RED CROSS DRIVE NOW ON.

Residents of Bellefonte Engaged in a Campaign to Enlist One Thousand Members.

A good sized crowd gathered at the court house last Friday evening in response to a call to organize for Red Cross work. Col. J. L. Spangler presided and Miss Katherine Musser acted as secretary. Col. Spangler warmly advocated a complete organization for the work and outlined the difference between a Red Cross Chapter and an Auxiliary. One of the principal features is that to organize a Chapter is attendant with more ex-

pense and detail work, while half the money contributed can be devoted by the Chapter to whatever Red Cross work it sees fit. An Auxiliary is required to turn over to the Chapter with which it is affiliated all the money collected.

After Col. Spangler had thoroughly explained both the meeting was thrown open for discussion and quite a number of those present took occasion to give their views on the matter. In- week.

asmuch as the advocates of each branch of the work seemed to be about of equal strength it was decided to make a canvass of the town and county in a campaign to enlist at least one thousand members and on motion the chairman appointed the following ten ladies and gentlemen as the captains of ten teams to make the canvass:

Mrs. John Curtin, Miss Mary Blanchard, Mrs. R. S. Brouse, Mrs. D. H. Hastings, Mrs. Odillie Mott, Mrs. Mollie Valentine, James R. Hughes, Edmund Blanchard, Jonas E. Wagner and Mrs. J. Thomas Mitchell. Each of the captains appointed a committee of ten to do the canvassing and the big drive started early on Saturday morning. In fact one young

School Children Now Bank Depositors.

The educational thrift service inaugurated in the Bellefonte public schools last Friday started out very favorably. The first day's deposits amounted to just \$48.84. This amount came from 162 school children, about twenty-one per cent. of the total attendance. Quite a number of pupils failed to make a deposit because they overlooked it while some, of course, may not have been in a position to de-
