Many Camp Sites Leased in State Forests.

Over three hundred camp site leases are now in effect on the Pennsylvania State Forests.

Forty more are awaiting survey and payment of rental, and applications for sixteen will be acted on at the next meeting of the State Forest Reservation Commission.

It is estimated that almost four hundred leases will be granted before the end of the year, and that between 2,000 and 4,000 people, in addition to the small army of temporary campers, will be using the State Forests regularly as recreation grounds because of the privileges granted by these leases.

Lessees of camp sites are permitted to erect permanent camps on leased areas, and an increasing number is being built every year. The camps vary in style from log cabins to non-combustible steel houses. They are usually located miles from the nearest settlement, and are proving to be a great convenience to the men of the State Forest Service when they are obliged to spend a night far back in the mountains.

The location of the largest number of leases is a fair guide to the best hunting, fishing, and outing grounds of the State. Huntingdon county leads with forty-three leases. Clinton county has forty; Pike, thirty-six; Clearfield, twenty-eight; Centre county has twenty-four; Mifflin, twenty-one; Union, eighteen; Elk and Potter, seventeen each; and Cameron, fourteen. The remaining number is divided among nine counties. There is small danger of overcrowding, for the number of leases could be trebled and there would still be an average of over a thousand acres of State Forest for each camp.

Rentals vary from three dollars to fifteen dollars a year, being based on the desirability and accessibility of the camp sites. The average rental is about five dollars a year. The Commissioner of Forestry has ruled that leased camps may be occupied by any number of persons at any time, and

Where Chestnuts Are Plentiful.

"Kentucky mountain children's feet are impervious to the barbs of green chestnut burrs which lacerated my feet through cowhide boots," said A. L. Bowden, an oil inspector for Pittsburgh capitalists, while in Pittsburgh last week. He has just returned from the town of Big Windy and related some incredible tales of the chestnut burrs which cover the mountain roads sometimes to the depth of three feet.

"It is funny to see the squirrels try to take the chestnuts away from the turkeys after the bird has cracked open the burr," said Mr. Bowden. Turkeys find the chestnut a fattening food. One can get a turkey down there now for 9 cents a pound. It is no expense to raise turkeys, as the domestic bird roams the mountains there, living on acorns, grub worms, chestnuts, each food in its season.

"Miles and miles of chestnut burrs are along the mountain roads. The crop is the heaviest in Kentucky's history. Mules and oxen travel through the roads, some places three feet deep with burrs, but when I first tried a horse, the spines of the burr ran into his feet and legs. Scores attached themselves to his tail, so that when he switched it he stung himself all over and ran away.

"Then I tried an automobile and every tire got punctured before I went 20 feet. There was little frost this year, and the 'sting' was not taken out of the burr. I had a mountaineer throw me a pair of heavy cowhide boots, to enable me to wade out of the chestnut burrs—and even then I had to lay up a week from lacerated feet. It gets me how those kids can beat it around barefooted on those chestnut heaps, throw burrs at each other as in a baseball game—and nary a one gets a scratch."

No Reason for it

WHEN BELLEFONTE CITIZENS SHOW A WAY.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Bellefonte citizen says:

Mrs. Sara Miller, 210 E. Howard St. Bellefonte, says: "The first I noticed my kidneys were weak was when I began to have headaches and dizzy spells and spots floated before my eyes. I also had pains in my back and there was a dull ache across my loins. I couldn't do any lifting and if I sat down, I could hardly get up without help. I also had rheumatic twinges. After I had taken two boxes of Doan's Kidney Pills, the rheumatic pains disappeared and I was relieved of the other troubles. I have had very little trouble since."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Miller had. Foster-Milburn Co. Props., Buffalo, N. Y. 61-43

This great medicine is a peculiar combination of remarkably effective blood-purifying and health-giving roots, barks and herbs, which are gathered especially for it.
