GUARD ORDERED NATIONAL OUT.

Will Mobilize Sunday and be Drafted Into Federal Service August 5th.

Washington, D. C., July 11.—The last step necessary to make the entire National Guard available for duty in France was taken on Monday by President Wilson with the issuance of a proclamation drafting the State troops into the army of the United States on August 5.

To make certain that the purpose of the national defense act is carried out, the proclamation also specifically declares the men drafted are to be discharged from the old militia status on that date. In that way the constitu-tional restraint upon use of militia outside the country is avoided, and the pital Sunday morning at three o'clock, way paved for sending the regiments to the European front.

sections of the country are called into the federal service as national guardsmen in two increments, to be mobilized on July 15 and 25. Many units already are federalized and presumably they will be mobilized with the other to their concentration camps without congestion, and to the same end the division of States into these increments was revised from the original schedule.

The operative date of the draft was delayed until August 5 so that all reg-iments can be taken into the army simultaneously.

Fourteen camp sites for the sixteen tactical divisions into which the guard will be organized for war purposes have already been selected and the and department council of the Independmilitia bureau is preparing the railthese actions than in the other.

Besides the amendments to the Besides the Be food bill proposed by Senators Gore machine will be properly punished. and Cummins will deprive the treasthey are approved assignment of regiments to camps and divisions cannot be fully worked out. The only two divisions positively assigned, the Nineteenth, including the California \$250,000,000 and the revenue bill to the layor which resulted in his lorder to give the Kaiser's forces a guards, which will go to Linda Vista, in order to give the Senate Finance nomination for Governor three years in order to give the Kaiser's forces a guards, which will go to Linda Vista, in order to give the Kaiser's forces a guards, which will go to Linda Vista, in order to give the Kaiser's forces a guards, which will go to Linda Vista, in order to give the Kaiser's forces a guards, which will go to Linda Vista, in order to give the Kaiser's forces a guards, which will go to Linda Vista, in order to give the Kaiser's forces a guards, which will go to Linda Vista, in order to give the Kaiser's forces a guards and the cannot be a supplied to th egon, Washington, and other States

> results and consequently in spite of West Virginia, Michigan, Wisconsin, Minnesota, Iowa, North Dakota, South Dakota and Nebraska are called July

15th. Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey, Delaware, Maryland, District of and Mrs. Thomas Peeler, of Johnstown, Columbia, Virginia, North Carolina, and includes 171 acres of coal land, tipple, South Carolina, Tennessee, Illinois, Montana, Wyoming, Idaho, Washington and Oergon are called.

The members of the national guard

All persons drafted shall on and from the fifth day of August, 1917, stand discharged from the militia, and, under the terms of section two of the act of May 18, 1917, be subject promotions, so far as such laws and regulations are applicable to persons whose permanent retention in the military service on the active or retired list is not contemplated by law. OFFICERS TO HOLD COMMISSIONS.

The members of each company, bat-

talion, regiment, brigade, division or other organizations of the national guard drafted into the military service of the United States shall be embodied in organizations corresponding That is certainly going the limit in English coast have had a terrifying the ground. A watch has been kept to those of the regular army. The ofof said organizations of the national guard who are drafted and whose officers are provided for in like organizations of the regular army, are hereby appointed officers in the army of the United States in the arm, staff, corps or department, and in the grades in which they now hold commissions as officers of the national guard, such appointments to be effective subject to acceptance, on and from the fifth day of August, 1917, and each of them, subject to such acceptance, is assigned as of said date to the organization in the army of the United States composed of those who were members of the organization of the national guard in which at the time of draft he held a commission. NO CHANGE IN "NON-COMS."

The non-commissioned officers of the organizations of the national the volunteers fire department. The loss, guard, the members of which are it is estimated, will reach between ten and hereby drafted, are appointed noncommissioned officers in their present grades in the organizations of the army composed of said members and shall in each case have the same relative rank as heretofore; and all other enlisted men are hereby confirmed in the army of the United States in the grades and ratings held by them in the national guard in all cases where such grades and ratings correspond to grades and ratings provided for in like organizations of the reg-ular army, all such appointments of non-commissioned officers and confirmations of other enlisted men in their grades to be without prejudice to the authority of subordinate commanders in respect of premotions, reductions and changes in enlisted personnel. (Continued on page 5, column 1.)

SPAWLS FROM THE KEYSTONE.

-Governor Brumbaugh has approved the Stern bill fixing the date of the September primary for the third Wednesday instead of the third Tuesday. This change affects only the primary in odd-numbered years, and was made because of a Jewish holiday falling in the third Tuesday of September.

