

Borough Council Proceedings.

Just a quorum was present at the regular meeting of borough council on Monday evening, and they sweltered through as brief a session as possible. Burgess Blanchard and John J. Bower Esq., appeared on behalf of a number of business and professional men who use Pike alley running through from the north end of Crider's Exchange to Spring street, asking that a light be placed at the intersection of Humes alley with Pike alley. The request was granted.

Samuel B. Miller was present and asked that Curtin street from Armor to Wilson street and Wilson from Curtin to Church alley be vacated. Mr. Miller explained that when the two streets were opened about twenty-five years ago it was with the understanding that they would be properly graded and put in a condition of permanency, which might have been an inducement to the public to purchase lots and erect houses in that section of the town. But the streets not being fixed up rather deterred prospective buyers and now there is no demand for lots and little prospect that there will be for years to come. Consequently the streets as they are now are more of a nuisance, especially to the Armor estate, than an advantage. People travel out that way and right down through grain and grass fields to the Armor gap quarries, doing considerable damage, paying no attention to trespass notices. Mr. Miller stated that if council would vacate the portions of the two streets requested he would obligate himself to permit their reopening at any time there is a demand for same. The matter was referred to the Street committee and borough solicitor for investigation and report.

Another communication was received from Dr. Samuel G. Dixon, of the State Board of Health, regarding the progress being made in Bellefonte toward the establishment of a borough sewage system. The matter was referred to the Finance committee and borough solicitor.

The Street committee reported the borough engineer's estimate on a concrete bridge over Buffalo Run as \$346. After some discussion the president requested the Street committee, borough engineer, borough solicitor and Finance committee to arrange a meeting with the County Commissioners and see if they wouldn't join with the borough in building permanent bridges over Buffalo Run and on Wilkesburg street near the old Phoenix mill.

The Fire and Police committee reported a balance in the hands of the treasurer on August 7th of \$4,419.03. Mr. Brockerhoff also asked for the renewal of a note for \$2,000 for six months from August 7th, which was authorized. He also recommended that the tax millage for the ensuing year be the same as last, namely: Three mills for borough purposes, six mills for streets and five mills for interest. This will yield approximately \$24,313.84 for all purposes. Council approved the recommendation.

Secretary W. T. Kelly presented the bond of the State-Centre Electric company in the sum of \$5,000, with the Bellefonte Trust Co., as surety, which was approved and accepted.

Mr. Seibert, of the Water committee, reported that the water duplicate aggregating \$8,508.00 had been turned over to the State-Centre company for collection. That the said company had taken over the water pumping system on July 26th, and the contract had been officially signed by the company. The same was presented, approved by council and president and secretary authorized to execute the same.

Mr. Seibert presented a complete map of the borough done up in book form, which was recently secured by the State-Centre Electric company from the Rand McNally Co., and suggested that the borough purchase such a map in good binding and that all the water pipes and connections in the borough be correctly marked thereon, with accurate distances, etc. The committee and borough engineer were instructed to do the work, not all at once but from time to time as it is possible to do it with the least expense.

Bills to the amount of \$1,970.30 were approved and council adjourned.

In another column we reprint an editorial from the Philadelphia "Inquirer," principally because it is fraught with such a sound common sense view of the matter in this instance local but which has a very general application. The "Watchman" has long felt that the eagerness of physicians and health officials to conserve the public health is gradually leading them to extremes of precautions that are becoming more of a hardship, in many cases, than the disease itself. It is very well and very proper to avoid exposing oneself directly to a contagious or infectious disease, but it is very wrong to start panic among doting parents when no good purpose is to be served.

Shuey will fill the pulpit on Sunday, August 13th, at 10:30 a. m. The congregation will attend the union vesper services in the evening.

Union Vesper services on August 13th, at 6:45 p. m., at the High school building, Allegheny street. Rev. T. Hugh McLeod will preach the sermon.

Machine Gun Troop Likely to be Sworn In.

According to information sent out from Harrisburg on Tuesday the situation is now more favorable for Theodore Davis Boal's mounted machine gun troop to be sworn into the federal service. Following the examination on Monday of last week, so the story goes, the officers were given to understand that the troop would be sworn in and accepted but that all new officers would be appointed, and they would not be from Centre county.

