Many Deer Killed.

Before the opening of the deer hunting season the "Watchman" predicted that the kill this year would be the largest in a long time, and so it has proven. From the most reliable reports we have been able to get there were just 174 deer and 15 bears killed during the season. The best hunting was in the Seven mountains where 106 deer and 7 bears were slaughtered. Some eight or ten does were killed and left in the woods, most of them being spoiled when found. Only one accident occurred, so far as known. A. R. Sholter, of Harrisburg, while hunting near Coburn, fell over some rocks, his gun was discharged and he got a rifle ball through his right hand. Only one deer was gotten by a Bellefonte party, and that was the Gentzell crowd. It was shot by Frank S. Knecht. The complete list of deer killed so far as we have been able to get the reports, and we believe it to be full and accurate is as follows:

Harry Munson Killed in Automobile Accident.

The automobile in which Harry Munson and a companion were driving went over a bank at Munson Station, yesterday afternoon, and turned turtle. Mr. Munson was pinned under the car and instantly killed.

The unfortunate man was a brother of Mrs. William McClelland and the late L. T. Munson, of this place.

Another Alleged Firebug Arrested.

William Kulp, of Decatur township, Clearfield county, was arrested on Monday last week on the charge of being implicated in setting the various fires which devastated Philipsburg the past year. He was given a hearing before Squire Warfel and in default of \$2,000 bail was sent to jail, being brought here on Monday night of last week. Kulp is said to come from a good family but he has been in a number of escapades and each time managed to evade the law and go free.