-The electric power line now being erected by the Harwood Electric company over the Susquehanna below Danville has a span of over 1,700 feet. The wires, half an inch in diameter and made of nineteen strands, are being stretched from two large towers, each seventy-five feet high. One tower stands 426 feet higher than the other.

-Elsie Grace, the interesting young daughter of Mr. and Mrs. Grant Watkins, of Osceola, who was badly burned on the evening of July 4th while playing with fireworks, after suffering very much, died on Monday morning at 12:30 o'clock. The sad affair was a great shock to the parents, who will have the sympathy of their many friends.

-For the first time in its history the Pennsylvania Railroad company is employing women in its mechanical department. Seven young women are working in the Conemaugh round-house. The employment of female labor is part of the war policy of the railroad and is necessitated by the large number of men enlisting in the army and navy.

-Cornelius F. O'Dea, veteran fireman, and for seventeen years captain of No. 3 Engine company of the Williamsport fire department, died at the Williamsport hosfrom injuries sustained when he was thrown from a chemical truck at the intersection of First and Park avenue, Saturday night, at about 9:45 o'clock.

-John George Cuprez, of Blue Ball, while engaged in digging fire clay in the mines between Blue Ball and Wallaceton, was killed on Saturday morning by a fall of rock. The unfortunate man, who was aged about 29 years, leaves a wife and one child, besides other near relatives. He had

ed the petition of District Attorney Sharpless for a rule to show cause why the Conyngham township school directors, William J. Fennessy, Richard Kane, Hiram Watson, Martin Monahan and Anthony Mohan, should not be ousted from office. The petition alleges they let a contract for two stoves for the Wilburton school, costing \$436, without publication or competition.

-Because of the inadequate hotel facilities cancellation of the grand encampment ent Order of Odd Fellows of Pennsylvania to have been held at Oil City in October, was announced on Monday after a conference between George B. McDowell, of Pittsburgh, Grand Patriarch of the Grand Encampment, and members of the local committee. It was not decided where the convention will be held.

-Among the changes effective July 1st nade by the Pennsylvania railroad was the transfer of W. Vernon Betts, supervisor on the Lewisburg & Tyrone R. R., to the Shamokin division, and he will be succeeded by R. A. Kleim, who goes to Lewisburg from Vernoa, near Pittsburgh. Mr. Betts has been in charge of the branch system for the past two or more years and was quite well known in Bellefonte from his frequent business visits here.

-A \$75,000 coal deal was closed at Indiana, Pa., last Tuesday when Vernon F. On July 25, 1917, Maine, New Taylor, of Indiana, bought the operation of the Caldwell Smokeless Coal Co., near Dilltown. The plant was owned by Mr. etc. Mr. Taylor assumed charge of the plant that day. The Caldwell Smokeless Coal Co. was chartered last March and began active operations a short time later.

-W. E. Groner, of Sunbury, was severely burned about the face, arms and feet on Monday morning when he came in contact with a high tension wire carrying about 16,000 volts at the power plant of the Northumberland County Gas & Electric company. Groner was helping put in a switch when he came in contact with the wire. One of the men who was working near pulled the unfortunate man loose and applied first aid. The injured man was taken to the Mary Packer hospital at Sunbury and it is thought he will recover. The accident occurred about nine o'clock in the morning.

-While a Pennsylvania train was passing between Cresson and Sankertown Saturday about midnight, a brakeman discovered a man running from the stable on the property of David Pfiester, in Sankertown. A few moments later he saw flames shooting from the roof of the building and before the spread of the flames was halted, Pfiester's general seore, residence, warehouse and stables were in ruins, a horse and other animals being cremated, while the hotel of George Horten and several nearby buildings were damaged. The loss is in the neighborhood of \$25,000 partly covered by insurance.

-Residents of the town of Jenner, Somerset county, were awakened early Saturday morning to witness what is considered to be the largest and most destructive fire in the history of the town, the fire, the origin of which is unknown, is said to have started in the motion picture theatre owned by Joe Polimena, and thence spread to the stores owned by Polimena and Dominick Direnzo, all three buildings burning to the ground. The Direnzo family, who occupy a flat above the store were asleep when the fire broke out and for a time were in danger of suffocation, but were later rescued by the members of fifteen thousand dollars.

-The Latrobe Coal company, with operations near Hillside and which is controlled by the Messrs. Graff, cf Blairsville, has added to its extensive holdings by the purchase of 900 acres of mineral and 390 acres of surface land, including the property of the Inland Coal Co., owned by Greensburg people. The consideration is said to have been in the neighborhood of \$800,000. The company has started a new opening on the Brenizer farm, the construction of 150 houses for the families of employees and is making other improvements that are intended to double the capacity of the plant. Persons acquainted with the plans of the corporation say the new coal town will be one of the most important along the Pittsburgh division of the Pennsylvania railroad within the next few years.
