Two Sent to Penitentiary.

As the result of last week's session of criminal court two men were sent to the western penitentiary. One was William H. Snavely, of Penn township, convicted last Thursday of felonious rape. He was sentenced on Friday to not less than three years nor more than five in the western penitentiary.

The other man sent to the penitentiary was Robert Ryan, who on August 15th beat up an old umbrella mender down at Blanchard and threatened to kill several residents of that town for interfering. Ryan was arrested on a warrant sworn out by Roy W. Kunes, and refused to plead guilty out of court. His case was called for trial on Friday morning and after the Commonwealth had produced about two-thirds of its evidence Ryan changed his plea from "not guilty" to "guilty." Judge Quigley at once sentenced him to not less than two years nor more than three in the western penitentiary, telling him at the time that he was giving him just one more year than he would have gotten, had he heeded the district attorney's advice and plead guilty at once.

Other cases disposed of during the latter part of the week were as follows: Commonwealth vs. Jacob White, assault and battery. Prosecutor, Ernestine Lapp. A verdict of not guilty was returned and the costs equally divided between the prosecutor and defendant.

Commonwealth vs. Mike Kush, non-support. Prosecutor, Julia Kush. A verdict of guilty was returned and the defendant was sentenced to pay a fine of one dollar and \$15.00 a month to his wife, and give a bond for faithfully carrying out the sentence of the court.

Commonwealth vs. Llewellyn Rhoades, malicious mischief. Prosecutor, John Henderson. A verdict of guilty was returned and sentence was suspended upon payment of the costs.

Commonwealth vs. Andrew Frantz, larceny and receiving stolen goods. Prosecutor, Sterling Simcox. The jury returned a verdict of not guilty and put two-thirds of the costs on the prosecutor and one-third on the defendant.

Bellefonte friends of Mr. and Mrs. J. Norman Sherer, of Reading, will sympathize with them in the death of their first-born, a little son, who died on Sunday about three hours after birth. The remains were brought to Bellefonte on the 3.10 Lehigh-Pennsylvania express on Monday afternoon by Mr. Sherer and Mrs. G. C. Green, of Lock Haven, and taken direct from the train to the Union cemetery for burial.

Borough Council Proceedings.

Seven members were present at the regular meeting of borough council on Monday evening. There were no verbal communications and the only written communication was another letter from Dr. Samuel G. Dixon, State Health Commissioner, inquiring what Bellefonte is doing in regard to a comprehensive sewage system.

The Street committee reported that the Pine street sewer had been completed and men are now at work crushing the stone that were taken out of the ditch. Also that the Buffalo Run bridge will be completed some time this week. The committee also presented a report on quite a number of pavements in town that were inspected and condemned and the secretary, was instructed to give the property owners ten days notice to put down new pavements, and failing to do so the Street committee shall put down the pavements and assess the cost of same with twenty per cent additional against the property.

Mr. Seibert, of the Water committee, reported that he had effected a settlement with some of the water tax delinquents reported by Mr. Keichline at the last meeting. Some of the parties had paid in full and others were willing to pay on a proper adjustment, which Mr. Seibert recommended, and he expects to have the entire list cleaned up before the next meeting of council.

The Finance committee presented the treasurer's report which showed a balance in the treasury of \$929.09. The treasurer also asked for the renewal of a note of \$2,000 for one month from October 5th, one of \$630 for six months from October 7th and one of \$1,000 for six months from October 7th, all of which were authorized.

The Special committee reported progress in the matter of the Bishop street sewer. As planned now the sewer will start on the south side of the east end of Bishop street, cross the street and down the alley in the rear of the dwellings on the north side of the street, thus furnishing drainage for all the houses along there as far down as Ridge street, where the present sewer begins.

Dr. Brockerhoff reported that an arrangement had been made with Col. Reynolds for the payment of the tax on the Phoenix mill property, \$359.00 in all, and the secretary was authorized to draw an order for the same when Col. Reynolds desired it.

Borough engineer Norman R. Wright reported that he had considered the matter of a plan for a comprehensive sewage system, but could not give anything like an accurate estimate as to the cost of same, but expected to be able to give a more definite report at the next meeting. Dr. Dixon's letter was referred to him with instructions to communicate with the doctor and tell him what the borough is doing along this line.

Chairman Seibert, of the Water committee called attention to the fact that the State-Centre Electric company's bill for pumping water during the month of August was \$331.99, which was unusually large. The contract with the State-Centre company was referred to which showed that they are to be paid at the rate of \$18.00 per million gallons pumped, and bills to be paid at the first meeting after account is rendered; but the maximum amount they can draw is \$2,200, and if this amount is all paid in five, six or eight months, they will have to pump the water the balance of the year free of charge.

