## THINGS ABOUT TOWN AND COUNTY

Sun Brother's circus has cancelled its date to show in Bellefonte on June 13th.

Edward H. Richard has received his new Franklin touring car, has his new garage completed and is now a full-fledged motorist.

Charles Keichline caught a twelve inch trout yesterday morning while fishing out of the window of their cigar store over the race.

The County Commissioners have purchased new flags for the court house. One 5x7 to decorate the interior and one 10x15 for the outside.

James C. Witmer, who was seriously injured in a railroad accident at Milesburg several months ago, was able to leave the Bellefonte hospital on Monday.

There will be a festival at the Houserville school house on Saturday evening, June 23rd, given by the True Blue Communion club. All are cordially invited.

Now that registration is over the next thing on the government's program will be the first draft, and it is just possible that it will be made within a fortnight.

The members of the colored band with the Coop and Lents circus on Saturday had their registration cards made out by Sheriff Yarnell and mailed them back to their home towns.

The time of year is almost here for family reunions, and the Korman family will hold theirs on June 23rd, at Grange park, Centre Hall, while the Poormans will reunite in the Kohlbecker grove at Milesburg on June 30th.

Cards have been received in Bellefonte announcing the marriage on Saturday, June 2nd, of Miss Elizabeth Platts, daughter of the late Rev. and Mrs. J. Allison Platts, of Wilkensburg, to Lincoln Bates Breed Love, of the same place.

The five year old son of Mr. and Mrs. Austin Watson, of Coleville, was bitten on the right arm, chin and right cheek by C. E. Dorworth's collie dog on Sunday. The wounds were promptly cauterized and the dog penned up to see if rabies will develop.

Among the graduates at the annual commencement of the University of Pittsburgh on Wednesday of next week will be Miss Mabel F. Arney, a daughter of Mr. and Mrs. Charles Arney, of Centre Hall, who will graduate in the class of pharmacy.

Guy Shreffler and a boy named Moyer, both of Pleasant Gap, became enamored with circus life last Saturday and ran away with the show when it left Saturday night. On Monday Sergt. Harry Shreffler went to Mt. Carmel and brought the boys home on Tuesday.

The five members of Troop L who went to Fort Niagara last week to begin training for the officers' reserve corps, expect to be sent to Ft. Meyer, Va., within a week or so, as that has been designated for training purposes for officers designed for the cavalry units.

The annual prize debate at the Bellefonte Academy will take place this (Friday) afternoon at two o'clock. The question to be discussed will be: "Resolved, That the United States government should control production and distribution, wholesale and retail prices, of all food supplies until the end of the war."

On Monday afternoon Matthew Wagner was arrested by chief of police Harry Dukeman for fishing from the pavement along Spring creek, notwithstanding the fact that he knew it was against the decree to do so. He was locked up until Tuesday afternoon when he paid a fine of ten dollars and costs and was discharged in time to register.

Frank L. Wetzler is now busily engaged in drilling his new "Our Girls" band which has forty-five members. He feels certain of having them in shape to make their first public appearance on July 4th, dressed in their new middie uniforms. All the girls are less than seventeen years old and all but one are residents of Milesburg and vicinity.

Enroute to Bellefonte on Saturday morning to see the circus Charles Witmer and sons Roy and Lincoln, of the Branch, had an auto accident on the road near the fish hatchery. Mr. Witmer lost control of the steering wheel and the car ran up a bank and upset. All the occupants were thrown out and received a number of cuts and bruises but no serious injury. The auto was only slightly damaged.

An attempt was made on Tuesday night to rob Montgomery & Co's branch store at State College. An entrance had been effected into the room but the would-be robbers were evidently frightened away before they could secure any plunder. Two young men caught loitering near the rear of the store were arrested. They gave the names of Williams and Norris. They were given a hearing on Wednesday evening before Squire S. Kline Woodring but were discharged for lack of evidence.

## BIG MILITARY REGISTRATION IN CENTRE COUNTY.

Number is Hundreds in Excess of Annual Enrollment. No Trouble of Any Kind.

Centre county again proved her patriotism on Tuesday by a total registration of 3158 eligibles for army service between the ages of 21 and 30 inclusive. This is over eight hundred in excess of the number appearing on the military enrollment of 1917. To be exact, the list published in the "Watchman" last week, which did not include the enrollment in the first and second wards of Philipsburg, totalled just 2155 names, while the registration shows 1003 more. This big increase is accounted for by the unusual registration in State College borough, Spring, Snow Shoe and Rush townships. Three townships returned a registration exactly with the list as published in the "Watchman" last week. Four townships were a few below the list while the others showed what might be termed a normal increase from the influx of labor and young men attaining the age of twenty-one after the last military enrollment was made. Just 27 colored men registered in the whole county.

So far as the registration was concerned there was no holding back on the part of anybody. In fact the larger part of the registration in most of the districts was made in the morning and at nine o'clock in the evening there was no crowd in waiting. The only place in the county where anything occurred was at Julian in the morning, but it was more a misunderstanding than anything else and was soon straightened out without any trouble resulting.

At three places in the county the registrars ran out of cards in the afternoon, but sheriff Yarnell hurriedly supplied them with more and the work proceeded smoothly. The registrars were prompt in making their returns on Wednesday morning but it was an all day's job for the sheriff and a number of assistants to go over the cards and check them up to be sure that everything was right and in order.