Naturally, this did not suit the present officers nor members of the troop and Capt. Boal and Lieut. Thompson immediately got busy. They visited Washington, New York and Harrisburg and the result was that on Tuesday Governor Brumbaugh announced that the troop would be accepted and sworn in with Mr. Boal and Mr. Thompson as first and second lieutenants respectively, but that the captain would be selected from among the officers in the First cavalry.

And it is thus the matter now stands. A number of the troop were in Bellefonte yesterday but aside from the fact that they expected to be sworn in soon, they could give no definite information.

CABASINO—TODSOCK.—Louis F. Cabasino, of Carona, L. I., and Miss Mary Todsock, were married in the Catholic church at seven o'clock on Wednesday morning by Rev. Father McArdle. The young couple were attended by Miss Mary Moerschbacher and Arthur Beezer. Immediately after the ceremony a wedding breakfast was served and reception held at the home of the bride's parents on Curtin street. Mr. and Mrs. Cabasino left on the afternoon train for a wedding trip to Pittsburgh before taking up their residence in New York where the bridegroom holds a good position with a large piano firm.

ROBERTS—MARKLEY.—Albert Roberts, the well known Civil war veteran and famous drummer was married on Monday evening to Mrs. Susannah Markley, of South Philipsburg, the ceremony taking place at the home of the bride. Squire John B. Hoffman officiated and a small party of friends were present as witnesses. A delicious wedding dinner followed the ceremony. Mr. and Mrs. Roberts will leave in a few days on a wedding trip to visit his brothers at Harrisburg and Washington and later will occupy the bride's home in South Philipsburg.

ROBINSON—DUSLING.—J. G. Robinson, an employee at the western penitentiary, and Miss Rose Dusling, a daughter of Mrs. Anthony Dusling, were married at the Catholic rectory at one o'clock yesterday afternoon by Rev. Father McArdle. Prior to the ceremony they had dinner at the Brockerhoff house and at the conclusion of the nuptial rites they left on the 1:08 train for a brief wedding trip.

HOLT—MILES.—The home of Mr. and Mrs. John Miles, of Milesburg, was the scene of a pretty wedding on Wednesday evening when their daughter, Miss Margaret Miles, became the bride of Patterson Holt a son of Mr. and Mrs. James R. Holt, of Unionville. The ceremony was performed by Rev. M. C. Piper. Mr. Holt is an employee of the State-Centre Electric company.

BAUMGARDNER—GARBRICK.—On Thursday of last week Isaac R. Baumgardner and Miss M. Pearl Garbrick, both of Bellefonte, were united in marriage at the Lutheran parsonage by the pastor, Rev. W. M. B. Glandring.

—On Tuesday of last week Mrs. Edward Rider, of Centre Hall, with her two sons, George and John, went to Port Carbon to visit relatives. The next day Mrs. Rider went to Philadelphia on a shopping trip and upon her return home in the evening George ran to meet her, tripped and fell down an embankment. In the fall he fractured his skull and he is now lying in an unconscious and critical condition.

Suffragists will Heckle Candidates for Congress.

Washington, Aug. 6.—Every Democrat and Republican candidate for Congress in both Houses will be asked by the National American Woman Suffrage Association, through Mrs. Frank M. Roessing, chairman of its congressional committee, to define his attitude on the woman suffrage issue. These are the three questions each candidate will be asked to answer:

1. Are you in favor of woman suffrage?
2. If elected will you vote in Congress to submit to the States a federal amendment to enfranchise the women of this country?
3. If appointed on a committee in whose jurisdiction such an amendment should fall will you do all in your power to expedite the passage of such a measure?

Whether the National Association will try to defeat candidates whose answers are not satisfactory would depend, Mrs. Roessing said, upon the program adopted at that organization's national convention to be held at Atlantic City September 6 to 10.

President to be Told of Renomination by September 15.

Washington, Aug. 7.—President Wilson's formal notification of his renomination will not be deferred later than September 15, it was decided at a White House conference today, regardless of whether Congress has adjourned by that date.

Plans for formally notifying the President and for speaking engagements during the campaign were discussed at a conference today between the President, Vance C. McCormick, chairman of the Democratic National committee, and Homer S. Cummings, vice chairman of the national committee and chairman of the speakers' bureau.

The President has invitations to speak in various parts of the country between September 1 and election day.
