

# GREAT FARM BODIES ENDORSE PRESIDENT

National Congress Grateful for  
Peace and Prosperity Under  
Wilson Administration.

LOYAL SUPPORT PLEDGED

Appreciative of Laws Enacted for  
Benefit of Farmers—Illinois Grain  
Growers Voice Like  
Sentiments.

Endorsing President Wilson's foreign policy, and applauding his courage and patriotism, the Farmers' National Congress of the United States, in its thirty-sixth annual session at Indianapolis, on Oct. 17, telegraphed hearty congratulations to the President. It also expresses appreciation of the Administration's "constructive and effective legislation enacted for the benefit of the farmers of America."

The President, unable to attend, sent Assistant Secretary of Agriculture Carl Vrooman to "convey to you my personal greeting and assurances of sympathy and good will. The loyal and effective support which has been given by your organization to further the passage of legislation in the interest of the farmer during the present Administration is most sincerely appreciated."

"Your message of good will has been received with great enthusiasm. This Congress, at Omaha, September 30, 1915, adopted the following Resolutions:

"Resolved,—That this Congress commends the foreign policy of President Wilson, while standing at the head of the American nation during one of the most critical and trying periods of its history.

"Resolved,—That we express absolute confidence in his courage, patriotism and diplomatic ability.

"Resolved,—That we offer him our loyal support in his effort to protect the rights of American citizens and to maintain impartial neutrality."

"The Farmers' National Congress extends to you, as the Executive head of the Nation, its profound gratitude and appreciation of your successful efforts to keep the Nation honorably at peace during one of the most trying periods of its history.

"This body notes with grateful appreciation the constructive and effective legislation enacted for the benefit of the farmers of America during your administration with the loyal assistance of those representatives of all parties who have supported the President in his efforts to promote the general welfare. Accept our sincere thanks and assurances of continued loyalty."

The Farmers' Grain Dealers' Association of Illinois, in Convention at Decatur, adopted resolutions which, in part, stated:

"During the last three years there has been a record of unparalleled achievement in Federal legislation and administration in the interest of the farmer. This association acknowledges with gratitude the endeavors made and results accomplished in behalf of the development of agriculture and the advancement of the interests of the farmer, and tenders its grateful appreciation thereof."

### Lincoln's Cousins for Wilson.

Among the 5,000 Pennsylvanians who journeyed to Shadow Lawn, N. J., on Saturday, Oct. 14, to hear President Wilson speak, were Alfred J. Lincoln and Richard Lincoln of Berks County, Pa. They are cousins of the martyred President and both announced they were going to vote for President Wilson.

### BANK DEPOSITS REVEAL PROSPERITY OF FARMERS

That the farmer is getting a generous share of the national prosperity, is evidenced by preliminary reports from seven states, recently filed with the Comptroller of the Currency, in Washington. These show increases in bank deposits as follows:

Ohio, \$26,000,000;	Kansas, \$12,000,000;
Indiana, \$11,000,000;	Connecticut, \$10,000,000;
Nebraska, \$5,500,000;	Washington, \$4,000,000;
New Hampshire, \$3,500,000.	

Upon Penrose and Roosevelt—a strange combination when you recall 1912 and later, but after all not an unnatural one, when you get to the last analysis of their characters—Republicans are basing their hopes of saving Pennsylvania to Hughes.

One by one the old reliable Republican states are slipping their moorings. Massachusetts and Ohio are about as certain to go Democratic this year as Arkansas and Texas.

Mr. Hughes' voice threatens to give out, but there is one voice, the voice from Oyster Bay, that will continue to go on and on forever.

### Republicans Stamped is New York Word.

New York, Oct. 30.—The New York "Herald," the evening edition of the "Herald," conceded in tonight's issue that Mr. Hughes' campaign managers have been literally stamped by urgent political developments indicating President Wilson's re-election. One article is headed "Republicans in Panic as Campaign Nears End" and says:

"Although every effort is being made to conceal the state of feeling that prevails at Republican national headquarters it is known that the campaign managers are bordering on a panic, and so desperate do they feel today that they are at a loss as to which way to turn. This was the admission of one of the most active members of the Republican national campaign committee. Every conceivable arrangement for the closing of the campaign has had to be rearranged and the 'S O S' signs that are coming in from every Republican State in the middle west have the campaign managers in despair.

The "Evening Telegram" also features another article setting forth that at least one-third of the New York Progressive vote is for President Wilson. Upon this subject it says "that 34 per cent. of the Progressives in this State will vote for President Wilson instead of for

Charles E. Hughes was the admission made today by one of the most prominent Progressives in the city working in the interest of Mr. Hughes. He said today that a canvass of all the enrolled Progressives in the State shows that that proportion was for the President. The fact was a decided shock to him, he said, as he had no idea the percentage would be so large."

Commenting on the "drift to Wilson," which is sweeping the country, the New York "Evening Post," independent, offers editorially the following explanation: "I can think of several reasons why I might vote against Wilson," said a puzzled independent the other day, "but I can't think of one why I should vote for Hughes."

"This puts compactly the extraordinary nature of the present Presidential campaign."

### And Pity 'Tis.

"As nearly as I can make out," said the supercilious person, "he is what they call a literary hack."

"No," replied Mr. Penwiggie, "he is not even a hack. He's a jitney."—Washington Star.

Studebaker Six, Seven Passenger Touring Car \$1085

## Announcement

There will be no change in the present series of Studebaker cars for several months to come. It has not been necessary to make any changes in Studebaker cars to increase their popularity or stimulate public demand.

Even with a great increase in Studebaker production from 5000 cars a month to 8000 cars a month, Studebaker cannot meet the present demand, and there is no indication that it will be able to meet the future demand for some time to come.

The present series of Studebaker cars were first announced to the public in June, 1915. Refinements and improvements were added in January, and the new series at that time called the "17" car.

Since then, no company has been able to dislodge the leadership of Studebaker in its class. No company has been able to offer greater value, higher quality, more power, greater beauty of line, or better riding qualities, than the public finds in the present series of Studebaker cars.

Seventy thousand of these cars have been sold since the original announcement, and the success of these cars in giving satisfaction and service is the one thing which today makes it impossible for Studebaker to keep up with the steadily increasing demand.

The present series of Studebaker cars have been sold in all parts of the world—more particularly in all parts of the United States—and whether the service was in metropolitan centers or on the rough, Rocky Mountain stage routes of the far West, Studebaker cars in power, in stamina, in dependability, in exceedingly low repair and maintenance expense, have established a splendid reputation.

Seventy thousand owners testify to the worth of the present series of Studebaker cars. Is there a better guarantee for you to consider in making your investment in a motor car, and is there greater assurance that the buying of a Studebaker car is a real investment; and if you should care to sell it in the future, is there a better guarantee that you would be assured of the highest possible resale price?

We have just received a liberal shipment of new Studebakers. It will be a pleasure for us to go over the Golden Chassis of this car, point by point, and demonstrate the car against any competitor on any road.