Naturally there is considerable curiosity as to what will be done with Tuesday's registration cards. Just now the sheriff and a large force of volunteer assistants are hard at work making exact duplicates of every card. When this is done the originals will be filed away in the vault in the Commissioner's office and the duplicates will be forwarded to Washington where they will all be properly tabulated and it will be from them that the government will make up its list of Centre county residents liable to conscription. Before any draft is made, however, an exemption board will be appointed and if any man is drafted who can show good reasons why he should be exempt, the board will act upon the same.

A patriotic incident happened in the West ward on Tuesday when a well-dressed, neat looking young Italian presented himself for registry. The first question he was asked was his age and when he replied twenty years, the board told him he was too young. But this didn't suit his purpose, as he vehemently declared that he wanted to register so he could "go fight for country." In fact he got very much excited and finally the board told him to go and enlist if he wanted to fight. The young man immediately asked where, and on being told the army he started for there forthwith.

As information for "Watchman" readers we publish below a comparative table of the number of names in each district as published in this paper last week and the total registration. The former will be found in the first column and the latter in the last. Compare them and you will be able to see just how your own district showed up on registration:

## TIME EXTENDED.

Governor Brumbaugh has directed me to extend the time when those who failed to register on June 5th may register, without prosecution, until Saturday, June 9th, inclusive.

After that date proceedings to apprehend the slackers will be begun.

Determined not to be caught in the same predicament that property owners were last winter Dr. J. M. Brockerhoff is arranging to install a steam heating plant in the Brockerhoff house and also put a boiler in his own residence on the corner of Bishop and Spring streets. In fact the very uncertainty of the steam heating plant being operated next winter will likely compel many others to do likewise.

Registration day is over and the returns show such patriotism in Centre county as in former years, and the attendance at the Scenic demonstrates that there are just as many people interested in good motion pictures today as there were four or five years ago. Of course the reason for this interest is because manager T. Clayton Brown exhibits only the best pictures obtainable. Don't miss any of them.

Who will volunteer to purchase the yarn for sweaters for the members of Troop L? The Daughters of the American Revolution are asking for money and knitters. 103 sweaters are necessary to equip the company, at a cost of \$1.50 per sweater. A special plea is made to those men who are exempt from service by reason of age or disability. Contributions will be gladly received by Mrs. John Curtin. Please act promptly.

Charles Leo Campbell, of Harrisburg, a brakeman on the Pennsylvania railroad, got off his train at Jersey Shore on Monday night to adjust the air brakes and in attempting to get on the train after his work was done fell and got his left leg caught under the train and badly mangled. He was found sometime later by an operator and sent to the Williamsport hospital where the crushed leg was amputated below the knee. Campbell has on various occasions worked as a brakeman on the Lewisburg & Tyrone railroad and taken his meals at a Bellefonte boarding house, hence is well known by a number of people here.

Bellefonte people will be interested in learning that John J. Bayard, a former Bellefonte boy, is now connected with the Hearst Syndicate as manager of the Oakland, California, branch of the Oakland "Examiner," which has a circulation of about fifty-two thousand. Mr. Bayard has been there about a year and says that things are booming in that city. Oakland has five very large shipbuilding plants and each of them has some government contracts. He also says the crops in California were never better. In order that he may again get in touch with the people and happenings of his home town Mr. Bayard ordered the "Watchman" sent to him regularly.

Don't deride the government garden seeds that your Congressman is liberal enough to distribute free. The "Watchman" was the medium through which a number of the seeds were distributed this spring and among those who got a package was John I. Thompson 2nd, son of Mr. and Mrs. George Boal Thompson, of Alto. Wednesday morning he sent to this office two bunches of as fine radishes as any person would want to eat, and they were vegetables grown by himself from the government seed received from this office. It is needless to say that we appreciated the radishes and hope that John will have as good success this summer with every seed he plants.

The Centre County Association of Philadelphia has sent out announcements of its annual picnic to be held on the edge of Belmont Mansion plateau, Fairmount park, Philadelphia, on Saturday, June 16th, 1917. Old and young Centre countians, their families, friends and visitors are invited. The gathering will be "the genuine, old-fashioned basket kind, each family bringing their own sandwiches, hard-boiled eggs, apple pies, etc." A surprise package will be given each man, woman and child present, if they notify the secretary, Dr. John Beale, of 41 south 15th street, Philadelphia, in advance. The hour set for the luncheon, speeches and election of officers is 4:30 p. m.

The Pennsylvania railroad company has sent out advance announcements that in order to meet the enormous demand of food, coal, traffic in the moving of food, coal, government materials and troops it will be necessary in the near future to completely rearrange the passenger traffic. This will be done by the consolidation of passenger trains and doing away with others that are at present the least patronized. The rearrangement will not only affect the main lines but all branches. The plan has not yet been worked out but as soon as it is an announcement of the changes will be made. While it would be premature to even predict what changes will be made on the Bald Eagle valley it is only just to conclude that it will be affected as well as other branch roads.

The return trip may perhaps include a few days at Chautauque, Boyceville, Tan, E. A. and Niagara, thence West by the lake route. Miss Harlacher has been for fourteen years, secretary to Dean L. E. A woman who gave her name as Mrs. Della Sarvia, and claimed that she at one time lived in Bellefonte attempted suicide at the home of Mrs. Burnett, near Lock Haven, between three and four o'clock on Sunday morning, by taking a quantity of potash. Quick work of physicians saved her life. Despondency over desertion by her gentleman friend was given as the cause of her rash act.