R. B. Taylor's bill for \$189.00 was again brought up for consideration and both the Street committee and borough solicitor reported in favor of paying it, and council so voted.

Bills to the amount of \$1,455.71 were approved and council adjourned.

The Fauble Store will be closed tomorrow—Saturday, Oct. 7, until 6 p. m. Jewish holiday. 39-11

Leg Broken in Automobile Accident. The venerable John Gill, of Julian, had his right leg broken just above the ankle, last Thursday evening, when he was knocked down and run over by an automobile driver by S. S. Gates, of Altoona. The accident happened about 8.45 o'clock at the north east corner of High street bridge. Gill was on his way up town while Mr. Gates drove down High street and turned north on Water street to go to Beezer's garage. He was not driving fast but unfortunately swung to the pavement on the left hand side of the street. Gill evidently did not notice the car and stepped off of the pavement right in front of the machine.

He was knocked down and his right leg caught under the wheel, resulting in a compound fracture of the bone. He was at once taken to the Bellefonte hospital where the fracture was reduced and he is now undergoing treatment.

Suffragists to Invade Centre County.

With the large number of political candidates already arrayed in a statewide battalion in favor of suffrage for the women of Pennsylvania, and still other candidates giving assurance of support as the result of a recent canvass, suffragists of Lebanon, Centre, Clinton and Potter counties are arranging for a final concentration of their forces prior to the November election.

Suffragists of these counties, it is announced, will be headed by their ablest leader, their most forcible orator, their shrewdest tactician and most experienced and best campaigner, Dr. Anna Howard Shaw. Dr. Shaw's chief of staff will be Mrs. J. O. Miller, of Pittsburgh, State chairman, and both will be assisted by county leaders and workers.

The suffrage force will deploy first at Lebanon, October 16th, whence they will manoeuvre to Bellefonte, in Centre county, October 17th; Coudersport, in Potter county, October 18th, and Lock Haven, in Clinton county, October 19th. At all these places, upon the days given, county conferences will be held, methods of campaigning discussed, and suffrage business transacted.

Orders of the day issued, according to Mrs. Miller, insure four busy days from reveille to taps.

Speaking of the conferences, Mrs. Miller said: "The presence of 'The Suffragist,' Dr. Shaw, inspires enthusiasm and the arousing of the best spirit of women seeking the vote in these four counties. Her presence means comprehensive instruction, incisive criticism and valuable inspiration. That which comes from Dr. Shaw comes from the fountain-head of suffrage. Our women are awaiting these days eagerly, and in addition to Dr. Shaw's messages and oratory, various social and other activities have been arranged.

Never have our forces been in better condition or more enthusiastic, and we consider Dr. Shaw's appearance in these counties at this time as particularly propitious."

On Tuesday evening, October 17th, at 8 o'clock in the court house, Dr. Anna Howard Shaw will speak on Woman Suffrage. In the afternoon of the same day there will be an informal county conference at the home of Mrs. Robert Mills Beach, 19 west Linn street. Mrs. John O. Miller, chairman of the Pennsylvania Woman's Suffrage party, will be present at this conference. Those from out of town who wish to attend both meetings will be given the use of the domestic science kitchen in the High school building, where they can make themselves a cup of tea or coffee. All who are interested in Woman Suffrage are urged to attend the afternoon meeting and of course every one will be anxious to hear Dr. Shaw. There will be no charge of admission to the court house, but a collection will be taken up to help cover expenses.

The Tale of a Fox.

About ten days or two weeks ago Walter Harpster went down the Jacksonville road and in the neighborhood of the Curtin gap saw a young fox run to cover in a stone pile. He dug him out and succeeded in capturing the animal alive. The fox is of the red variety and about two-thirds grown. On Monday he took him to J. O. Heverley, the auto supply dealer on the northeast corner of the Diamond, who fixed up one of his big show windows as a fox pen and the animal has been on exhibition there ever since, attracting considerable attention from the children, as well as grown people.

The pen in which it is enclosed is built of heavy wire netting and bedded with green leaves. On Monday night the fox succeeded in tearing the wire loose at one side and when Mr. Heverley went to the store Tuesday morning the fox was missing from its temporary home. A hunt was at once instituted and young Mr. Reynard was finally discovered almost at the top of the room, snugly ensconced in the inside of a row of rubber tires, which he had evidently taken for a hollow log.

But it was some job to capture the animal, and it was not until he had been chased into the cellar of the building and cornered behind some boxes that Mr. Heverley and others succeeding in catching him and returning him to his pen in the window.
