

Important Meeting of Borough Council

At a regular meeting on Monday evening Bellefonte borough council approved the agreement with the State-Centre Electric company to take charge of the municipal water works and install an electric pump to pump all the water required over and above the amount pumped by the two hydraulic pumps now in use. The agreement is substantially in accord with the proposition made by the State-Centre company some time ago and which was published at length in the "Watchman" at that time. It is in effect that the State-Centre company is to take full charge of the Bellefonte water department. They will install an electric pump to take the place of the steam pump now in use to keep up the required supply over and above the capacity of the hydraulic pump at the spring pumping station and the one at the Phoenix mill pumping station. For the service the State-Centre company is to receive \$18.00 per million gallons pumped, less five per cent. for payment within five days; provided, however, that the minimum amount to be paid them a year for this service shall be \$260.00, and the maximum amount \$2,200.00. The company will also have full charge of the entire water system and the borough is to pay \$200 a year toward the salary of an inspector and \$200 a year on the salary of a water rent collector, the company to give bond in the sum of \$5,000 for the faithful performance of its duty as outlined in the contract. The above agreement was recommended by the Special committee and on motion the president and secretary of council were authorized to execute the same as soon as it had been approved by the State-Centre company and the bond, duly executed, filed with the secretary.

When council convened there were no verbal communications. Secretary Kelly, however, read a communication from the Bell Telephone company of Pennsylvania authorizing the State-Centre Electric company to attach wires to several telephone posts in order to furnish light for borough purposes. An application was also received from John W. Thomas for appointment as street commissioner, on which no action was taken.

Mr. Harris, of the Street committee, reported that he had received an estimate from the Creolite Block company, of Toledo, Ohio, that the cost of covering the roadway of the bridge out near the Phoenix pumping station would be between \$1,100 and \$1,200. The matter was referred back to the committee and borough solicitor to see the county commissioners and ascertain if they would not join in repairing the bridge.

The Finance committee requested the renewal of a note of \$3,000 for six months from June 21st, and a new note for \$1,300 for three months from June 20th, both of which were authorized.

Mr. Harris, of the Street committee, reported a bad stretch of boardwalk along the north side of Pine street, which is borough property and recommended the putting down of a concrete walk and rail. The committee was instructed to secure bids on the same and report at next meeting.

Bills to the amount of \$423.65 were approved and council adjourned.

The one big thing that attests the popularity of any place of amusement is its attendance. And the very fact that crowds throng the Scenic every evening, is evidence that the people are getting their money's worth. Manager T. Clayton Brown has always made it a rule to give his patrons the very best in the motion picture line, big features from the highest class film producers in the country. Every picture shown is new and the quality maintained at all times. In fact the reputation of the Scenic extends beyond the confines of Bellefonte.

John Scheile, who has been an assistant at the Pennsylvania railroad passenger depot in this place the past few months, was last week appointed assistant agent at Clearfield and left on Friday to take up the duties of his new appointment. Mr. Scheile came here from Philipsburg when Wilbur E. Burkholder was appointed agent at the Philipsburg depot. He is a courteous and obliging young man and his many friends are glad to see his ability recognized, as his new appointment means a substantial increase in salary.

Miss Eleanor T. Naughten, who has charge of speech improvement classes in several of the Pittsburgh public schools, will be at State College during the summer session. Miss Naughten trains children who stutter or have other forms of imperfect speech. While at State College, Miss Naughten will come to Bellefonte and give private instruction to any person (adult or child) suffering from any of these speech defects. Arrangements can be made by writing to her Pittsburgh address, 243 S. Pacific Avenue, or when the summer term begins to State College.

Put your ad. in the WATCHMAN.

BENNETT - SWARTZ. - When Prof. Thomas W. Bennett, who the past four years has been in charge of the manual training department of the Bellefonte High school, left Bellefonte on the morning of June 8th, he did not go direct to his home in Ashland, as his friends here supposed, but instead went to Clearfield where the same afternoon he was united in marriage to Miss Clara Swartz, of Arcade, N. Y. The ceremony took place at the Presbyterian parsonage and was performed by Rev. E. C. Reeve. Prof. Bennett will not return to Bellefonte next year, as he has accepted a position in the Ardmore High school, near Philadelphia, and at the conclusion of their wedding trip they will go direct to their new home in that place.

