New Rector for Bellefonte Parish. Right Rev. Eugene A Garvey has appointed Rev. Father Downes, for several years past rector of the St. James Catholic church at Bedford, as pastor of St. John's Catholic church of Bellefonte, as a worthy successor

to Rev. Father McArdle. Father Downes is the son of Mr. and Mrs. John Downes, of Tyrone. After a thorough collegiate course he pursued his theological studies at Mount St. Mary's College, Emmittsburg, and was ordained to the priesthood about a dozen years ago, celebrating his first mass in Tyrone. He has been engaged in his high calling within the bounds of the Altoona diocese ever since, most of the time being

spent at Bedford. Father Downes won his appointment to the Bellefonte parish by attaining highest rank in an examination conducted by the Bishop, in which four priests were competitors. The Bellefonte parish is considered one of the most important in the Altoona diocese. A few years ago the rectorship was made irremovable for Father McArdle but whether it will continue as such under a new rectorship is not known. The removal of Father Downes from Bedford will necessitate other changes in the location of priests within the diocese which will probobly be made and announced in the near future. It is not known at the present time if Father Gallagher will be continued in Bellefonte as an assistant to Father Downes or be assigned to another parish.

Philadelphia Girl Aboard Ship Sees U-Boat Attack the Vessel

London, June 27.-Two American girls were among those who got the thrill of their lives last Saturday night, when the American liner on which they were journeying to England was twice fired upon by a German submarine.
They were Miss Helen Cabell, who

is a student of Miss Baldwin's school in Philadelphia, and Miss Elinor Schiff, of New York.

At 11.30 the submarine alarm, they said, was sounded. The wake of a was likewise plainly visible, but disappeared before the guns could be

"Half an hour later," said Miss Cabell, "the submarine reappeared and once again launched a torpedo. This one missed, too. Our aft gun replied with three shots, but all apparently missed because of the difficult angle. The U-boat submerged immediately.
