-An urgent request for jellies and preserves for the hospital was night. Owing to the constant need of every woman of the county to remember this when preserving.

-Treasurer Harry C. Valentine this week received the following contributions to the Troop L auto truck fund: Mrs. S. C. Reed, of Clearfield. \$5.00; Mrs. James Noonan, \$2.00, and Mrs. Harry Walkey, \$1.00, a total of \$69.00 he now has on hand or a grand total of \$394.00.

-Lock Haven has organized a lance company under the leadership of Dr. G. G. Green, but they are short two physicians. Any practitioner who reads this item and wants to volunteer for service in France can get an opportunity with the above company.

-Just 203 tickets were sold at the Bellefonte station for the Niagara Falls excursion last Saturday evening; and this notwithstanding the fact that the train came off of the Lewisburg branch with six car loads. The train left Bellefonte with eleven cars crowded, and two locomotives.

-Grandmother Henrietta Dale. of Ferguson township, was tendered a birthday party yesterday at the home of her son, Charles Dale, on the Branch, in honor of her seventyeighth anniversary. Quite a number of guests were present for the occasion and the event proved a very delightful one.

The rumor, of course, was groundless.

-Owing to some repairs being made at the pump at the Phoenix station on Monday the reservoir ran dry and the Water committee took advantage of that fact to give it a thorough cleaning. The absence of water in the reservoir made it very inconvenient for the people living on the high spots in town as they had water only by spurts during the whole day.

-Fred Roush, a Pine Grove Mills young man who is a member of Troop L, met with a bad accident at Altoona on Wednesday while following his occupation of a railroad brakeman. He was taken to the Altoona hospical for treatment.

-County Commissioner D. A. Grove, accompanied by his young son Gilbert, brought to this office on Tuesday a box of delicious red oxheart cherries picked from his tree that morning. Our appreciation of the kindly remembrance was all the greater because of the fact that Commissioner Grove's crop of cherries this year is very limited, contrary to the expectations early in the year.

> No Fourth of July Celebration. Wednesday of next week will be the Fourth of July, the one hundred and forty-first anniversary of the declaration of Independence and now we are on the threshold of joining forces with the allied European governments to fight for the independence of the nations now enthralled with the iron grasp of autocracy. The glorious Fourth has always meant a day of special rejoicing and celebration but this year Bellefonte has made no plans to that end. In fact but few towns and cities are planning anyprobably prolonged war should lead

fitting that no celebration be held. It was the hope of many Bellefontbe able to make its appearance on the Methodist congregations. Fourth, but the members have been so retarded in their practice work by the ments at the time desired, that they will be unable to make their debut on that day, hence the pleasure will have to be longer delayed. But the "Watchman" will pledge the word of the citizens of Bellefonte that if any other band volunteers to give a patriotic concert that day, at a time to suit the members, it will be highly appreciated.

As to the alarm, it aroused a large number of people out of their early sleep, while others failed to hear it. So there you are.

On Tuesday morning some unknown fisherman was fishing from the island above the falls in defiance of the posted notices that fishing there is forbidden. Whether he caught any the writer does not know. ### FOR AN INDUSTRIAL ARMY. Boys and Youth of the Land to be

# Fully Organized.

The first steps have been taken by the National Council of Defense towards organizing the great army of boys and youths in the land into a unit of industrial workers. The first inkling of this fact came to Bellefonte on Tuesday when Col. H. S. Taylor received through the Public Safety Committee of Pennsylvania an inquiry from the head of the National Council of Defense in Washington, as to whether he would undertake the task of organizing the boys of Centre county between the ages of 16 and 21 years into companies of twenty-five each. See that each company was properly officered and drilled at least once a week.

Each boy will be required to take the oath of allegiance as binding as that of the soldier entering the army. The purpose of so organizing the boys is to use them on the farms and in industrial plants wherever their services may be desired. Whenever so employed they are to be paid a regular wage and in this way it is hoped for possible service in connection with the to solve any shortage in the labor situation that may result in the con-

scripting of men for the army. Of course the movement has not yet progressed far enough to give any definite statement of how it will be done, but that plans to such an end have already been made is evidence that the United States government is arranging for any and every contingency. And when the call comes for such an organization let the boys of the country respond as nobly as their elder brothers are responding to the call to the colors. In that way they will be doing a very important "bit"

to carry the war to a successful issue. Bellefonte Academy Prize Winners. The prize winners at the Bellefonte Academy during the school year just closed were as follows:
