between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uremic poisoning occurs and the person dics, and the cause is often given as heart disease, or disease of brain or lungs. on Monday at his beautiful home at State College by entertaining a doz-en of his old soldier friends. Always a true blue American Mr. Hamilton showed his patriotism on this occasion by having the stars and stripes much in evidence both outside and inside his house. Of course one of the features was the big dinner, which was served at one o'clock and every one of the guests did ample justice to it. At the conclusion of the sumptu-

ous repast all retired to the spacious library to inspect Mr. Hamilton's col-lection of old war relics, handed

down from the revolutionary war through generation and generation of the Hamilton and McDowell families. Among them was the pay roll of his grand-father, when he was captain of

a company in the war for independence. He also has a certificate issued

by the Secretary of the Common-wealth on April 5th, 1861, to Capt. J. J. Patterson, of the Juniata cavalry, notifying him that Gov. Andrew G. Curtin had accepted his offer of enlistment as the First Pennsylvania veeks ago.

cavalry, the first troop offered to de-fend the flag. Comrade Hamilton served as sergeant major of the troop through the war and was in the thickest of the fight under General Gregg at Gettysburg when he defeated Gen. Jeb Stewart, of the confederate army.

Comrade Hamilton was a native of Juniata county, coming to State Col-lege in 1869 and enrolling as an ag-ricultural student. He graduated three years later. He accepted a pesition at the college and some time later was made purchasing agent. For a number of years he served as treasurer of the college. In 1902 he was appointed an assistant secretary of agriculture at Washington and put in charge of the farmers' institutes division. Twelve years later he retired and has since been living on his farm at State College. Notwith-standing the fact that he is seventy-four years old he is still a busy man. BOALSBURG.

That Dull Aching

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and achy backs, your neighbors recommend Doan's Kidney

Pills. Read this statement: Mrs. C. Young, Potter St., Belle-fonte, says: "For more than a year I suffered from a dull ache in the small of my back. It was sore and tender and if I bent over, I could hardly get up again. I never felt able to do any housework. I had a languid feeling all the time and in the morning I didn't feel like getting dressed. I was troubled a lot by dizzy spells and the kidney secretions were unnatural. Doan's Kidney Pills had helped so many people around here that I procured some at Green's Pharmacy Co. The first box cured me. It has been three years now since I have had any trouble from my back or kidnevs.
