosses Bald Eagle creek. The road was covered with water but he supposed it safe and everything went all right until his horses struck a deep washout, when they sank over their heads, pulling the buggy with them. Both horses were drowned. Mr. Sheatz sprang from the buggy and being able to keep afloat was carried down stream till he came to a tree. He managed to grab a limb and climb to safety, but it was mid-afternoon before he could be rescued, and then he was taken off on a rudely constructed raft.

FARMERS' SPECIAL BLOCKED.

A special train carrying one thousand farmers on their way from McKean, Warren, Erie and Elk counties, to State College to attend a farmer's meeting, was blocked by a landslide near Emporium and the trip had to be abandoned. In fact the washouts on the P. and E. division were such that all train service west of Lock Haven was cancelled on Saturday. While train service on the Bald Eagle Valley was very much interfered with, and all trains were late, most of the trains were able to get through to Tyrone, though the late trains could not reach Lock Haven.

BIG WASHOUT AT MONUMENT.

Out at Monument, on the New York Central railroad, there was a washout that required upward of a hundred carloads of stone to fill, and as a result all trains were cancelled until the damage was repaired.

NO DAMAGE IN BELLEFONTE AND VICINITY.

While Spring creek was high, the highest it has been in several years, no damage was done in Bellefonte. Buffalo Run also kept within its banks, with the exception of a few places, and these did not result in any damage. In fact, Bald Eagle Valley and its residents were the only flood sufferers.

Get Ready for the Chautauqua.

The one event of interest in Bellefonte this summer will be the great Chautauqua. Preparations are already under way for the booming of the first big gun July 24th, and if you are only permitted to hear and see the opening number you will get more than the money you have expended for the whole course. When we intimate we are going to have "Seven Joyous Days," that will be placing it very mildly.

Just think of hearing those sweet voices of the Boston choir boys. The Angelus presented with special scenery and vestments, introducing secular and sacred songs. The company is as clean and wholesome as youthful hearts can make it. Unless we are very much mistaken, it will be one of the most fascinating numbers you have ever seen.

Next week the banners will go across the streets and every automobile should wear one of the flags for thirty days to advertise the Chautauqua.

There will also be one of the best bands, with the Venetian Italian guitar-mandolin accompaniment, with about fifty of the best musicians as a leading attraction.

Get your ticket. Call up Prof. Wagner and tell him he can count on you for one or more tickets.

The twenty-first annual reunion of the Houseman family was held at Lakemont park, Altoona, last Saturday. About one hundred and fifty of the clan were present, including the following from Centre county: Mr. and Mrs. John Houseman and Mr. and Mrs. Frank Houseman, of Millheim; Mr. and Mrs. Newton Hoy and Mr. and Mrs. Smeltzer, of State College.

ORR.—Mrs. Alice Murphy Orr, wife of Harry L. Orr, died at her home at Mt. Zion, Clearfield county, on Sunday, June 11th, after a brief illness. She was a daughter of James C. and Rebecca Sellers Murphy and was born at Pine Grove Mills on December 11th, 1854. Her girlhood life was spent at the place of her birth and though all her married life had been spent in Clearfield county, almost every year she spent some time at Pine Grove Mills and vicinity.

In early girlhood she became a member of the Methodist church and all her life lived a pure, christian life. She enjoyed a large circle of acquaintances and her death is sincerely mourned by all. Her kind and gentle ministrations will be missed in the home as well as entire community. Surviving her are her husband and a niece, Miss Fannie Butler, whom they raised from infancy, as well as one brother and two sisters, namely: J. L. Murphy, of Pine Grove Mills; Mrs. Mary E. Orr, of Pinellas Park, Florida, and Mrs. Margaret A. Brouse, of Williamsport.

The funeral on Wednesday last week was very largely attended. Her pastor had charge of the services and burial was made in the old cemetery overlooking the town of Clearfield.

LYKENS.—Mrs. Mary Ada Lykens, wife of Daniel M. Lykens, died at her home in Tyrone on Tuesday morning, following an illness of some weeks with Bright's disease.

