EAST BRUSH VALLEY.

Mr. and Mrs. W. B. Crebs, of near Rebersburg, were Saturday visitors in our midst.

How about today's weather for next month? Mud and sunshine constitute the top dressing for the present.

Harry McCool and family entertained Spring Mills friends on Sunday.

After an absence of several months we can again admire the warble of robin redbreast.

SNYDERTOWN.

Miss Sancta Dorman, of the Williamsport hospital, has been spending some time at her home but returned to Williamsport on Sunday.

Mrs. Adam Fravel, we are glad to say, is recovering as fast as can be expected. She has been sick with pneumonia for several weeks and her many friends would be glad to see her perfectly well again.

Mr. and Mrs. G. Nevin Hoy and little Bobby are at their parental homes for a short visit. Mr. Hoy had a slight accident to one of his hands and is off duty for a week and they are spending the time in the valley.

Two very interesting mission services were held in the Snyderdortown church on Saturday evening and Sunday morning by Messrs. Whiting, Owens and Jones, students of State College. They are interested in the student volunteer missionary movement and are active workers in that cause. Sunday morning Mr. Whiting gave a talk on the bi-products of missions, while emphasizing the fact that the salvation of souls was the great object of mission work, yet the commercial and other material results make missions worth while.

Mr. Jones spoke on the wonderful opportunity now open in the Orient, Japan, China and the whole East must be Christianized or they may become truly the Yellow Peril. He further stated that had the two hundred million dollars which the United States spent in the sending of troops to Mexico been spent in Mexico for schools and enlightenment how much good might have been done. It would have built a thousand churches and mission stations and the good done would have been invaluable.

Mr. Owens spoke last on mission work in general. While Europe is engaged in the terrible war it becomes our duty to see that mission work goes on. England and Germany have withdrawn most of their men from their stations in the East and they are now financially crippled that it is our duty to continue the work.

"World for Christ" was his theme and his talk was imbued with that spirit. Both services were an inspiration and it certainly is encouraging to know that young men in college preparing for life work are taking so decided a stand for Christ. It also dispenses the charge made in some of the magazines that our colleges are hot beds of infidelity. We certainly enjoyed having these young men with us and trust some good seed has been sown.

PLEASANT GAP ITEMS.

The William Kerstetter house recently vacated by Jared Evey will be occupied in a few days by Mr. Rachau and family.

Mrs. Rachael Noll was called to Bellefonte last week on account of the illness of her mother, Mrs. Tate, but at this writing that lady is very much improved.

Only two applicants took the examination on Saturday who are willing to assume the responsibility of being postmaster at this place. The salary is not sufficient to make the position attractive.

The peewee has been unusually industrious the past few days, which fact has caused considerable hustling among our gardeners. The garden implements are being refurbished and put in readiness for early garden making.

VALLEY VIEW.

School director Hartsock on Saturday fumigated the school house at this place.

James Rowan attended the meeting of the Centre county road supervisors in Bellefonte last week.

Fearon Eckley says that in case of war he will not only fight for America's rights but for socialism also.

Arthur Eckley has solved the high cost of living problem, so far as milk and butter are concerned, by buying another cow.

Talk about preparedness, the boys of this place have their boxing gloves on the go awaiting a declaration of war with Germany. I wouldn't like to be a German treading this soil.

Loyalty.

Loyalty is that quality which prompts a person to be true to the thing he undertakes. It means definite direction, fixity of purpose, ballast and work to health and success.

Nature helps the loyal man. And if you are careless, slipshod, indifferent, nature assumes that you wish to be nobody and grants your desire. Success hinges on loyalty. Be true to your art, your business, your employer, your "house."

Loyalty is for one who is loyal. It is a quality woven through the very fabric of one's being, and never a thing apart. Loyalty makes the thing to which you are loyal yours. Disloyalty removes it from you. Whether any one knows of our disloyalty is really of little moment, either one way or the other. The real point is, how does it affect ourselves?

Work is for the worker. Love is for the lover. Art is for the artist. The mental is a man who is disloyal to his work.

All useful service is raised to the plane of art when love for the asker—loyalty is fused with the effort.

No man ever succeeded in business, or can who "wears the dial off the clock." Such a one may not be disloyal he may be merely unloyal; but he is always ripe for the layoff and always imagines someone has it in for him.

And he is right—everybody and everything including Fate and destiny, Clio and Nemesis has it in for him. The only man who goes unscathed is the one who is loyal to himself by being loyal to others.

Loyalty is the great lubricant in life. It saves the wear and tear of making daily decisions as to what is best to do. The man who is loyal to his work is not wrung nor perplexed by doubts, he sticks to the ship and if the ship founders he goes down a hero with colors flying at the masthead and the band playing.

The hospitals, jails and asylums and sanitariums are full of disloyal people—folks who have been disloyal to friends, society, business and work.

Stick! and if you quit, quit to tackle a harder job. God is on the side of the loyal.—Elbert Hubbard.

Caught on the Fly.

"You are nothing but a big bag of wind," sneered the smart aeroplane. The balloon, in its indignation, swelled visibly. "At least," it retorted, "I am self-supporting."—Boston Transcript.

It Works Well

A Combination That is Doing an Immense Amount of Good This Spring.

A suprelative blood-purifying medicine like Hood's Sarsaparilla, taken before meals, combined with a superlative iron tonic like Peptiron Pills, taken after meals—makes the ideal course of Spring Medicine.

No other medicines possess such curative properties as these two great restoratives working together.

They reach the impure, impoverished, poisoned, devitalized blood, and the worn, run-down, overworked, exhausted system. They awaken the appetite, aid digestion, purify and vitalize the blood, give renewed strength to the whole body, produce sound, natural sleep, and a complete restoration to good health—the greatest of all earthly blessings.