BOND - RUPP. - On Tuesday evening at the home of Mr. and Mrs. John Rupp, on North Barnard street, State College, occurred the wedding of Miss Jennie Rupp, of State College, and Mr. Harvey F. Bond, of Nescopeck. The attendants were Mr. Robert Wilson and Miss Ruth Rupp. Miss Helen Glenn, of Buffalo Run, was flower girl. The ceremony was performed by the Rev. J. McKendree Reiley, pastor of Saint Paul's Methodist Episcopal church in State College. Mr. and Mrs. Bond will make their home in Nescopeck.

YOUNG - LAMBERT. - A quiet wedding at the United Brethren parsonage on Wednesday afternoon was that of John Young, of Bellefonte, and Miss Susan Lambert, a daughter of Mr. and Mrs. Calvin Lambert, of Fairview, the ceremony being performed by the pastor, Rev. T. Hugh MacLeod. The wedding had originally been set for Saturday but the bridegroom being a member of Troop L, which has been called for mobilization, they decided to get married on Wednesday.

CONFER - MARSHALL. - Herbert Confer and Miss Elizabeth Marshall, both of Orviston, were married at seven o'clock last Wednesday evening at the home of the bride's parents, Mr. and Mrs. Harry F. Marshall, of Orviston, by Rev. Norman Johnson. Only the relatives and a few intimate friends were present to witness the ceremony. Mr. Marshall is manager of the brick yard for the Hayes Run Fire Brick company and the young couple will go to housekeeping at Orviston.

DICKEY - WAGNER. - Glenn S. Dickey, of Mill Hall, and Miss Florence E. Wagner, of Beech Creek, were married at the Church of Christ parsonage in Lock Haven, at two o'clock last Saturday afternoon, by the pastor, Rev. Homer C. Boblett. The young couple will reside at Mill Hall.

Gregg Sheldon on Wednesday caught a seventeen inch trout opposite the Bush house and having no landing net he was assisted in getting the trout from the creek by Stewart Woodson, with a bushel basket. Later in the day Gregg caught three others that measured about eight inches.

Theron Link, who completed his course at the Bellefonte Academy two years ago, with a rating of ninety-nine per cent. in all his studies, is winning honors at Hamilton College. He won the \$100 mathematical prize and the Sophomore debating prize against four other contestants. The young man is a son of Mr. and Mrs. E. A. Link, of Binghamton, N. Y., his father being the manufacturer of the Link pianos.

MINISTERIAL MEETING.
The Ministerium of Bellefonte met in the library of the Y. M. C. A. on Monday, June 19, at 10 a. m., to consider the question of Union Vesper services.
After a report from the pastors present, representing their different congregations, most of whom gave expression as to their attitude toward the same, it was decided to hold these union services in front of the High school building beginning July 23rd, and including Chautauqua, July 30th, continuing to August 20th.
The services will begin every Sunday evening at 6:45 o'clock. Fuller particulars and arranged programs will be announced later.

On Sunday, June 25th, Children's day services will be held in the Reformed church at Jacksonville at 7:30 p. m. While at the same time, "The Gift of the Holy Spirit," Rev. R. F. Gass, of Howard, pastor in charge, will deliver the address and the Sunday school orchestra will furnish the music. The offering will be used for Sunday school extension work.

Sunday morning at ten o'clock, a rehearsal of the service will be held, when the agreed who cannot attend the evening service are invited to be present. Despite the rainy weather the committee in charge, as well as children, have labored most earnestly for this occasion. The public is cordially invited to be present.

METHODIST EPISCOPAL CHURCH.
At the morning preaching hour next Sunday the pastor's subject will be the Deity of Jesus Christ. At 7:30 p. m. we will have a Symposium on Religion and College Life, in which several of the collegians of the congregation will share. The general public is invited to hear these young men and women.

There were many disappointed girls and boys, as well as older people, on Friday last when the rain precluded the possibility of holding the "Field Day" exercises at State College, after the affair had been so widely and thoroughly advertised. Those in charge, however, hope to hold the sports at some later date, due announcement of which will be made.