Deceased's maiden name was Mary A. Grazier and she was born near Gatesburg, this county, on March 11th, 1857; hence at her death was 59 years, 3 months and 9 days old. On April 17th, 1879, she was united in marriage at Warriorsmark to David M. Lykens and most of their married life was spent in Warriorsmark valley. Five years ago the family moved to Tyrone, where they have since lived.

Mrs. Lykens was a member of the Methodist church all her life. In addition to her husband she is survived by the following children: Frank, George, John, Blair, Mrs. James Stover, Esther and Amber, all of Tyrone, and Harry, of Toledo, Ohio. She also leaves three brothers and sisters: Mrs. John R. Lemon and O. M. Grazier, of Gatesburg; T. F. Krier, of the Cross Roads; Mrs. D. L. Ray and E. E. Grazier, of Barnesboro.

Funeral services were held at one o'clock on Thursday afternoon at her late home in Tyrone, after which the remains were taken to Warriorsmark for interment in the cemetery there.

ETTERS.—Mrs. Delila Etters, widow of Peter Etters, died at the home of her daughter, Mrs. Claude Thompson, in this place, at six o'clock last Thursday evening, of complications following an attack of the grip.

She was a daughter of Washington and Elsie Watson and was born at Pine Glenn on March 17th, 1839, making her age 77 years, 2 months and 29 days. Most of her life was spent in Burnside township. Her husband died in 1870, but surviving her are three children, namely: A. C. Etters, living in the State of Washington; Mrs. Anna Kreamer, of Clearfield, and Mrs. Claude Thompson, of Bellefonte. She also leaves two brothers and two sisters: William Watson, of Pine Glenn; James, in West Virginia; Mrs. Mary Schnarrs, of Hyde City, and Mrs. John Uzzle, of Snow Shoe.

Funeral services were held at her late home Sunday afternoon by Dr. E. H. Yocum, of the Methodist church, of which she was a member, at which the remains were taken to Snow Shoe for burial in the Askey cemetery.

CALDWELL.—Hon. S. Woods Caldwell, a prominent resident of Lock Haven, died on Wednesday morning of heart trouble, aged 71 years. He was the owner of the Irvin house, in that city, and all his life had been prominently identified with Democratic politics. He served as a member of the Legislature, was treasurer of Clinton county and on various occasions delegate to State and national Democratic conventions.

MAHAFFEY.—Mrs. Thomas Mahaffey, a native of Centre county, died at her home at Newberry on Wednesday, June 14th, aged eighty-two years. She is survived by her husband, three sons and three daughters, twenty-one grandchildren and twelve great-grandchildren. Burial was made at Newberry last Saturday.

The members of the Bellefonte Chapter of National Preparedness held a card party at the home of Mrs. Hastings, last Friday night and realized the nice sum of \$30.00. The money will be used in paying the expenses of Charles Cruise, Jr., at the Boal training camp in August and in making garments for the soldiers.

On Wednesday Caroline Curtin, the little daughter of Mr. and Mrs. John Curtin had the end of her right fore finger chipped off by getting it caught in a Morris chair. A physician stitched the severed end on and it is hoped it will grow in its natural place and shape.

Wednesday was the longest day in the year, and with the kind of weather we had it seemed about twice as long as it was. Yesterday was Corpus Christi, or the beginning of summer, and now we naturally ought to expect warm weather.

Another car load of prisoners went through Bellefonte yesterday on their way from Pittsburgh to the new penitentiary at Rockview, and Squire Hayes Schenck, of Howard, was one of them.

Argument will be made today on the application of Charles M. McCurdy, trustee, to secure payment of \$30,000 worth of bonds of the Bellefonte Steam Heating company.

Woman's Suffrage Party Convention.

The third annual convention of the Centre County Woman's Suffrage party assembled in the Bellefonte High school auditorium last Saturday and devoted the day to reports and discussions.

During the morning general reports of officers and the vice-chairmen of the various districts were made, and at noon an excellent luncheon was served in the domestic science room.

After luncheon the election of officers took place. Mrs. Robert Mills Beach was unanimously re-elected as county leader. Miss Mary Gray Meek was re-elected treasurer, and Mrs. John S. Walker, secretary.

In the discussion of "Future Work" which came next, Mrs. Beach made statements to the effect that 300,000 women signers could be secured to refute the assertion that women do not want to vote; that street meetings are more successful than house meetings, and big collections are to be gotten right out of the streets; that men respect women who stand up and ask for what they want; that women will be given a chance to contribute sums from twenty-five cents to five dollars, and as much more as they desire, as it is the desire to demonstrate that the suffragists have contributed their own campaign. It is the hope to have some suffrage speakers for the forthcoming campaign.

In this general discussion the question of poll tax arose. It was stated by those posted that it is a very complicated and variable problem, and that many men do not themselves know what poll tax they pay. One vice chairman stated that the poll tax was causing a good many country women to hesitate to come out on the right side, and asked what argument could be offered to refute the assertion. It was stated that it had been proposed by some men to abolish the poll tax, and it was suggested that when women had the right to vote they and those men opposed to it might unite to abolish it.

Mrs. John S. Walker, who had attended the thirteenth biennial Federation meeting in New York, as a delegate, gave a very interesting report of that session. At that gathering 20,000 women were assembled to represent a million and a half of club women. To show how great a change had taken place in woman's status since revolutionary days, Mrs. Walker stated that in 1771 the Cyclopaedia Britannica defined woman as "the female of man—see Homo." Since that time woman's importance in the universe has grown sufficiently to require 11,000 words to define her. Even T. R., who stated only four years ago that woman suffrage was not important, has come out for it with flying colors, but then a woman nominated him in 1912.

Making American Citizens.

A regular term of naturalization court was held before Judge Quigley on Tuesday when twenty-four applicants for American citizenship were present and underwent the regular examination. United States examiner J. B. Glazier, of Philadelphia, was present to conduct the examinations, and while he clung tenaciously to the requirements of the law in cases of naturalization, he was just and not unduly assertive of the authority invested in him. Of the twenty-four applications ten were refused for various reasons and the following twelve, four Austrians, two Russians, one German, two Hungarians and three Italians, were granted citizenship papers:

- Stanislav Izdepski, Austrian, Snow Shoe township.
- Joseph Krupa, Hungarian, Rush Twp.
- Solomon Nowey, Russian, Phillipsburg.
- Michael Preslovich, Austrian, Snow Shoe township.
- Biagio Ramondetta, Italian, Snow Shoe township.
- Giusseppei Quici, Italian, Bellefonte.
- Morris Stein, Russian, Phillipsburg.
- John Boda, Austrian, Rush Twp.
- Angelo Maria Verrelli, Italian, Snow Shoe township.
- Paul Enns, German, South Phillipsburg.
- Nicholas George Kluba, Austrian, Snow Shoe township.
- Michael Kriss, Hungarian, Snow Shoe township.

Early in May a destructive fire occurred on the mountains near Paddy Mountain station, and forester Charles R. Meek requisitioned the services of members of the Adam Gotshall camping party, who were there from Shamokin on a fishing trip. In the party was Mr. Gotshall's son-in-law, Stephen Matisack. Last Saturday Forester Meek sent to Mr. Gotshall checks in payment for the men's services who assisted in extinguishing the fire and on Monday he received a letter from Mr. Gotshall conveying the sad intelligence that Matisack had been killed in the mines on June 8th.

Charles Butz, a son of Mrs. George C. Butz, of State College, and who is a second year student at the College will spend his vacation at practical work in the engineering department of the New York Central and Hudson River railroad at New York.

Ladies' \$4.50 low shoes now \$2.98 at Yeager's.

Camping and Fishing at Paddy Mountain.

Early in May the "Watchman" publishes an item stating that Robert DeLisle, of Altoona, had taken out a lease from the State for a quarter acre camp site on the Penn forest tract at Poe Mills. Forester Charles R. Meek, who has charge of the Penn forest, is authority for the statement that Mr. DeLisle has paid his first year's rent and is about ready to build a club house, Mr. Garis, of Centre Hall, having submitted plans and a bid for the work.

Forester Meek states that an application for a camp site has also been made to the Department of Forestry by R. R. Palmer, of Juniata, who desires to erect a cabin as headquarters for a party of Altoona shop men. In fact it is rather surprising at the popularity of Penn's creek from Cherry Run to Weikert. At Cherry Run Judge Moser, Judge Whitmer and Senator McConnell have erected club houses on lands purchased from William Johnson.

Edward Jolly, of Weikert, has disposed of his farm to a party of Pittsburgh men for a club house site and game preserve. They are now planning to raise \$10,000 through the sale of stock to members and the money will be expended in the erection of a large and commodious club house, equipped with heat, light and shower baths. A steel club house has been erected on a site leased on Weikert run, and David Libby, of Weikert, has erected two club houses on his land which are always in demand. The State has leased two sites at Paddy Mountain and the lessees expect to build during the summer. Bert Rowe is just completing a fine \$2,000 summer cottage at Ingleby. In fact Penn's creek from Coburn to Weikert promises some day to be a famous summer resort for campers. All that is needed to increase its popularity is a state highway through the Narrows from Coburn to Glen Iron.

Penn's creek and Cherry run have always furnished fine trout fishing, but so far this season the water has been too high and muddy for good sport. Among those who tried their luck recently were Frank Kerstetter and son, the former getting 35 brook trout and the latter 33, not counting those they were obliged to throw back on account of being under size. Some good catches of suckers and eels have been reported, however.

It is a fact not commonly known, that there is also good bass fishing in Penn's creek at Weikert and as far west as Paddy Mountain. Fishermen from Wilkes-Barre, Shamokin and Sunbury travel to Penn's creek for the bass fishing alone.

Forester Meek reports that all kinds of game, except pheasants, seem very plentiful in the mountains of eastern Centre county. A few days ago Harry Wingard saw a very small fawn, only a few days old, in Pine swamp, on the Penn forest tract. Quite a number of full grown deer have been seen. Rabbits are unusually plentiful and so are snakes—black snakes, rattlers and copperheads. The wet weather and forest fires are ascribed as the cause for the scarcity of pheasants, although they were not plentiful in that section last year.

Nothing reserved, every pair of this season's low shoes for ladies now on sale, \$2.98 per pair, at Yeager's 1t

State College Ready for Big Summer Session Attendance.

Arrangements are now complete for the opening of the seventh summer session for teachers of The Pennsylvania State College. The advance registration indicates that in many departments the facilities of the college will be taxed to care for the large number of teachers planning to attend. The enrollment is especially heavy in industrial arts, home economics, and natural science courses. Sixteen librarians of the State will attend the school for librarians which is maintained in connection with the summer session by the Free Library Commission. Recent additions to the faculty are Professor Brackett, supervisor of drawing, Greenwich, Conn., and Miss Marjery Lyon, of Atlantic City, N. J.

I guarantee that the shoes on sale at \$2.98, sold at \$4 and \$5 before the sale started. Yeager's. 25-1t

Pennsylvania Industrial Reformatory.

The exercises connected with the exhibit of the Industrial Departments and the close of the present term of the Reformatory Schools at Huntingdon, Pa., will be held on Friday, June 30th, at 2 and 7.30 p. m. These exercises are open to the public, and a cordial invitation is extended to all who may wish to attend, to do so.

Ladies' \$4 low shoes now \$2.98 at Yeager's. 25-1t

A little daughter, who has been named Jane, was born Monday morning to Mr. and Mrs. William Houseman, of Steelton. Mrs. Houseman before her marriage was Miss Rose Fauble.
